HEAR JUVENILES AT EXTRA COURT

Special Session November 17 to Clear House of Detention For Thanksgiving

Friday, November 17, has been fixed by the Dauphin county judges for a special session of juvenile court. More than a dozen cases are already listed, most of them being old defendants. Admissions cases are being added to the calendar from day to day.

As a rule, a special session is necessary in December, but owing to the fact that there are a lot of small prisoners at the house of detention who would necessarily have to be released there over Thanksgiving Day unless they are given a chance to be heard, District Attorney Michael E. Stroup is desirous of clearing his juvenile docket as soon as possible.

State Sues Contractor.—Suit for \$43,886.09 was begun yesterday by the State against H. G. Hinkle, Inc., for the completion of work on a section of highway in Logan township, Blair county. The entire job cost \$167,869.97 but the contractor failed to finish it although he had the material and equipment used by the State.

Distribute Specimen Ballots.—Specimen ballots for the use of the judges of all the election boards of the county have been mailed to these officials by the Dauphin county commissioners. The purpose is to give them a chance to study the ticket, in order that they may prepare emergency tickets, should the occasion arise on November 7.

Right of Eminent Domain.—E. Clark Cowden, Joseph W. Umberger and Paul G. Smith, attorney, to-day viewed the section of the George W. Freeland farm in Upper Paxton township which is desired by the State Central railroad and to which possession is to be obtained by right of eminent domain. The viewers will report at January quarter sessions.

At Register's Office.—Letters on the estate of Stephen H. Light were issued yesterday to Daniel S. Light and similar permission to settle the estate of William H. Hantz was given Emma C. Louck and Estelle V. Grenier. The will of William Smeltzer, of Oberlin, was probated yesterday and letters of administration were granted to G. W. Smeltzer.

CAMPAIGN PLANS NEAR COMPLETION

To Name Subcommittees Tonight; Reason For Joining Railroad Association

Chairman Don Monahan, of the Pennsylvania Railroad Y. M. C. A. membership committee, will name his subcommittees to-night for the big membership campaign, starting November 14. It is desired that every member attend this meeting. The membership campaign will be nation-wide. The total number of new members wanted in the United States is 30,000. The total membership now is 90,000. The campaign will not be confined exclusively to railroad employees. Arrangements have been made to sign up contributing members. Here are a few reasons why every railroad man should be a member of the Railroad Y. M. C. A.: It provides a home for a man away from home. It unites railroad men upon a common meeting ground. It meets the call for mental betterment and culture. It recreates by stimulating and properly directing social instincts. It is too broad for doctrinal dispute, which makes it nonsectarian. It expresses an interest in fellow-workers, whether employer or employees. It stands by and for all that is best in railroad men. It kindles friendship that will prove invaluable when a friend is needed. It increases efficiency in any phase of railroad activity, no matter how specialized. It means recognition as a member of world-wide brotherhood with a welcome wherever you go. It defeats loneliness and its consequences by affording opportunity to fraternize amid agreeable companionships. It affords opportunity for service through definite tasks and for mutual helpfulness in both word and deed. It ministers not only to the physical comforts of a railroad man, but to the shaping of his life and character. It merits the loyalty and support of every railroad man as a matter of principle as well as a spirit of local pride. It makes one a bigger, better man, enlarging his interests outwardly, rather than being dwarfed by selfish personal interest. It is always ready, through its sec-
