

"The White Flour Pinch"—have you felt it? With the advancing price of wheat "the five-cent loaf is doomed," say the bakers. In its place we have the six-cent loaf—in many cities only the ten-cent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteins the human body needs. In **Shredded Wheat Biscuit** you have all the body-building nutriment in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits. Made at Niagara Falls, N. Y.

CATCH TWO AUTO THIEVES AFTER RACE

(Continued From First Page)
Have been notified and will send for the men probably to-night.
Harrisburg police were notified early to-day about the theft. Shortly afterward he news was flashed to all of the day force, with a description of the auto, and the men seen riding toward the city in it. A slight mistake in giving the license number caused the city authorities some trouble, but Officer Carson noticing that the car that passed him was one which answered the description furnished.

MOTHERS AND WIVES

Of this country—those who after months and even years of suffering, have been restored to health and strength by that good old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound — are the ones who have spread the good news of health restored, until to-day there is hardly a town so small that the women who suffer from female ailments do not depend upon Lydia E. Pinkham's Vegetable Compound to restore health.

8 CENTS, MILK PRICE TOMORROW

Not as High as Expected;
Dealers to Ask 18 Cents a Gallon Instead of 20

Wholesale and retail prices of milk will advance in the city to-morrow. The producers at a meeting last night in Penbroock decided to boost the price to 18 cents a gallon instead of 20 cents a gallon, the price decided upon last week.
This action followed a discussion of the report that the retail dairymen of the city would not meet the demand of a four-cent advance. Beginning to-morrow morning, retail dealers will charge eight cents a quart for milk. The Dairyman's Association of Harrisburg will meet to-night at 7.30 o'clock in Maennerchor hall, and it is expected that the members will agree to pay the two-cent advance per gallon to the producers. One hundred and twenty-five producers were present last night and elected the following officers: President, G. L. Strock, Upper Allen township, Cumberland county; secretary, W. Kimmel, Silver Springs; treasurer, E. Z. Ebersole, Susquehanna township, Dauphin county. Directors of the association were elected as follows: Dauphin county, E. Z. Ebersole, one year; William Hershey, three years, and William Jones, two years. Lower Paxton township; Cumberland county, G. L. Strock, three years, Upper Allen; W. G. Kimmell, two years, Silver Spring, and J. L. Bashore, one year, Hampden.
The producers will meet again on November 9 at Mechanicsburg.

Former State Officials Hurt in Trolley Crash

Norristown, Pa., Oct. 31.—Two former state officials were among six persons injured in a collision of two trolley cars in a fog near here today. The injured are Henry K. Boyer, former State Treasurer; A. H. Fetterolf, Collegeville, former resident clerk in the House of Representatives; William J. Miller, motorman of a Pottstown car of the Reading Traction and Light Company; Levi Godshall, Harleyville, motorman; Frank Lederach, conductor of the Montgomery Transit Company and an unidentified woman.

FIFTY REPORTED DROWNED

London, Oct. 31.—Captain Browne and about fifty of the crew of the British steamer *Marina* are reported by the Press Association to have been drowned when that vessel was sunk off the Irish coast after having been torpedoed by a submarine Saturday afternoon.

AMERICANS ARE AMONG MISSING

ascertained whether warning was given.
16 American Survivors Landed at Crookhaven, Consul General Skinner Hears

London, Oct. 31.—A private telegram received to-day from Crookhaven by Robert P. Skinner, American consul general, says that among the survivors from the *Marina* who were landed at Crookhaven are sixteen Americans. One of them is Frank Howard Smith, a veterinary surgeon.

Greek Steamer Angielike Torpedoed Without Notice; Fifty Believed to Have Died

Paris, Oct. 30.—A Havas dispatch from Athens quotes the captain of the Angielike as saying she was torpedoed without notice by a German submarine at 9 o'clock at night. "There was a frightful panic and many threw themselves overboard and were drowned," the dispatch continued.

Survivors Declare Ship Was Twice Torpedoed; Adds Gravity to Situation

Washington, D. C., Oct. 31.—Secretary Lansing said to-day that his reports on the destruction of the British ship *Marina* with probable loss of American lives still were too incomplete to permit of any conclusions or to allow him to discuss the case. Fuller reports with affidavits of American survivors have been ordered by cable.
This morning's news dispatches say some of the survivors had seen the wake of a torpedo and that the ship was struck twice added gravity to the situation.
Officials noted, however, that the British admiralty was not prepared to say the ship was torpedoed and that Consul Frost's report yesterday said she was destroyed by gunfire. Entirely aside from the first aspects of the case, first involving loss of American life, but the State Department gave no evidence of tension as it set about gathering the facts.

