## Our Annual Sale of Fall Millinery Opens Tomorrow

### Clearance Groups of Trimmed Hats Attractively Priced at \$1.95, \$2.95 \$3.95, \$4.95 and \$6.50

Close to 500 Trimmed Hats give this sale an interest quite in keeping with the importance of these Fall clearance events.

The variety of styles may be imagined when one considers the number of the hats involved in the sale. To the disposal groups taken from regular stock has been added a special purchase of 100 trimmed hats bought at a fraction of what they were made to sell for.

The appealing feature of this sale is the opportunity afforded hundreds of women to buy new hats at remarkable savings. For instance:—

The \$1.95, \$2.95 and \$3.95 Hats were formerly \$3.95, \$4.95, \$5.95, \$6.50 and \$6.95.

The \$4.95 and \$6.50 Hats were formerly priced up to \$10.00 and \$12.00.

Fine Dress Shapes of Lyons Velvet Reduced To \$4.95

Small, large and medium dress shapes of Lyon's velvet, in black. Some are of Hatter's plush and velvet. Shapes are in sailors and flared effects.

These were formerly \$6.50, \$6.95 and \$7.50.

Velour Sport Hats in Black & Colors Reduced To \$2.95

In this group of fine velour hats that were formerly \$3.95, \$4.95 to \$6.95 are smart sport styles in blue, purple, green, red, rose and black.

GIRLS' HATS REDUCED Felt, velvet, corduroy and plush ready-to-wear hats that were formerly 98c, \$1.23 to \$1.98, reduced to 69c. Another lot special, at 39c.

Dives, Pomeroy & Stewart—Second Floor, Front.

## Women's Suits of Distinctive Types

### A Broad Showing at Moderate Cost

The woman who will pay from \$16.50 to \$30.00 for her winter suit will find in this splendid showing an almost unlimited variety of styles from which she may make a selection. Many of the garments are trimmed with fur and others are plainly fashioned for the woman who prefers to wear her own fur.

Chiffon broadcloth suits, in a tailored model, finished with bands of self-trimming and black velvet collar and cuffs; in navy, green, black and brown. Special, at \$20.00. Poplin suits, in navy and brown; the coat has a plaited back and is belted at the waist, finished with large self-covered buttons; inlaid shawl collar of velvet. Special, at \$20.00. Suits, in poplin and gabardine; the coat is made with a full circular skirt, finished with a narrow belt extending from the side to the front; large shawl collar and bone button trimmings. Special, at \$20.00. Suits of gabardine and poplin in navy and brown; the coat has a plaited back and is semi-belted; the collar is finished with a narrow band of seal. Special, at \$20.00.

Dives, Pomeroy & Stewart, Third Floor.

## CHRISTMAS SHIP FOR ARMENIANS

Destitute Syrians Will Also Share Bounty of America

New York, Nov. 6. — America's Christmas ship to foreign lands, which this year will be the navy collier Caesar or a collier of the same type, is being relined by the government for carrying food supplies to destitute Syrians and Armenians. It will leave New York December 1, carrying a capacity cargo of foodstuffs and new clothing for Beirut, Syria, from which port relief will be distributed by American Red Cross and Red Crescent agents, aided by United States consuls and missionaries.

The American Committee for Armenian and Syrian Relief has just sent \$208,000 through the State Department to various distribution centers to be distributed immediately by the committee's agents direct to the most needy survivors of the Armenian deportations and the Syrian famine months. This money will purchase grain, blankets and clothing, giving the sufferers within the Turkish empire a foretaste of the Christmas cheer which the United States Navy boat will bring.

As a necessary preliminary to the sending of the Christmas ship arrangements are being made for collections in the churches of the entire country Thanksgiving Day, the receipts of which will be used in completing the cargo. The ship will carry 600,000 pounds of rice, 200,000 pounds of lima beans, 400,000 pounds of crushed wheat, 2,100,000 pounds of whole wheat, 500,000 pounds of sugar, 1,000 cases of condensed milk for children, 10,000 barrels of flour, 50,000 gallons of petroleum and 25,000 gallons of cottonseed oil.

