STATE FUNDS ARE IN 94 BANKS NOW

Shrinkage in the Number of Depositories Shown by Recent Reports Filed

Only eighty-eight banks and trust companies in Pennsylvania outside of the active depositories contain deposits of State money at present, the number being the smallest in years. The State's balances at the end of October amounted to \$3,628,966.79, of which almost half were in the active depositories and subject to drafts for the payment of school appropriations, governmental expenses and other charges.

Thirty-eight banking institutions had inactive deposits of the general fund, their total holdings being less than a third, while forty-seven hold sinking fund deposits to the amount of \$646,000. The game propagation fund was in three banks, except for \$68,000 in an active depository. The uninvested balances of the fire insurance and school funds, or about \$97,000, the game bounty fund and other funds were all in active depositories.

About the end of the year quite substantial additions will be made to the invested funds of the State school and fire insurance funds, which now aggregate considerably over half a million dollars.

Going Up.—Estimates of the revenue of the State Dairy and Food Division this year are that it will produce about \$200,000, the highest amount ever turned in. Last year it produced \$274,000. The bulk of the revenue is from oleomargarine licenses and fines for violation of the pure food laws.

Certificates Filed.—Certificates of notification have been filed at the State Public Service Commission as follows: The Connecting Railway Company, Philadelphia, bonds, \$3,000,000, to reimburse the Pennsylvania Railroad for construction advances; Chester Valley Electric Company, Light, Heat and Power, Philadelphia, bonds, \$47,000; Counties Gas and Electric Company, Philadelphia, bonds, \$356,000, for property additions; Philadelphia Suburban Gas and Electric Company, Philadelphia, bonds, \$104,000, for improvements; Erie Lighting Company, Erie, bonds, \$64,000, for extensions; Mahoning and Shenango Railway and Light Company, bonds, \$500,000, for extensions; Allentown-Bethlehem Gas Company, Allentown, bonds, \$74,000.

No Session To-day.—The Public Service Commission will probably consider the Philadelphia commuters cases in executive session on Thursday. No meeting of the commission will be held in the morning, being deferred until Wednesday when hearings will be held, the executive session being the following day. The commission really has nothing before it as the company of the railroads and commuters have been addressed to each other and the commission has merely transmitted them. Some answer is expected by Thursday.

Hill Deserted.—Little business was transacted on Capitol Hill to-day as almost every one except officials and attaches living in Harrisburg was away looking after the political end of things. The bulk of the departments were open only a few hours to-day and then closed until Wednesday morning. Governor and several ministers return here late Tuesday night or early Wednesday morning. He will then begin work on his message to the Legislature and probably make some of the long delayed appointments.

Three Seek Clemency.—The State Board of Pardons list for November 16 has been closed and three applications for clemency for men condemned to the electric chair are listed for argument and in addition application for a rehearing of another murderer has been made. The Board's list contains fourteen new cases and four applications for rehearing all told, the smallest for some time. The murder cases listed are Julius Alston, Chester; D. Digeso, Schuylkill, and Ernest Haines, Jefferson. H. Motter, of Jefferson is asking a rehearing. Haines, Digeso and Motter are all under 18 years of age. Motter was refused recommendation for clemency last month.

Scarlet Retained.—William H. Berry, former State Treasurer, has retained James Scarlet, the Capitol probe counsel, as his lawyer in the proceedings started against him by T. Larry Eyre.

Knoll Takes Hold.—Josef N. Knoll of Hummelstown, has taken charge of work in the zoology division at the Department of Agriculture. He is a State College man and has been in government service at Washington.

Await Report on Fairs.—People at the Capitol are awaiting with interest the report of the men who visited the various fairs throughout the State to see if they were run "wide open" and whether agriculture or amusements were given prominence. Under the law the State can refuse to pay appropriations to fairs which do not meet the standards and several times under former secretaries and auditor generals the funds were held up. Secretary Patton had men visit fairs to make confidential reports to him.

Approved Plans.—The plans for the system of the Elkwood Sewerage Company near New Cumberland have been approved by the Department of Health.

SHOOTING RABBITS IN TOWN
Waynesboro, Pa., Nov. 6.—Although there is an ordinance in effect making it unlawful to hunt rabbits in the town, on Saturday several persons were seen shooting rabbits in a field that adjoins one of the principal streets.

