[Continued From First Page]

In addition Mr. Hughes has visited the four so-called border States of Maryland, West Virginia, Kentucky and Missouri and has spent one day in Tennessee at Nashville. The nominee has visited his home in Washington, D. C., only once since leaving the day after his nomination and then only for two days to attend to personal business there.

Mr. Hughes told audiences in Central New York yesterday that he had no apologies to make for his attack upon the administration with reference to the maintenance of American rights, and that he proposed, if elected, to make the American flag the symbol not only of courtesy and justice, but of firmness and consistency in maintaining "our known rights on land and sea."

The nominee assailed the administration for its alleged failure in the development of American trade abroad by upholding American rights, characterized as "very cruel and unwarrantable" suggestions that a vote for him meant a vote for the Democratic party in American relations with foreign nations he was opposed to a "middle of meddle."

At the first step of the day, Mr. Hughes asserted that he had entire confidence in the result of the elections in Indiana and Ohio.

Barnes Presides at Rally In his speech here last night the nominee defined political leadership. The meeting here was presided over by William Barnes, former Republican State chairman.

Mr. Hughes spoke at Oneida, Amsterdam, Schenectady and Troy on his way here. The speech at Schenectady before the business and professional associations awaited his arrival for more than an hour. Many persons were turned away from this meeting unable to gain entrance to the hall.

"Our opponents do not seem to like the idea of criticism with respect to international policy," Mr. Hughes said in his Schenectady address. "But I have a remedy to make in coming before you and in saying that if an elected president I propose that the American flag shall not be only a symbol of courtesy, a symbol of justice, but also a symbol of firmness and consistency in maintaining our known rights on land and on sea throughout the world."

"It is highly necessary that American opinion should be expressed, and I have a remedy to make in coming before you and in saying that if an elected president I propose that the American flag shall not be only a symbol of courtesy, a symbol of justice, but also a symbol of firmness and consistency in maintaining our known rights on land and on sea throughout the world."

Easy to Keep Out of War "That is not a policy that leads to war. There never has been a time perhaps, in our history when it was easier to keep the American nation out of war than during the last few years, when every nation engaged in the great strife abroad desired our friendship, and would not, by reason of any assertion of our just rights, forfeit that friendship."

County Chairman Confident County Chairman Wm. H. Horner, who has been directing the campaign in the county, is equally confident that Harry F. Oves, city chairman, says everything looks good from a Republican standpoint in the city.

"I am delighted with the manner in which the Progressives have followed the lead of Colonel Roosevelt in turning in for the Republican ticket this year," said Chairman Horner. "Not only have many of the leaders taken the stump for Hughes in Dauphin county but I have personally been in touch with hundreds of the rank and file of the Washington party who are heart and soul for the Republican candidates. The Republicans are united and that spells victory."

"You will remember that in 1912 with the Democratic majority carried the county, but Congressman Kreider, Senator Beidleman and two of the Republican legislative candidates won out by comfortable majorities. In 1914 with the Democratic standard-bearer a resident of Harrisburg and with the party still more or less split, the county went Republican by about 4,000. You can easily understand, then, what is going to happen this year with the party united and enthusiasm running high for Hughes."

Oves Says City Is O. K. "Harrisburg will give a substantial majority for Hughes and the whole Republican city. My estimate is that Senator Beidleman will run ahead of the ticket. Many Democrats will vote for him. I believe the legislative candidates, Augustus Wildman and Joshua W. Swartz will have about the same vote as Mr. Hughes, Congressman Kreider and the remainder of the Republican ticket. This was the forecast of City Chairman Harry F. Oves in response to the question of a Telegraph representative.

"I have been particularly well pleased with the hearty co-operation of the committeemen and the ward workers," he continued. "They have covered the town in a most thorough manner and we now have a complete and accurate knowledge of conditions in every ward. I am absolutely certain that my prediction of a substantial majority for the whole ticket is correct."

There is another principle that we cannot too jealously guard, and that is that we see to it that our public servants mean what they say and keep their promises after election. We must protect ourselves from men who say one thing at one time and another thing at another time, and do none of these things none of the time.

"President Wilson has unexampled switching facilities," declared Colonel Roosevelt. "The first duty of any government is to protect the lives of its people. Mr. Wilson has said that he is too proud to fight. I saw the other day in a Wilson paper that he said there might be circumstances under which he might fight and the things he is willing to mean for the future. Do them now, Mr. Wilson, or keep still."

Hughes Polls 1,326 Votes at Yale to Wilson's 599

New Haven, Conn., Nov. 3. — In the heaviest Presidential straw vote ever held at Yale, Charles E. Hughes won an overwhelming victory by the decisive majority of 727, polling 1,326 votes to Wilson's 599. Benson, the Socialist candidate, received five votes, and Hanly, nominee of the Prohibition party, two. The polls were open from 8 to 6, and a total of 1,932 ballots were cast out of a possible 3,015. All members of the University were eligible to vote.

