FACT

Local Evidence.

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinion is not enough. Opinions differ.

Here's a Harrisburg fact.
You can test it.

E. E. Dare, 430 Peffer street, Harrisburg, says: "Several years ago, I was laid up with lumbago for several days at a time. When I had these attacks, I was helpless. I couldn't move without a knife-like pain across my kidneys. When I was able to get around, I could hardly bend over and when I did, I couldn't straighten up. I couldn't rest nights on account of the pains in my back. The kidney secretions passed too frequently and contained sediment. I doctored, but got no relief to speak of until I used Doan's Kidney Pills. After i had taken them a few days, I went back to work. That sharp pain in by back disappeared and I was able to get around as well as ever." (Statement given August 29, 1914.)

On January 28, 1916, Mr. Dare said: "It is only when I catch cold now that I have to use Doan's Kidney Pills, but when I do, I always get good results."

HEAVY IN MINNEAPOLIS

St. Paul, Minn., Nov. 7.— With ideal weather was every early indication that a heavy vote would be polled in Minnesota to-day.

Votes of Women

Do women realize that they already vote in the most effective way on important questions?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

So women have been voting on the question of health. When they have suffered from woman's aliments their vote has been overwhelming for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.—adv.

The Warren Moore Company of Philadelphia is working on the new freight station. There were numerous delays in getting this improvement under way because of water trouble and lack of labor. However, the contractors are more than pleased with the progress made. The new station is to be four stories in height, built of reinforced concrete, and there will be three freight sheds, and tracks to accommodate 143 cars. The cost of this improvement is estimated at \$500,000.