Military regulations forbid the carrying of any except new clothing. Hundreds of cases of warm underwear and sweaters good for the old, the young, women and children, stockings for women and children, cotton and woolen socks for men, blankets and blanket shawls, gray cotton and woolen cloth in the piece, unbleached muslin, and cotton thread, needles and pins will form a part of the cargo. Contributors to the cargo and churches which are raising money are sending their gifts to W. A. Staub, the Red Cross representative in charge of the Christmas ship, at the Bush Terminal, Brooklyn, N. Y.

Navy officials and prominent churchmen of all denominations will join the ceremonies to be held at the Christmas ship's departure, adding to its cargo the holiday good wishes of the country to the stricken races of another.

The money collected on the two days recently proclaimed by President Wilson as Armenian and Syrian relief days having been cabled already for immediate relief, more than a quarter of a million dollars additional must be gathered to freight the Christmas ship. The funds so received, it is believed, will be supplemented to this amount in hundreds of cities in which the proclamation days were used merely as the beginning of local campaigns which will last until after Thanksgiving.

There is little doubt, however, that even after the response of the country to the appeals of the President and the committee has been registered fully many of the most elemental needs of the deportation victims, to relieve which Henry Morgenthau, ambassador to Turkey, estimates \$5,000,000 is necessary, will still be unmet for permanently, and that America's assistance to the sufferers of the Orient must continue.

### Character

(New York Sun)

There was intelligence in Woodrow Wilson's request for a Carnegie pension, but was there character? There was political intelligence in his repudiation of the friends who helped make him Governor and President, but how much character?

There was intelligent perception in President Wilson's reluctant dealings with Germany. He perceived that he must do something, but was there character in what he did? Was there backbone? Did he mean what he said? Did Germany think so?

There was intelligence in President Wilson's flop on Panama tolls, on child labor, on preparedness. But was there in any of those belated turns to the right a trace of upstanding character?

There was intelligence—the intelligence of fear—in Mr. Wilson's dealings with Mexico. Was there character in them? To mean what you say, to do what you say, is to show character. Who will assert, on Woodrow Wilson's record, that he has it?

### AGED WOMAN

Run Down and Feeble — Made Strong by Vinol

So many people in Harrisburg and vicinity are in Mrs. Wickersham's condition we ask you to call at our store and get a bottle of Vinol, and if it fails to benefit we will return your money.

In her eighty-second year Mrs. John Wickersham, of Russellville, Pa., says: "I was in a run-down, feeble condition and had lost flesh. A neighbor asked me to try Vinol, and after taking two bottles my strength returned; I am gaining flesh, it has built up my health and I am feeling fine for a woman of my age, so I get around and do my housework."

The reason Vinol was so successful in Mrs. Wickersham's case was because it contains beef and cod liver septones, iron and manganese, peptones and glycerophosphates, the very elements needed to build up a weakened run-down system and create strength.

Right here in Harrisburg we have seen such excellent results from Vinol that it is a pleasure to know it is doing so much good for old people in other parts of the country.

## NO ACID STOMACH, SOURNESS, GASES OR INDIGESTION

In five minutes your sick, sour upset stomach will feel fine.

"Pape's Diapepsin" neutralizes acids in stomach and starts digestion.

Take your sour, out-of-order stomach—or maybe you call it indigestion, dyspepsia or gastritis, it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to give you a 50-cent case of Pape's Diapepsin and let you eat one 22-grain tablet and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—acid stomach—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is sickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop food fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

## Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if you will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid stomach (trophy). While you are enjoying your breakfast water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach troubles; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drugstore. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

When you read such headlines as this in the day's news there must be something wrong with the coal supply.

## "Making Frantic Efforts To Get Coal Supplies"

SCARCITY OF LABOR SHORTAGE OF CARS

are two of the factors that are threatening a serious condition this winter.

If you delay you may not be able to get the coal needed to keep your family comfortable this winter.