G. W. Perkins Ridicules Democratic Campaign Yell

New York, Nov. 3. — George W. Perkins, former leader in the Progressive party, now campaigning for Hughes, issued a statement ridiculing the Democratic campaign cry of "Peace, Preparedness, Prosperity!"

"In New York," he said, "an enormous shield bearing these three words is displayed outside the building in which the Democratic national committee has its headquarters. Above the shield is the American flag. Thus the Democrats are openly appealing to the people of the United States for votes on the claim that they have kept the country at peace, prepared it against war and provided it with prosperity."

Pinchot Asks Bryan to Give Answer on Dumba

New York, Nov. 3. — Republican national committee headquarters has given out a letter, written by Gifford Pinchot to William Jennings Bryan, Secretary of State, dated October 21, concerning the Dumba incident, to which, it is stated, Mr. Bryan has not replied.

3 Divisions in Jitney Amendment Parade

Three divisions comprising fifteen organizations of workers of the city will participate in the big parade tomorrow evening to be held to boost the Jitney amendments which are to be voted on next Tuesday.

Plans were announced last night by the general committee together with Chief Marshal H. M. Brooks. He appointed the following aids: Hugh L. McLaughlin, E. Seitz, G. A. Her- ring, C. R. Zimmerman, R. B. Sheel, D. E. Wenrick, D. K. Young, S. L. Spang, Dr. T. Kharas, A. W. Lewis and Thomas P. Moran.

The parade will form at Front and Market streets, with the first and second divisions in North Front street, and the third division in South Front street. Following the parades over the central, Hill and uptown streets a mass meeting will be held in Market Square with Chief Marshal Brooks presiding. Speakers will be John Parthemer, Levi Hamaker and Hugh L. McLaughlin.

FEDERAL RESERVE REPORT

Washington, D. C., Nov. 3. — Outstanding features of the October business and financial situation, cited by the Federal Reserve bulletin today, were continuation of heavy exports and of the new gold shipments, extended domestic trade activity, rising prices, easy money rates and full employment of labor.

Heavy balances, due from Europe, it is stated, have led to demands for new financing, a feature of which, of especial concern to the Federal reserve system, is the extensive resort to the use of acceptance credits arranged, or to be arranged, on behalf of industrial and commercial borrowers in Europe.

The predicted slackening of the gold movement into this country has shown no indication of developing to the present date, the bulletin says. Official statistics show that to the middle of October the next inward movement of gold since January 1 was approximately \$24,000,000, against \$250,000,000 for the corresponding period in 1915.

FLYER PETIROSSI DIES

San Francisco, Cal., Nov. 3. — Cable advices from La Plata, Argentina, today told of the death there of Silvia A. Petrossi, one of the spectacular aviators who entertained visitors to the Panama-Pacific Exposition here last year.

BUILD UP YOUR BLOOD

It is a hopeless task to try to restore your health while your blood is deficient in quantity or quality. The blood circulates throughout every portion of the body except the hair and nails. It takes the nourishment from the food and distributes it to the various muscles and organs; it takes also any medication that is administered through the mouth. The blood is the only means by which medicine can reach the nerves.

If the blood is thin its carrying capacity is lessened because it is the red corpuscles in the blood that carry oxygen and other needed constituents to the various parts of the body. Dr. Williams' Pink Pills for Pale People increase the red corpuscles in the blood. They enable it to absorb more oxygen, to carry more life and strength to the weakened organs.

In any disease in which the patient becomes thin and pale Dr. Williams' Pink Pills can be used successfully to combat the anemia and build up the health and strength.

"Building Up the Blood" is a booklet, full of good information. Every mother and every growing girl should have one. It is sent on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills. Price 60 cents.

DAUPHIN COUNTY SURE FOR HUGHES

[Continued From First Page] what our Democratic friends are saying, Progressives everywhere are as strong for the whole Republican ticket this year as they were for Roosevelt

in 1912. I find that Ira E. Ullsh and David J. Bechtold, legislative candidates, although previously unknown in political circles, have made a close canvass of the district and have made a very good impression upon the voters. Of course it goes without saying that Congressman Kreider will be re-elected by the majority he deserves. "Harrisburg will return Representa-

tives Wildman and Swartz to the Legislature, beyond doubt. The Democrats have been more active in the city than in the country districts, but their activities have been discounted by the splendid efforts of the committeemen and ward workers in Harris-

burg. "The whole situation is most encouraging. It corresponds to conditions elsewhere over the State as reported to the State committee. Hughes will sweep Pennsylvania by a majority that will surprise even his friends and the whole Republican ticket will be elected."

County Chairman Confident County Chairman Wm. H. Horner, who has been directing the campaign in the county, is equally confident that Harry F. Oves, city chairman, says everything looks good from a Republican standpoint in the city.
