"The Line is Busy"

Eight and one-half billion telephone calls were answered last year in the Bell System. It is not surprising that some telephones were found to be busy.

That report, however, does not always mean that the called telephone is in use. Remember that some other party on the line may be talking or someone else may be calling for a number on that line. Bear in mind, too, that it is actually more work for the operator to report a line as busy than it is to complete the connection.

Busy men have busy telephones. It is unavoidable that you may sometimes have to knock more than once at their telephone doors.

## Carlisle Street Lights to Give Result of Election

Carlisle, Pa., Nov. 6.—A new feature in the giving of election returns will be introduced in Carlisle, on Tuesday night, President George M. Hays of the Carlisle Light, Heat and Power Company announced to-day. The company is among the first of utilities concerns to adopt the plan of announcing presidential election returns. At midnight, the arc lights of the town will be turned off and on five times if Charles E. Hughes appears to be elected and twice if Wilson again receives a majority of the electoral votes. If the result is in doubt at the time there will be nothing done. The interest in the election is intense in Carlisle and the plan was adopted as the quickest for giving citizens of all sections the result.

### TYPHOID AT EBERLY'S MILLS

Eberly's Mills, Pa., Nov. 6.—Two cases of diphtheria and three cases of typhoid fever have been reported in this little town. The cause of the disease is placed on the water supply. Dr. Harvey Bashore, of West Fairview, Cumberland county health inspector, has investigated and is having the water supply tested. A report will be made to-morrow. All residents get their supply from a small spring in the town.
