

SEE HUGHES VICTORY WITHOUT EVEN BREAK IN DOUBTFUL STATES

New York, Oct. 28.—Wilson has the truth; Hughes has the votes. The apathy of the present campaign exists largely in the minds of the politicians.

The laboring men are giving more consideration to the larger issues than to class issues. There is a growing realization among them that Charles E. Hughes said something when he remarked that the best friend of labor was the friend of justice.

Party Lines Loosening Reports have been received at both headquarters indicating a loosening of party lines. The Republicans and Democrats are showing some defection from the Republican ranks for Wilson; the Democratic reports show some defection from the Democratic ranks for Hughes.

It has lately been made plain to the laboring men of the country as well as the businessmen that the choice now is between an inefficient administration and an efficient administration; between a tariff for revenue only which produces higher cost of living and a tariff which will protect industry and wages; between heavy taxation and freedom from taxation; between national weakness and national strength and resolution.

Governor Speaks For Hughes in N. Y.

Governor Brumbaugh in a speech at New York City last night declared that the election of Charles E. Hughes to the presidency was essential if America was to have a dignified place in the world. "We have a perfect right to demand such a consistent, steadfast and dignified foreign policy as will insure permanent peace throughout the civilized world. We have never been in any danger of war, and the fallacy of the 'red road' President Wilson has kept us out of war is so obvious that it ought not to catch even the most stupid. What we want is not a vacillating and uncertain truckling to the changing conditions of other countries, but a policy so clearly out and definitely announced and of world interest as to make us loved at home and revered abroad. This attitude of the administration is the only permanent and potential safeguard of our permanent peace and prosperity."
