TONE UP YOUR STOMACH

There is no tonic for the stomach that is not a tonic for every other part of the body. But the stomach depends, as does every other organ, on the blood for its energy.

There can be no perfect digestion without rich, red blood. This is scientifically true. The way then to tone up the stomach is to enrich the blood. If your digestion is off and your blood is thin there can be no question about it. You need Dr. Williams' Pink Pills to restore the condition of your blood, use care in the selection of your diet and the stomach trouble will take care of itself.

Stomach trouble is debilitating. Dr. Williams' Pink Pills are a tonic and build up the weakened system generally. Most stomach remedies try to digest your food for you. How much better it is to tone up the stomach so that it will do its own work as nature intended. There is no pleasure in eating pre-digested food. Tone up your stomach and your appetite and digestion will soon be normal.

A diet book will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or a box will be sent by mail, postpaid, on receipt of fifty cents.

The Magnificent Exhibit of DIAMOND JEWELRY at Our New Store SATURDAY was viewed with interest and delight by hundreds of visitors who thronged our store from early until late, as well as by crowds of pedestrians on Market Street, who crowded about our windows all day long to admire the richness and magnificence of the displays. It is safe to say that Never in the history of Harrisburg has there been another showing of Diamond Jewelry that can compare with it in magnificence and value. The stock of the New York firm in conjunction with our immense assortments represented a value of nearly a Quarter of a Million Dollars Only a very few stores, located in the largest cities, carry as large or as valuable assortments. All of which should be convincing proof that you can buy Diamonds in Harrisburg to just as good advantage, if not better, than in any other city in the country. Especially as this firm and other manufacturers will send us their lines any time we may have a customer who desires to make selections from such valuable and exclusive assortments. Furthermore it is far more satisfactory to buy at home and at a store where you can feel at home, where you are free to take your time in looking and are at liberty to ask for any information you may desire. And where, should anything about your purchase prove the least bit unsatisfactory, you are welcome to come with the fullest assurance that every statement and representation will cheerfully be made good. Penrose Confident of Great Victory Senator Boies Penrose has sent word to friends in this city that Pennsylvania will give a splendid majority for Hughes and that he was absolutely confident of the election of Hughes and Fairbanks. In a forecast of the outcome of the Presidential election in New York, New Jersey, Ohio, Indiana and Illinois, which some have classed in the doubtful column, Senator Penrose said: "New Jersey is not a doubtful State. It is as certain to go Republican as Pennsylvania. "No one can be found who will make any other prediction than that Hughes will carry New York. Even Democrats in that State admit this in private conversation. "Illinois has always been counted as sure for Hughes. I have no information to make me change my mind on that score. "Ohio, it is true, furnished some disquieting reports for a time. I am confident, however, that the reports were due to superficial conditions. Fundamentally, Ohio is all right, and will go for Hughes. "Indiana, from the beginning, has had one of the best Republican organizations in the country. It is doing effective work. The Republicans of Indiana are fully prepared and confident of a successful outcome. "BULLY BILL" DIES Shamokin, Pa., Nov. 6.—William Thomas, widely known as "Bully Bill" during the reign of the Molly Maguires in the anthracite coal region, and one of the principal opponents of that once powerful organization, died here to-day. He fought as a Union soldier in the Civil War. "I'M A HAPPY MAN NOW" SAYS DANER Dept. of Public Works Man Hit So Mean He Wished Auto Would Hit Him—But Not Now "I was in terrible bad shape," says Elvin G. Daner, a well-known D. P. W. man who lives at 1862 Derry St., Harrisburg, Pa. "In fact I felt so mean that I often felt like jumping in front of an auto and letting it hit me. "My stomach and liver had laid down on me and weren't doing their work and I guess my whole system was just chucked full of poisons that weren't being thrown off. "I know that my appetite had left me flat. I didn't sleep worth a cent and I was so constipated that I had to take cathartics regularly in order to get relief. I was tired, worn out and down-hearted and work was a burden to me. "I'm no millionaire and I couldn't afford to spend a lot of money for doctors bills so I just sort of dabbled along hoping that my work in the open air would do me some good. But nothing doing. I seemed to get worse all the time instead of better. "Then I heard about Tanlac, heard about all the people that were getting well by taking it and I made up my mind to give it a try. Did it do me good? It's the greatest thing I ever heard of. It did me good right from the start and every day I felt better than the day before. "I'm a happy man now for my appetite has come back, I can eat and enjoy all my meals, I sleep fine and I feel like working. What's more I can now get along without cathartics. Yes, Sir, I feel real good again. Tanlac, the famous reconstructive tonic, is now being specially introduced here at Gorgan's Drug Store where the Tanlac man is meeting the people and explaining the merits of this master medicine.

ASSESSORS BUSY WITH VALUATION Changes Throughout the City Noted as Council Reads Skeleton Budget While City Council this morning considered on first reading the 1917 skeleton budget ordinance upon which next year's tax rate will be figured, City Assessor James C. Thompson and his assistant C. H. Townsend began the finishing touches to the city assessment valuation from which the annual income will be obtained. Within a week or two Assessor Thompson expects to have this data complete. Only the changes and improvements in properties that have been made during the year are being considered, according to Mr. Thompson and in order to obtain a thorough list of these properties, both the assessor and his assistant are making a complete ward-to-ward canvass. The biggest changes it is figured will be in the Fourth, Second and Eighth wards where the elimination of many buildings in the capitol park extension, the razing of valuable dwellings to make way for new churches which are non-assessable, and the silencing from the assessment lists of the Pennsylvania Railroad property are all factors that will have a tendency to reduce the city's income. This, it is believed will be fairly well balanced by other new buildings that are going up. Changes for the best will be noted in the Eighth, Ninth, Tenth and Thirteenth wards.
