CROP PEST TO WALK THE PLANK

Lack of State Funds Will Cause the Dropping of a Number of Men Soon

Seventeen of the crop pest inspectors of the Bureau of Zoology of the State Department of Agriculture will be temporarily suspended on November 15 on account of lack of funds to carry on the work. Economic Zoologist J. G. Sanders has notified the men of the lay-off which is made necessary because he found that 75 per cent of the funds devoted to the inspection work were expended in a little over 60 per cent of the appropriation period. It has been the custom of the department to suspend the men for several months during the winter but the lay-off comes six weeks earlier than usual this year on account of the low condition of the finances.

The inspectors temporarily suspended are: M. L. Benn Coudersport; E. C. Bowers, East Petersburg; J. S. Briggs, Norristown; A. W. Buckman, South Langhorne; W. H. Bullock, Honesdale; I. C. Cherrington, Catawissa; J. W. Cox, New Castle; A. O. Finn, Forest City; Cyrus T. Fox, Reading; F. L. Holdridge, Tidouit; S. W. Kerr, Stony Creek Mills; D. A. Knuppenburg, Drexel Hill; B. S. Moore, Kulpsville; E. F. Peirce, Swarthmore; G. B. Stichter, Pottsville; J. C. Willson, Wallisrun, and James Bergy, Millfintown, who has been elected to the State Legislature.

R. P. Allaman, of Bedford, has been suspended at his own request to attend to private business, and E. L. Loux, Soudersport, was relieved on the first of the month.

The four men retained are H. E. Backus, North East; M. E. Shay, Holmesburg; H. E. Taylor, Chocora, and Francis Windle, West Chester. These men will take care of the nursery inspection, some of the inspection of foreign importations and the white pine blister rust and the men suspended will be employed from time to time as necessary during the winter to take care of any work which may develop.

SURVEY TOWNSHIP LINES

The commission recently appointed by the Dauphin County Court to report on the disputed boundary lines of Rush and Hanover townships met again today and practically decided to have the boundaries surveyed by an engineer. The report must be made to the court in January.

SEND OUT INSTITUTE PROGRAMS

Programs for the annual sessions of the Dauphin county teachers' institute and the gathering of the county school directors' association, to be held in the House of Representatives, November 13-17, were issued today by Professor F. E. Shambaugh.

OLD FASHIONED FAMILY REMEDY FOR COLDS AND BODY BUILDING

Father John's Medicine Builds Up the Body Without Use of Alcohol or Dangerous Drugs. A Doctor's Prescription, 60 Years in Use.

Absolute Truth of This Story Attested by Guarantee to Give \$25,000.00 to Any Charitable Institution if Shown Otherwise

Father John's Medicine is a physician's prescription. Prescribed for the late Rev. Father John O'Brien, of Lowell, Mass., by an eminent specialist in 1855. Father John recommended this prescription to his parishioners and friends and in this way it became known as Father John's Medicine. This story is true and we guarantee to give \$25,000.00 to any charitable institution, if shown otherwise. Father John's Medicine is recommended for coughs, colds and throat troubles, and to make flesh and strength. Does not contain alcohol or poisonous drugs.

BERKS IS BANNER WHEAT COUNTY

Twenty-Six Counties Show Production Above Average For the State

Twenty-six counties show an average production above the general state average of 18.8 bushels to an acre for the wheat crop of 25,070,500 bushels on the farms of Pennsylvania during the past year, according to figures just compiled by the Bureau of Statistics of the State Department of Agriculture. Berks and Philadelphia counties carry off the highest average honors for the year with a record of 24 bushels to an acre. Berks had a banner wheat crop of large proportions.

The general average does not reach the mark of 19 bushels set a year ago, but splendid crops were reported from many counties. Individual reports of yields of from 30 to 40 bushels to an acre have been received. Lebanon county closely follows the honor wheat counties with an average of 23.5 bushels to the acre, while the mark for Northampton is 23 bushels, and for Lancaster county 22.9 bushels. Chester shows an average of 22.7 bushels. Delaware 22.5, Montgomery 22.4, Schuylkill 22, Luzerne 21.8, Lehigh 21.7, Susquehanna 21.6, Bucks, 21.4, Elk, 20.8, Allegheny 20.4, Carbon 20.2, Pike 20, Somerset, 19.8, Monroe 19.8, Sullivan 19.5, Westmoreland 19.4, Clinton 19.4, York 19, Northumberland 18.9, Cumberland 18.8 and Union 18.8.

The Smallest Average on an acre was reported from Fulton county at 14 bushels, while Juniata and Venango counties showed 15.5 bushels as the average yield.

Charities Board Meets.

The State Board of Public Charities began its biennial hearings of requests for recommendations for appropriations at the offices of the board in the capitol today. The Harrisburg State hospital and other institutions were listed to be taken up during the afternoon. The committees will maintain their programs. The State hospital committee was among the early ones on the list.

Governor to Return.

Governor Brumbaugh is expected to return to the city today. The governor will attend several board meetings at the capitol tomorrow.