OUCH! RUB OUT RHEUMATIC PAIN

Rub pain, soreness, stiffness, sciatica right out with "St. Jacobs Oil."

Count fifty! Pain gone. Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away! Apply soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot," and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and can not burn or discolor the skin.

Limber up! Stop complaining! Get a small trial bottle of "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Oil" has relieved millions of "rheumatism sufferers" in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

Shall Our Boys and Girls Have a Square Deal?

To Each Voter of Harrisburg:

Are you actually interested in the future usefulness to themselves and the country of your own boys and girls?

Are you willing to help provide them with the better opportunities for obtaining the technical and scholastic education which will best fit them for success?

Will you heed the unanimous statements of national experts, of the State authorities, of your own school superintendent, of your own School Board, of a representative committee of your own business men, in regard to the present almost desperate need for relief from congestion in Harrisburg's High Schools—YOUR High Schools?

These are the questions for voters to answer to-morrow "Yes" or "No" as they consider the proposed loan for school extension.

There is no lack of information as to the details of this school congestion. The High School pupils who paraded in the rain on Saturday know they are deprived of full time and a "square deal". The School Board has given the public full information upon the situation.

To have the boys and girls of Harrisburg who come to high school age forced to study in unpleasant, unsuitable, inconvenient, unwholesome surroundings, on part time, is unfair, dangerous and intolerable.

The plans proposed by the School Board, and heartily endorsed by the Citizens' Committee appointed by the Chamber of Commerce, would provide, at the least practicable cost for the legally-required fireproof buildings in proper surroundings, such facilities as would relieve the congestion in the High School. At the same time the proposition would establish a new and very important adjunct to better education in Harrisburg—a system of Junior High Schools.

Further, this action would automatically provide against the impending congestion of all the grade schools. There are now no available rooms on the "Hill" to take care of the 1917 increase in pupils.

The proposed loan simply places at the disposal of the School Board, under the most economical financial conditions for the taxpayers, a sum within which it is believed to be possible to promptly remedy the existing illegal, outrageous and improper conditions. No other plan which is based on the actual conditions, or on either knowledge or experience, has been offered as a substitute.

Harrisburg has prospered mightily in the past fourteen years through the wise expenditure of money voted in the loans of 1902, 1905, 1910 and 1914. All these expenditures have been upon the best obtainable expert advice. The proposed High School Loan is of the same nature, and it is to keep in line with the advance of Harrisburg, that voters are now asked to favor this loan by voting "Yes" to-morrow.

The responsibility is with the voters of Harrisburg. Neglect, apathy, carelessness, indifference, may mean the defeat of the loan.

That would put upon the School Board the alternative either of still further reducing the hours of instruction given to pupils until it became actually necessary to refuse further admissions to the schools or of placing upon the taxpayers the heavy burden of double taxation in order that the necessary facilities for relief might be provided.

If the loan is authorized, there is little likelihood of any serious increase in the taxes, and no necessity whatever for increase in rents.

The School Board has arranged for the continued help and co-operation of the Citizens Committee, consisting of Messrs. W. M. Donaldson, William Jennings, Arthur D. Bacon, Francis J. Hall and George A. Shreiner, to advise with it through the entire program of selecting sites and architects, approving plans, and placing contracts for the erection of the schools required. The sort of co-operation, therefore, which has been efficient previously in the spending of public money, is thus assured.

COMMITTEE OF THE HARRISBURG CHAMBER OF COMMERCE REPRESENTING THE CIVIC CLUB, THE ROTARY CLUB, THE MUNICIPAL LEAGUE AND OTHER ORGANIZATIONS.

- ARTHUR D. BACON,
- J. AUSTIN BRANDT,
- WILLIAM JENNINGS,
- HERMAN P. MILLER,
- FRANK C. SITES,
- JOHN F. SWEENEY,
- J. HORACE MCFARLAND, Chairman.

"Bogey" Tournament For Harrisburg Park Club

The Harrisburg Park Golf Club will hold a "bogey" tournament to-morrow, section day, on the links in Reservoir Park. Play will commence at 9 o'clock and will continue all day.

