**FLUSH KIDNEYS WITH SALTS IF BACK IS ACHING**

Noted authority says we eat too much meat, which clogs Kidneys.

Take glass of Salts when Kidneys hurt or Bladder bothers you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

**ASTHMA SUFFERERS**

MAKES BREATHING EASY

In New England where Bronchitis, Asthma and other diseases of the throat and lungs are so common, some wonderfully speedy recoveries have recently been effected by the use of a treatment known as Oxidize, first introduced by Dr. Eugene Howard, a prominent Worcester physician.

Oxidize, which is a powerful, but highly concentrated combination of curative agents, comes compressed in a small tablet which the patient dissolves in the mouth. One of these simple and pleasant tasting tablets put in the mouth just before going to bed clears out all the choked up air passages, soothes the irritated bronchial tubes and enables the asthmatic sufferer to breathe easily and naturally while lying down and to get a comfortable night's sleep. Oxidize tablets are harmless, contain no dangerous habit-forming drugs and are not at all expensive. G. A. Gorges and many other druggists sell them and agree to refund money to any purchaser who does not obtain successful results from their use. This certainly makes their test an assurance to all who suffer from Asthma or Bronchitis.—Advertisement.

Important Recreation Work Is Aided by State Through Its Forests

State authorities have given leases for close to 300 camp sites on State forests. Forty more are awaiting survey and payment of rental and applications for sixteen will be acted on at the meeting of the State commission on Friday. It is estimated that almost 400 leases will be granted before the end of the year and that between 3,000 and 4,000 people, in addition to the small army of temporary campers, will be using the State forests regularly as recreation grounds.

Lessees of camp sites are permitted to erect permanent camps on leased areas and an increasing number is being built every year. The camps vary in style from log cabins to noncombustible steel houses. They are usually located miles from the nearest settlement and are proving to be a great convenience to the men of the State forest service when they are obliged to spend a night far back in the mountains.

The location of the largest number of leases is a fair guide to the best hunting, fishing and outing grounds of the State. Huntingdon county leads with 43 leases; Clinton county has 40; Pike, 36; Clearfield, 28; Mifflin, 27; Centre, 26; Lycoming, 21; Union, 18; Elk and Potter, 17 each, and Cameron, 14. The remaining number is divided among nine counties. There is small danger of overcrowding, for the number of leases could be trebled and there would still be an average of over a thousand acres of State forest for each camp.

Rentals vary from \$3 to \$15 a year, being based on the desirability and accessibility of the camp sites. The average rental is about \$5 a year. The Commissioner of Forestry has ruled that leased camps may be occupied by any number of persons at any time and that no application need be made for a camping permit to occupy a leased camp.