Scranton Hearings Held.

Members of the Public Service Commission sat today in Scranton to hear the jitney cases. The committee will meet here tomorrow.

Smalls in Demand.

Copies of Small's legislative handbook are in tremendous demand at the capitol just now and hundreds are being ordered.

Board to Sit Tomorrow.

The State Compensation Board will sit here tomorrow for local hearings. Several decisions are expected.

Capitol on Wire.

People at the State Capitol were literally on the wire today. Everyone was anxious to get information about the election and many officials and attaches were at their homes there was not much business.

ELECTION CROWDS FILL STREETS ALL NIGHT

(Continued From First Page)

propensities began steadily overhauling the G. O. P. lead.

If a general wireless tip as to the Democratic change had been sent broadcast over the air, the crowd could not have gone out more general; and the crowds began to crowd round the bulletin boards and to grab the triple signal which led into the Telegraph editor's rooms.

And "situation officially doubtful, with Mr. Hughes leading" was the best information that the Telegraph could give.

Long before midnight the biggest crowd that ever filled the central section of the city watched the returns. By 10:15 o'clock the Bell Telephone company had a big procession stop signal declaring Hughes elected, and at the same moment the Harrisburg Light and Power company "winked" the triple signal which the street standard in the business district had been breathless public that the decision had gone favorably toward the Republican party.

Then, too, long after midnight the happy, if weary, Republican cohorts got out the Commonwealth band and rade. The big procession stopped for cheers and a brief serenade in front of the Harrisburg Republican Club and then traveled up to the West End Republican club headquarters where there were more cheers and another esenade.

3 OF 5 DISTRICTS FOR HIGH SCHOOL

(Continued From First Page)

trict against it. The public spirit of this section may bring on the idea of annexation of this territory to either Lemoyne or Camp Hill. If this territory was taken either through or by the two boroughs, the school would be more likely than under the present conditions.

Camp Hill passed the measure but with not as much a majority as the other districts. The vote there was 135 to 104. The vote in first precinct at Lemoyne was 116 for and 53 against in the second precinct, 110 for and 41 against. Womelsberger passed the measure by a vote of 124 to 44. West Fairview downed the project with a much larger majority than the other districts passed it. The vote there was 251 against to 65 for. Lower precinct of East Pennsboro voted in favor of the project by a vote of 161 to 28; the first upper precinct voted against it by a vote of 151 to 28 and the Second Upper voted it down by a vote of 209 to 101.

It is likely a joint meeting of the three boards will be held within a few days to determine whether to proceed under present conditions or discontinue the work. If the work is not continued, well-known educators state that in West Shore will be held back in educational progress for at least five years.

Mystery Spinning Tire Attracts Many People

"What makes it go?" everybody is asking about the mysterious tire illusion on display from 7 p. m. to 9 p. m. in the window of the Sterling Auto Tire Co., 109 South Second street, local distributors for Miller Geared-to-the-Road tires.

In a weird looking box, before your very eyes, a regulation Miller Tire swiftly revolves in mid-air without any apparent means of support. "A second Million Dollar Mystery" is an expression commonly heard in connection with the illusion, which was perfected by no less a person than Howard Thurston, the great magician.

The guessing contest as to what makes it go around is open to all motorists and closes November eleventh.

The Young Fellows Are Hep to the Quality of Hart Schaffner & Marx Clothes

Every day you'll find new faces leaving our front door — faces aglow with the smile of confidence and satisfaction inspired by these snappy clothes. Truly, we're putting out a surprising number of these fashionable garments.

Brotherhood Man Retaliates With Charges Against Chief Warren S. Stone

New York, Nov. 8. — As a result of his opposition to the campaign waged by Warren S. Stone, Grand Chief Engineer of the Brotherhood of Locomotive Engineers, for President Wilson and the Adamson bill Edgar Jay Dwyer, formerly Chief Engineer of Central Division No. 157, was tried in Jersey City and informed that he would be expelled from the organization after election day.

Mr. Dwyer has been a member of the division since 1889, and in four previous Presidential campaigns has engaged in political work without a protest from his chiefs.

Ever since he came out against the Adamson law and quoted other railroad men to show that this measure could not be explained by any one, Mr. Dwyer has received hints from Grand Chief Stone that his work was not being appreciated with a heavy fine or imprisonment, or both, for men to strike.

"It is my honest belief, although I cannot prove it, that there is some secret bargain between Woodrow Wilson and the leaders of the four railroad brotherhoods, to make the work of the railroad men through the action of section 4 that makes it a misdemeanor, penalized with a heavy fine or imprisonment, or both, for men to strike.

"The Adamson law," Mr. Dwyer asserted, "makes virtual slaves of all railroad men through the action of section 4 that makes it a misdemeanor, penalized with a heavy fine or imprisonment, or both, for men to strike.

"These are my honest convictions regarding the present condition of our brotherhood."

Newspaper Opinion on Value of Railroad Y. M. C. A.