Valuable prizes will be given, the first being a beautiful silver loving cup. Each competitor may play as many rounds as he desires. It will be a match play tournament, nine holes against the "colonel," with the usual handicap allowances. As this will probably be the last competition of the 1916 season, all members are cordially invited to compete.

COACH CLEVVETT ENTERS SUIT

Carlisle, Pa., Nov. 6.—Suit for \$10,000 damages for false arrest and imprisonment will be brought to-day by M. L. Clevett, athletic director at the Carlisle Indian School. Suit will be entered against the athletic club in Conshohocken as the result of trouble which occurred Saturday when the game between the Carlisle Indian eleven and the Conshohocken team was called in the third period because of trouble between the opposing players.

Clevett, on the advice of officials at the local school, to-day engaged William A. Kramer, a former district attorney and leading lawyer, to represent him in the suit, which he says he will push to the limit.

SCHOOL DIRECTORS ELECT

New Bloomfield, Pa., Nov. 6.—The school directors of Perry county met in annual session in the courthouse and elected the following officers: President, E. S. L. Sauls, of Newport; vice-presidents, George E. Boyer, Duncannon, and John L. Hain of Marysville; secretary, W. J. Kines of New Bloomfield; treasurer, J. F. Alter of New Bloomfield. Representatives to State convention, W. J. Kines and John L. Hain. Superintendent L. E. McGinness of Steelton gave an interesting talk on "Discipline." Prof. R. M. McNeal of the State Department of Public Instruction gave an address on "The School Director and Public Sentiment."

Former Central Star Is Winning Fame as Runner

Harrisburg's growing athletic fame through the activities of the graduates of its schools to universities is again evidenced by the work of David Shotwell, of Princeton University, a graduate of the Central high school. In the annual dual cross-country run on Saturday between Yale and Princeton at New Haven Captain Shotwell hugged the winner of the run, Captain Johnny Overton, of Yale, over the entire six-mile course, finishing second in a field of twenty-four. Overton established a new record of 36 minutes 28 1/2 seconds for the 6 1/2-mile course. Shotwell should give a good account of himself in the intercollegiate.

Rededication of St. Paul's Church at Mechanicsburg

Mechanicsburg, Pa., Nov. 6.—Yesterday rededication services were held in St. Paul's Reformed church, which has undergone extensive repairs. A new system of electric lights has been installed, new frescoing and new carpet. At both morning and evening services, the Rev. Dr. Theo. F. Herman, professor of Systematic Theology at the Theological Seminary of the Reformed church at Lancaster, was the speaker.

DRINK HABIT

Reliable Home Treatment

The Urine treatment for breaking up the Drink Habit can be used with confidence. It destroys all desire for whiskey, beer or other alcoholic stimulants. Thousands have successfully used it and have been restored to lives of sobriety and usefulness. If you fail to get results from Urine after a trial, your money will be refunded.

Urine is prepared in two forms: No. 1, secret treatment; Urine No. 2, voluntary treatment. Costs only \$1.00 a box. Ask for booklet.

Geo. A. Gargas, 16 North Third Street, Harrisburg; John A. McCurdy, Steelton; H. F. Brunhouse, Mechanicsburg.

O. HENRY AS A DRUG CLERK

O. Henry's five years in his uncle's drug store meant much to him as a cartoonist. His feeling for the ludicrous, for the odd, for the distinctive, in speech, tone, appearance, conduct, or character responded instantly to the appeal made by the drug store constituency. This store was the rendezvous of all classes, though the rear room was reserved for the more elect. The two rooms constituted, in fact, the social, political, and anecdotal clearinghouse of the town. The patronage of the grocery stores and drygoods stores was controlled in part by denominational lines but everybody patronized the drug store. It was also a sort of physical confessional. The man who would expend only a few words in purchasing a ham or a hat would talk half an hour of his aches and ills or those of his family before buying twenty-five cent's worth of pills or a ten-cent bottle of liniment. When the ham or the hat was paid for and taken away there was usually an end of it. Not so with the pills or the liniment. The patient usually came back to continue his personal or family history and to add a sketch of the character and conduct of the pills or liniment. All this was grist by denominational lines but everybody worked" for November.
