"I Feel 100% Better" Says Samuel H. Yates

Craneman Grows Enthusiastic When He Tells of the Improvement Tanlac Brought About in Him

WAS ALL RUN DOWN

"I was pretty much on the friz for a long time," says Samuel H. Yates, a craneman who lives at 1609 Susquehanna street, Harrisburg, Pa. "I was all run down and had no ambition or energy. "I had a sluggish liver, catarrh of the head and stomach, headaches practically all the time and no appetite to speak of. And that combination is enough to make anybody miserable. "This had been going on for quite a while and I didn't get any better so I concluded that it was up to your Uncle Samuel to hunt around for something that would bring back the job of living. "It was while I was in this frame of mind that I began reading the testimonials about Tanlac that appeared in the papers and they sounded so good to me that I bought a bottle and began taking it. "I can truthfully say that I never heard of any medicine to equal Tanlac, for I felt results from the very first. My liver woke up and got to work, my appetite improved and my catarrh seems to be on a fair way to leave me entirely. Altogether I feel 100 per cent better in every way, and it is all due to Tanlac. "Tanlac, the famous master medicine of which Mr. Yates speaks so highly, is now being specially introduced here at Gorgas' Drug Store, where the Tanlac man is meeting the people and explaining the merits of this master medicine.—Advertisement.