GREEK SHIP SUNK

London, Oct. 31.—The Greek steamer *Germaine* has been sunk by a German submarine, but the crew saved, says a Lloyd's agency dispatch.
The *Germaine* was last reported as sailing from Montevideo September 26 for St. Vincent, Cape Verde Islands.

NOTE POSTSCRIPT AGAIN DENIED

President and Bryan Brand It Untrue; Lodge Renews Charges

Lusitania Postscript Story Corroborated

Senator Lodge's story of the postscript to the Lusitania note received corroboration from several sources yesterday.
Hon. H. H. Aldrich, an old friend of Major Breckinridge, writes that he had frequently told him the same story as he related to Dr. Bailey.
One candidate for the U. S. Senate, Jersey City says the story was an open secret at Washington.
Washington official circles remember President Wilson, urged by Secretary Bryan, did write such a postscript as described and marked it "confidential."

Long Branch, N. J., Oct. 31.—President Wilson last night characterized as "untrue" the statement made by Senator Henry Cabot Lodge, of Massachusetts, to the effect that the President had seriously considered adding a weakening postscript to the "Lusitania note."
Omaha, Neb., Oct. 31.—William J. Bryan, former Secretary of State, denied here last night that there was any truth in the story that a postscript had been written to the Lusitania note.
Prof. Charles H. Bailey, of Tufts Medical College, said, "That the President will deal with the matter as he deems wise, if, indeed, any attention need be paid it after Mr. Breckinridge's denial."

Pitchburg, Mass., Oct. 31.—Senator Lodge submitted last night additional proof of his charges that the first Lusitania note was a nullifying postscript that was withdrawn. At a Republican rally the senator read a letter from John Temple Lloyd Jr., of Boston, professor Charles H. Bailey, of Tufts Medical College.
Mr. Jennings wrote that he, too, had heard Henry Breckinridge, former Assistant Secretary of War, say that there had been a postscript to the note and that it had been withdrawn on threats of Cabinet members to resign.
Mr. Jennings wrote that Dr. Bailey's version was correct and Senator Lodge reaffirmed his belief in the truth of his charge. Senator Lodge said:
"Speaking at Sonoville on Saturday last, I read a letter from Dr. Bailey, professor in Tufts Medical School, in which he repeated a conversation he had had with Mr. Breckinridge, former Assistant Secretary of War under the Wilson administration. The one essential point in the letter was that after the note of May 13 in regard to the sinking of the Lusitania had been formulated by the President, the President prepared a postscript, or second note to go with it, in which he declared, in substance, that the note as published did not mean anything, and that he would be ready, if the German government objected, to put the whole matter over for arbitration until after the war."
Refers to Breckinridge's Rejoinder
"The one point of importance in Mr. Breckinridge's statement to Dr. Bailey was that this postscript, or additional note, had been written and prepared to go with the note of May 13. Mr. Breckinridge has published one or two telegrams, in which he refers to Dr. Bailey and myself in a very angry manner, which is not, in my opinion, but he characterizes his own conversation, which Dr. Bailey reported, as 'backstairs gossip.'"
"I do not myself see any great injustice in this, because he was a member of the Wilson administration and a most excellent Assistant Secretary of War. He denies that there was any threat of resignation by Mr. Garrison or others, but he entirely fails to deny the essential point, which was that the postscript was written, and that he and Mr. Garrison saw it. Mr. Garrison said yesterday in Washington:
"I am not being interviewed on any subject, I have no statement of any kind to make," so that he, also, refuses to deny the existence of the postscript, which he certainly would have done if it had been a mere fabrication by Dr. Bailey. Dr. Bailey is a gentleman of the highest character, standing and veracity. I have no doubt that he stated the conversation, in substance, with absolute truth."

"Pennsylvania Day" Is Enthusiastically Observed by Republicans in N. Y.

