PERSONAL AND SOCIAL NEWS

Girls of State Board Meet Ghosts in Cellar

The girls of the State Livestock Sanitary Board gave a Hallowe'en party at the home of Miss Mary Butterworth, 211 Forster street last night. The house was elaborately decorated with black cats, witches, and owls all over the walls with streamers of black and yellow crepe paper festooned from the chandelier to the corners of the ceiling from which were suspended little yellow pumpkins. The guests came in masque and were met at the door by a Yama-Yama girl and escorted around to the rear of the house where they entered the cellar and were greeted by Miss Butterworth who with the assistance of a flash light escorted each one to a chair. The cellar was in total darkness except for the ocasional flash light. Miss Jean Rauch told a ghost story during which there were numerous groans and queer things creeping around the floor. At one point in the story the light was thrown on a corpse in a coffin from which a snake slowly moved its head upwards. At the same time some of the girls were hit with a broom and one covered with phosphorus gave a weird dance which barely missed being the cause of a call for the ambulance.

They were a delighted bunch when they were allowed to go upstairs where at nine o'clock a most elaborate three-course supper was served. There were many tricks played during the evening and the girls though reporting a wonderful time confessed to-day that they were glad to get out of the atmosphere where witches fly, owls hoot and the dead come back to life.

Those present were Miss Jean Rauch, Miss Dorothy Dyer, Miss Mabel Shelley, Miss Mary Burkholder, Miss Celia Hinkley, Miss Sara Kauffman, Miss Sara Eppley, Miss Mae Lutes and Miss Katherine Spofford.

Miss Mirabelle Jameson of Cincinnati is a guest of her cousin, Miss Pearl Brown of North Third street.

Mrs. Farley Gannet of Second and Woodbine streets entertained informally at luncheon this afternoon for Miss Agnes Schoch of Selinsgrove who is visiting her sister, Mrs. Samuel Wittenmyer.

Mrs. David J. Hetrick of 54 North Thirteenth street is home after visiting in Overbrook and Philadelphia.

A Message To Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds of Solid, Healthy Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point. Geo. A. Gorgas and other good druggists have Sargol or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.—Advertisement.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRHAL DEAFNESS AND HEAD NOSES

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrhal Deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, Sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever, effect a permanent cure. This being so, much time and money have been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parmint (Double Strength), about 75c worth. Take this home and add to it ¼ pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, headaches, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person, who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial.—Advertisement.

DEAD ON HIS FEET

GOLD MEDAL Haarlem Oil Capsules will bring new life and quickly relieve that stopped-up congested feeling. They will thoroughly cleanse and wash out the kidneys and bladder and gently carry off the ill effects of excesses of all kinds. The healing, soothing oil soaks right into the walls and lining of the kidneys and expels the poisons in your system. Keep your kidneys in good shape by daily use of GOLD MEDAL Haarlem Oil Capsules and you will have good health. Go to your druggist at once and secure a package of this time-honored, world-wide remedy. It is not a "patent medicine." It is passed upon by U. S. Government chemists and declared pure before coming into this country. GOLD MEDAL is the pure, original Haarlem Oil, imported direct from the ancient laboratories in Holland, where it is the National Household Remedy of the sturdy Dutch. Look for the name GOLD MEDAL on every box. Accept no substitute. Your druggist will gladly refund your money if not as represented.—Advertisement.

Commonweal Club Enjoys Bell Telephone Courtesy

Last evening the members of the Commonweal Club of the Y. W. C. A. were the guests of Mr. Watts, the local manager of the Bell Telephone Company, and three of his able assistants. The party was divided into groups of six and, under leadership of the guide, started on the tour from different parts of the building. To fully comprehend the mechanism of the telephone is not within the scope of the everyday business woman, but she is quick to perceive the importance and necessity of every detail of this intricate system being in perfect harmony. On each telephone wire there are over 300 soldered connections, and it is small wonder that there is occasionally "trouble on the wire." The visit to the room where the switchboard is operated is the most interesting of all. Here each operator receives between three and four hundred calls a day, many of them coming simultaneously. The great lesson impressed upon each observer is that the operator is entitled to every consideration and that the prompt service which almost constantly prevails should be greatly appreciated.

The Bell Telephone Company has undoubtedly shown its appreciation of the service rendered by its operators, for it has provided a luxurious room where they may rest or read or play games at certain periods and a dining room where the girls will be able to purchase a wholesomely prepared lunch at a nominal cost.

Everyone should take advantage of the opportunity afforded them to visit the exchange at 210 Walnut street. Visiors are welcome at any time and a guide is always ready to offer his services.

The members of the Commonweal Club greatly appreciate the cordial reception, courteous attention and the beautiful chrysanthemums and souvenirs given to them by the Bell Telephone Company.

NO NEED TO FEAR BALDNESS

Tells How to Make Hair Grow Thick and Lustrous on Bald and Thin Spots

Thousands of men and women are growing bald every day and don't know the reason why. This is indeed a pity, says a hair specialist, who states that baldness usually comes from carelessness, and that anyone who gives the hair just a little attention should always have an abundance of good, healthy hair. Dandruff and dirt cause baldness by clogging the pores in the scalp, and giving the dandruff germs fertile ground for prolific breeding.

The treatment is very simple; remove the dirt by shampooing at least once in ten days and destroy the dandruff germs by frequently applying a little of the real Parisian Sage, a most efficient preparation that the best druggists everywhere are now recommending as one of the quickest and safest treatments to surely stop itching scalp and falling hair, remove all dandruff and to properly nourish and invigorate the hair roots.

Parisian Sage is also the discriminating woman's favorite hair dressing because it gives her hair a softness and luster that fascinate and compel admiration. A generous bottle costs but little from H. C. Kennedy, who guarantees it to you.

Dyspeptics Should Avoid Drugs and Medicines

Try a Little Magnesia Instead

Some people instinctively shut their eyes to danger, and it may be that instinct, or custom or habit causes dyspeptics to take drugs, patent foods and medicines ,artificial digestents, etc.

But closing the eyes does not banish the danger, and it is certain that neither drugs nor medicines possess the power to destroy the harmful excessive acid in the stomach, which is the underlying cause of most forms of indigestion and dyspepsia. They may give temporary relief, but ever increasing quantities must be taken, and all the time the acid remains in the stomach as dangerous as ever.

Physicians know this and that is why their advice so often to sufferers from digestive and stomach trouble is "Just get about an ounce of pure bisurated magnesia from G. A. Gorgas or any local druggist and take a teaspoonful in a little water immediately after every meal. This will instantly neutralize all the harmful acid in the stomach and stop all food fermentation, thus enabling you to enjoy hearty meals without experiencing the least pain or unpleasantness afterward.—Advertisement.