### WHAT TO DO FOR A COLD

Under the heading of "Things To Do" for a cold, a bulletin of the Life Extension Institute, of New York City, condenses into a table these valuable hints on emergency treatment:

"On the first sign of a cold, a hot foot bath, lasting half an hour, and a drink of hot lemonade — or, better

still, hot linseed tea (one-half ounce of whole flaxseed to a pint of boiling water, flavored with lemon peel or licorice root)—will often break its force.

"A brisk purge is also advisable. "A mild menthol-oil spray may be used occasionally in nose and throat.

"Neck and chest and nostrils may be rubbed with camphorated oil.

"If the throat is sore, a gargle or spray of peroxide of hydrogen, one part to three parts of water, may be frequently used.

"Also, cold compresses to the neck, or sauzie pads saturated with equal parts of alcohol and water.

"An alcohol rub-down is also good as a first aid measure. Used externally, alcohol is a real friend. Internally, it is a dangerous enemy.

"The spread of septic sore throat and other germ diseases by milk is safest during epidemics.

"If there is severe headache, face-ache, earache, pain in the chest, sore

throat, or high fever, there should be no delay in calling a physician."

The World's Work for November.

### WHY COLDS ARE PREVALENT IN WINTER

"The reason why we don't have so many colds and so much pneumonia in June as we do in November lies in our lack of ability to live as rationally in November. We cut down on our supply of fresh air. We take less exercise. We subject our bodies to extremes of temperature. We shut ourselves up in crowded places where infection has ideal conditions to propagate itself. In June we were in the open air a lot, went walking and swimming and driving, kept the windows open and needed no cocktail to give us an appetite. Sad is the contrast now, and we pay the penalty. We take no more open air exercise but we eat as much as ever. We work harder but sleep less, for the social season is on. Only an hour or so a day are we in the open. For the rest of the time we are in sealed houses, stuffy subways and street cars, ill-ventilated offices, restau-

rants, theaters, and ballrooms, breathing heated, humid air that has a high percentage of infectious microbes. At a season when our resisting power is lessened by our way of life and the changes of the temperature, we keep ourselves most of the time in places ideal for the spread of breathed-in infection. Under these conditions our internal allies haven't a fair chance to put up a fight for us, and 'seasonable ailments' multiply. But don't blame the season. Don't blame germs. It is up to us to meet the emergency. And we can! By simple precautions we can lessen the risks of infection from disease germs, and by right living we can increase our powers of resistance to their attacks." — The World's Work.

### Mother Drowns Two Children and Attempts to End Her Own Life

Wilmington, Del., Nov. 6. — Apparently insane, Mrs. Irene Stopka, 30 years old, last evening took her two little daughters, one five and the other seven years old, to the pier of the Wilmington Yacht Club, at Gordon Heights, where she threw them overboard and then jumped into the river to follow them. Both children were drowned, but the mother struck shallow water and then waded to a launch close by into which she climbed. She was found several hours later unconscious from wet and exposure.

### Diplomacy at Home

Every now and then wife urges husband to buy some new clothes for himself, but if he is a pretty good talker he can get out of it without making her mad.—Fort Worth Star.

### Kaiser's Daughter Decorated by Father

Paris, Nov. 6. — The Duchess of Brunswick, formerly Princess Victoria Louise, only daughter of the Kaiser, has been decorated by her father. She was awarded the Red Cross medal for her services in nursing the wounded and otherwise furthering the work of the Red Cross. The Duke of Brunswick is heading a regiment at the front.

## Watch the Bell Telephone Searchlight For Election Returns

A powerful searchlight mounted on the roof of the Division Office Building of The Bell Telephone Company of Pennsylvania on Market Square, will tell you who leads for President.

When the returns favor President Wilson, the light will point across the river to the west.

When the returns favor Mr. Hughes, the light will point over the State Capitol dome.

When the returns indicate a close contest, the light will point straight up in the air.

The Bell Telephone Company of Pennsylvania