The Montreal Daily Gazette, one of the leading papers of Canada, made this statement concerning the work of the Railway Department of the Young Men's Christian Association on the Canadian Pacific:

"These places offer food and lodging and recreation and all sorts of wholesome things, including libraries, baths, gymnasiums, swimming pools — all of which, in their use, have moral as well as physical effects. These Association club rooms have, in fact, exalted the morale of the men of our Canadian systems in the most marked degree. Before they were set up, men coming off their trains in strange towns had to go either to cheap lodging houses or to the rooms of the saloons. They were provoked to indulge and to act, generally, in a way that was inimical to their health and their fitness for clear-eyed duty. The clubhouses have given a new dignity to the men. They take pride in their appearance. They are, after their work, eager to refresh themselves and make clean toilets, while they have taken, many of them, to good literature."

No movement, looking to their betterment, has shown more satisfactory results among railway men than the Association club rooms scattered over the country at the junctional points of our great railway systems in Canada.

New York Central Plans For Costly Improvements

Columbus, Ohio, Nov. 8. — A. H. Smith, president of the New York Central Railroad Company, informed the Ohio Public Utilities Commission that his company intends to spend approximately \$15,000,000 for new equipment next year.

Announcement of the proposed expenditure was made in an application for authority to issue \$12,000,000 of equipment trust certificates, to be sold at not less than 97. The application

Hughes Far in Lead in Pennsylvania, Anyhow

Philadelphia, Nov. 8. — Returns from 4,174 districts out of 6,968 in Pennsylvania received up to noon to-day gave Wilson 347,971 and Hughes 513,971.

Philadelphia, Nov. 8. — The complete vote of Philadelphia gave Wilson 29,134, Hughes 192,078.

For United States Senator — Orvis, Dem., 79,602; Knox, Rep., 191,071. For Congressman at Large — Kinsley, Dem., 77,480; Moore, Dem., 76,385; Ross, Dem., 89,922; Waldlich, Dem., 75,028; Grago, Rep., 190,531; Garland, Rep., 190,041; McLaughlin, Rep., 174,795; Scott, Rep., 192,570.

Auditor General — Murrin, Dem., 74,677; Snyder, Rep., 191,570. For State Supreme Court — Palmer, 37,546; Walling, 180,331. For State Treasurer — Cramer, Dem., 80,522; Kephart, 187,497.

Wilson to Sell in the Dauphin Column

Chicago, Ill., Nov. 8. — Oliver W. Stewart, national prohibition campaign manager, in a statement on returns on prohibition in various States to-day said:

"Returns indicate that the drys have added four States—Michigan, South Dakota, Nebraska and Montana—to the dry column," said Mr. Stewart. "We saved Arkansas to the array of nineteen dry States with which we entered the campaign. The election of Embrey as Governor of Utah, a Democrat, favoring prohibition I think means prohibition by statute there. We are particularly pleased with victory for woman's suffrage in South Dakota, for that means the election of officials who will make the prohibition law effective.

WILSON CARRYING MONTANA

Helena, Mont., Nov. 8. — Returns early to-day, indicated a victory for President Wilson in Montana by 10,000. The re-election of United States Senator Meyers over Charles N. Ray, Republican, and the re-election of Governor Stewart, Democrat, over Frank J. Edwards, Republican.

WYOMING FOR WILSON

Cheyenne, Wyo., Nov. 8. — One hundred and seventy-nine precincts out of 588 in Wyoming give Wilson 28,218; Hughes 5,840.

WILSON LEADS IN IDAHO

Boise, Idaho, Nov. 8. — Returns early to-day from nearly half of Idaho's vote gave Wilson 28,104 and Hughes 22,507.

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime package of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

DAUPHIN COUNTY GOES FOR HUGHES

(Continued From First Page)

and Washington, 5,265; Mates, Democrat, 5,177.

Upper End Solid as a Rock

One of the most gratifying features of the results of the return of the upper end to the Republican fold. The figures in other columns show that the Republican candidates came to the top with a majority of between 400 and 500, completely overturning the results of four years ago and utterly discomfiting the Democrats who had confidently counted on carrying the county.

County Chairman William H. Horner and Vice Chairman James E. Lenz, who handled the details of the campaign, were highly complimented to-day upon the results in Dauphin county.

PRESIDENT AHEAD

Seattle, Wash., Nov. 8. — President Wilson appeared early to-day to have carried Washington by more than 10,000. Senator Poindexter, Republican, may have 50,000 majority over Turner, Democrat, for Senator. Governor Lester (D), maintains his lead over McBride, (R).

Good Housekeeping Demands Dustless Homes With the Least Work Possible

Scattering and sweeping of dust is unsanitary and dangerous to health. Up-to-date homes are being kept spick-span clean and bright, the easiest and best way. Use the methods recommended by leading authorities on the subject of health and hygiene.

RUBY GLOSS

Is outgrowth of seven years' experience in polish making. It is guaranteed better than anything that you have ever used. It polishes at the same time—brightens and lightens woodwork and floors; restores furniture, pianos, and violas; and makes autos look like new.

Just a few drops do the work. Try it.
