HUGHES ASSERTS HIS CONFIDENCE OF VICTORY ON **EVE OF ELECTION**

Republican Nominee Spends Day Recuperating From Labors of Hard Campaign; Thanks Workers

WILLCOX PREDICTS 100 ELECTORAL MAJORITY

Wilson Feels Sure He'll Win; McCormick Claims Practically All of Electoral Votes; Fair Weather Forecasted.

New York, 'Nov. 6. - President Woodrow Wilson and Charles E. Hughes, candidates of the dominant parties for President, remained quietly at their homes to-day recuperating from the labors of the long campaign.

parties for President, remained quietly at their homes to-day recuperating from the labors of the long campaign. The last word sent forward by them to the people was an expression that each felt confident of victory.

President Wilson planned to remain at home to-day and his only activity to-morrow will be a trip to Princeton to cast his ballot. To-morrow night with only the members of his family about him, he will receive the returns in his study at Shadow Lawn.

Mr. Hughes remained at his hotel early in the forenoon but later visited the national Republican headquarters chiefly, it was stated, to thank the workers there for their efforts in his behalf. He intended to take a drive through the parks this afternoon and spend the rest of the day at his hotel. To-morrow he will vote in his home district here and to-morrow night he will get the returns in kis hotel rooms. Like Mr. Wilson, he plans to have only immediate members of his family with him when the returns come.

Headquarters Still Active
Political headquarters here still presented scenes of activity to-day. Last reports from the political battlefield were received and final instructions sent. Both the chairmen had little to add to their forecasts issued Saturday night. Republican Chairman Willoox then predicted Hughes would receive at least 100 majority in the electoral college, while Democratic Chairman McCormick gave Mr. Wilson 364 votes in that body. The necessary elective vote in the college is 266.

The larger participation of women as voters in a presidential campaign and the congressional election are of keen interest to politicians generally. The returns from the States in which women will vote, it is admitted, will be closely and anxiously scanned.

So far as Congress is concerned, a full House of Representatives and thirty-three United States Senators will be elected. The total membership of the House is 435 and the necessary majority is 218. In the Senate the present membership is 96 and the necessary majority is 49. In all, 35 new Senators w

Telegraph Will Flash Returns

Flash Returns

LECTION returns will be flashed on the side of the Bell Telephone Building, Federal Square, to-morrow night by the Telegraph.

In former years the returns were flashed on the Federal Building, but because of construction operations at the Post Office, Locust street is obstructed with building materials and it would be unsafe to crowd the thousands who watch the screen into this thoroughfare. Walnut and Court streets facing the screen on the Telephone building will accommodate a big crowd. Returns will be flashed on the screen as fast as Associated Press, Western Union and Postal Telegraph wires can send them. Special telephones have been installed to take care of the thousands of calls from folks who want to know the results,

Calls Ancient Monarchy Into Existence

Warsaw, Nov. 5, via Berlin, Nov. 5, Warsaw, Nov. 5, via Berlin, Nov. 5, and via London, Nov. 6. — The manifesto of Emperor William and Emperor Francis Joseph, again calling into existence the ancient kingdom of Poland, was read at noon to-day to the assembled Polish representatives in the royal palace by Governor General Von Beseler.

Outside in the great square before the castle and in the spacious courtyard of the venerable fourteenth century pile, inhabitants of the old Polish capital gathered by the thousands to attend the ceremony of what is designated as the rebirth of the Polish nation—a concept the importance and lights will wink just once.

Bishop Philip R. McDevitt Urges Citizens To Pass High School Loan

"As I have recently come to Harrisburg, I hesitate to express any views upon matters of public interest in the city.
"From the daily press I have learned of the agitation for greater high school facilities. I should think that, once this need is demonstrated, there can be but one opinion for either

a new or an old resident, and that is—the city should fulfill its duty to provide school accommodations for those who desire an education beyond the elementary grades. for putting aside of this duty is the total inability of the city to meet the necessary financial outlay. Very likely few citizens will acknowledge that the city cannot assume the burden, especially as it is characteristic of all progressive communities to make sacrifices, if necessary, for education.

day night to working among the voters.

When the loan was first proposed many people were against it because they feared it would mean a big increase in taxes, but now it has been shown that it will not only cost less to operate one central high school of the ability of the school for each community, but the result will be a high school equal to that of a large city and it is believed the whole West Shore will be built up rapidly as a result.

Heavy, counter attacks were delivered by German troops last night on the new British positions in the neighborhood of Butte de Warlencourt, south of the Albert-Bapaume road and London to-day announces that the British were compelled to give up portions of them.

Similarly the French lines were attacked and Paris states that while the Germans were held off on the line between Salily-Saillisel and St. Pierre-Vaast wood, they were able to recapivate wood, they were able to recapivate with the alleged and placed through the demand upon retailers of extraordinary high prices by operators who had coal in storage within the State.

WEST SHORE HIGH NEWSIES TO TIP

The West Shore central high school it is believed, will be approved by all of the communities which will vote upon it to-morrow.

This good news was brought to Harrisburg this morning by representatives of Camp Hill, Lemoyne, Wormleysburg, West Fairview, Enola, Washington Heights and East Pennsboro township in general, who had devoted Saturday afternoon and Saturday night to working among the voters.

"DON'T forget to vote for the school loan, sir!"
When you buy your Telegraph to-morrow evening as you hurry home from factory, mill or office you'll be reminded of your duty—and your last chance to fulfill it—by the busiest livewire reminder that Harrisburg can produce.

Allies Declare Any Violation Will Be Attended by Disastrous Results

ARTOUS Results

Mexico City, Nov. 6. — The Mexican government has been notified by the British ambassador at Washington of the presence of German submarines in the Gulf of Mexico and has been warned that the allies will take "drastic measures" if the undersea warned that the allies will take "drastic measures" if the undersea craft receive aid from Mexican ports or source. This information was made public last night by Foreign Minister Aguilar who issued the text of the note received from the British ambassador through United States Secretary of State Lansing and Charge D'Affaires Charles B. Parker.

The British note demands a strict censorship of the Mexican meaturality will be attended by disastrous results. In his reply, addressed to Mr. Parker, Senor Aguilar says that it seems strange to the Mexican government that Great Britain should use the United States department as an intermediary on a correctled representative to Mexico. SCHOOL TREASURER GETS NOTHING

Secretary D. D. Hammelbaugh, of the School Board, drew attention to-day to a rumor that had got abroad to the effect that the school board treasurer would receive five per cent. of the high school loan for handling the money, There is no truth in it. The law would not permit such a thing and at all events the treasurer is on salary and gets no percentage of money handled.

Hope for the safety of the nine Americans known to have been in Parral I faded to-day when it was learned that they attempted to flee from the town in a party by themselves instead of joining the Carranza force of General Luis Herrera and going to Escalon.

It is reported here that General Pershing is preparing to move eastward and take a hand against the Villistas if the reports of the killing of the Americans is confirmed. At Fort Bilss it was said there was no information to give out. It was intimated, however, that such co-operation had been asked by the de facto government.