New York, Oct. 31.—Hughes and Fairbanks' "Pennsylvania day" to-day was made the occasion for an enthusiastic demonstration by men from several fields of business in this city.
Among the speakers were Senators Botes Penrose and George T. Oliver, John K. Tener, one-time Governor of the state and now president of the National Baseball League; James M. Beck, president of the Pennsylvania Society in New York, and William Potter, former United States minister to Italy. Walter Scott presided.
That which elicited one of the greatest outbursts of applause was a letter read by Senator Penrose from a man "who is universally known in the business world," and who remarked, "The letter was from John Wanamaker and addressed to the chairman of the organizations represented at the meeting. He urged every man to set aside a part of each day and put in his best endeavor striking everywhere while the iron is hot and making it hotter."
"If New York will go Republican this year, Mr. Hughes will be elected." ("Cries of "There never was a doubt.")
"We can win with you," the senator added, "and it is doubtful if we can win without you. There is no doubt in my mind concerning New York and I am convinced that Mr. Wilson will not come within 1,000 miles of being re-elected."
Hughes Stands For Civil Service System For All Postmasters
New York, Oct. 31.—The National Civil Service Reform League has made public a letter from Charles E. Hughes in which he announced himself as favoring legislation to place first, second and third class postmasters under the merit system. The league sent inquiries to both President Wilson and Mr. Hughes. No reply was received from the President.
Hughes Favorite in Bets; Wilson Money Demands 10 to 7 Odds
New York, Oct. 31.—Hughes became a pronounced favorite in the betting again yesterday, surprising the betting commissioners who had predicted that Wilson would become a favorite this week. At the close Hughes was the favorite at odds of 10 to 7, and Wilson supporters were demanding odds of 10 to 7. Some signs of hedging by Wilson supporters were reported by curb commissioners.

Governor Tells Veterans of Personal Interest in Memorial at Great Mobilization Site

Speaking to a committee of veterans of the Civil War and residents of the Camp Curtin district, Governor Brumbaugh to-day assured them of his personal interest in the proposition to have a suitable State memorial erected on the site of the great mobilization camp of the War of the Rebellion and that he would call attention of the lawmakers of Pennsylvania to its propriety. The Governor was asked to give his aid for a memorial in Sixth street near the Camp Curtin Memorial Methodist Church by a committee consisting of the following:
Post 58—Thomas Numbers, George W. Rhoads and David Challenger.
Post 116—William Bricker.
Citizens—The Rev. A. S. Williams, J. H. Kramer and D. E. Brightbill.
Mr. Williams presented the project, which the Governor said was most laudable and had his hearty support. The Governor said that he had visited that part of the city and was impressed by the need of some State memorial. The idea is to have the State buy a plot of ground and erect a monument.

RIP ARGUMENTS OF CRITICS OPEN

(Continued From First Page)
cause the landlord to boost the rents from one to three dollars a month.
School board officials point out in answer to this argument that the passage of the loan will mean an increase in the school tax rate of not more than a mill. Figuring on the basis of a \$2,000 property this will mean an additional boost in taxation of two dollars—per year.
The substitute plan of erecting a

girls' high school on the Hill at a cost of \$150,000 is also ridiculed by the school authorities who have made a long study of the problem. It will be impossible, they contend to build anything like a fireproof school structure for instance that will accommodate 600 girls—for \$150,000. Generally speaking the statement that the Boas building plot is adequate to accommodate a building 300 feet square, is about twenty-five per cent

true. The plot is 164 feet in Green street and 170 feet in Forster. Incidentally while this is being built—if the critic's plan was adopted—some 250 grade pupils would have to be housed somewhere.
City Superintendent F. E. Downes and A. Carson Stamm, president of the school board, spoke yesterday afternoon to the members of the Harrisburg Ministerial Association at the regular meeting in the Pine Street Presbyterian church.

Mother Praises Remedy That Relieved Her Baby

Dr. Caldwell's Syrup Pepsin Is a Dependable Family Laxative.

Nearly all the sickness incident to a baby's life is due to constipation, or inaction of the bowels. At the first indication of irregularity in this important function, relief should be afforded promptly. A mild laxative should be administered to gently carry off the congested waste and leave the stomach and bowels free to perform their allotted tasks.
Of the various remedies recommended to relieve constipation, the combination of simple laxative herbs with pepsin, as prescribed by Dr. W. B. Caldwell and sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is the most effective. It is pleasant to the taste, mild and gentle in action, and quickly brings the desired relief in an easy, natural manner.
Mrs. C. J. Douglas, Mason, Ill., writes that she cannot say enough in praise of Dr. Caldwell's Syrup Pepsin as a dependable family laxative. Little Mary Eva had been badly constipated until they tried Dr. Caldwell's Syrup Pepsin, which brought the first natural relief the child had had in two weeks.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere and costs only fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.
