### SMALL SCHOOLS ARE NUMEROUS

State Campaign to Close Very Small Ones Appears Likely Now

Some figures compiled by the experts connected with the State's educational system from personal visits and from study of reports show that there apparently exists in Pennsylvania some good reason for the movement inaugurated by school superintendents in Southern Pennsylvania counties for closing of schools in which average attendance falls below ten.

### The Old Age Sign Double Crossed

Don't let gray hair make you look years older than you are, for it is now an easy matter to tint gray, faded or thinning hair in a harmless way. The new preparation, "Brownstone," is proving so popular that thousands of people of refinement and many leading hair-dressers are now using the wonderful product exclusively. "Brownstone" meets every demand and fulfills every requirement of it, and is so simple to use that no previous experience is necessary. It comes ready for use—no mixing and is entirely free from lead, sulphur, silver, zinc, mercury, aniline, coal-tar products or their derivatives. There is no danger of irritation or a poisoned scalp when you use "Brownstone," because it is guaranteed harmless. Produces the most beautiful shades from light golden to the deepest brown or black. Will not rub or wash off, and cannot be detected. Most all leading druggists and hair-dressers sell "Brownstone" in two sizes, 25c and \$1.00, and in two colors—one to produce "golden or medium brown," the other "dark brown or black."

### If Stomach Hurts Drink Hot Water

A Physician's Advice "If dyspeptics, sufferers from gas, wind or flatulence, stomach acidity or sourness, gastric catarrh, heartburn, etc., would take a teaspoonful of pure, saturated magnesia in half a glass of hot water immediately after eating, they would soon forget they were ever afflicted with stomach trouble, and doctors would have to look elsewhere for patients." In explanation of these words a well-known New York physician stated that most forms of stomach trouble are due to stomach acidity and fermentation of the food contents of the stomach combined with an insufficient blood supply to the stomach. Hot water increases the blood supply and saturated magnesia instantly neutralizes the excessive stomach acid and stops food fermentation, the combination of the two, therefore, being marvelously successful and decidedly preferable to the use of artificial digestives, stimulants or medicines for indigestion. G. A. Gorgas can supply you.

# What Constitutes Leadership?

## "In Clothing—It Means Anything That Doutrich Does"

Copyright 1916 The House of Representatives

Consult Webster--and you'll find the true meaning of Leadership—it does not say however, that a leader is one who follows — who imitates — thinks nothing — does nothing save that which he first sees done by others. Observe closely and you will find our methods — our prices and our advertising are being copied by others.

All eyes have been watching "Doutrich" Leadership—mark the progress of this "Live Store" — The leadership in the volume of our sales — leadership in the dependability of our merchandise, leadership in greater value-giving and in SERVICE to the people.

"This Live Store" could never have built up such a tremendous business as it has, and would not now, in our ninth year in Harrisburg, be forging ahead at a faster clip than ever before if we didn't give the people something more and something better for their money than they can get elsewhere.

Imitation is flattery--we heartily congratulate those who are following DOUTRICH'S "Ideas" — here is the leading store indeed — the store that has advanced more rapidly than any other store in Central Pennsylvania.

### Here is the "Largest," "Leading," "Live Store" where you'll find the better clothing at the lowest possible prices.

### TREE FAKERS BUSY IN PENNSYLVANIA

"Vaccinating" to Prevent Disease Is No Good, Says Prof. Sanders Reports received at the Department of Agriculture of the presence in some parts of the State of tree fakirs have started a move to halt "cures" of tree diseases by "vaccinating" trees by injecting some chemicals under the bark or inserting chemical mixtures in holes bored in trees. Economic Zoologist J. G. Sanders today declared that all claims of this kind are absolutely false and pure fakes and he warns the people of the State against the misrepresentations of such agents. Professor Sanders says he would like to have every person who is approached by an agent who wishes to vaccinate trees to send the name and address of the company or person at once to the Department of Agriculture at Harrisburg so that effective steps to stop the fraud may be taken. Professor Sanders also declared against the driving of nails into trees under any conditions as a cure or remedy for diseases or insects as the practice is always harmful to the trees. It has been represented in some parts of the State that trees need more iron and nails are driven into the trees by agents who claim to be "tree doctors." In the eastern section of the State recently an orchardist was recently approached by an agent who claimed that he had nails dipped in medicine which would work wonders for the trees if driven into them. Other fake agents offer to insert pills or capsules under the bark that will stop tree diseases and damage by insects. Professor Sanders and the Bureau of Zoology is ready to extend every aid to the farmers and orchardists of the State and want to warn everyone of the many methods of fakirs to get their money and ruin their trees.

### PARALYSIS CAUSE OF MANY DEATHS

Effect of the Plague Now Seen in the State Health Reports Only one death was caused by scarlet fever, the smallest from that disease in years, but 112 persons died from whooping cough, 77 from diphtheria, 59 from measles, 9 from influenza and 3 from malaria. Six hundred and ninety eight infants died. There were 87 suicides, 98 killed in mines and 132 killed by railway injuries, other forms of violence causing 684 deaths. In the last few weeks there has been a marked decline in the number of infantile paralysis cases reported and it is not believed that the total of the outbreak will go to the 2,000 mark.

### G. O. P. PLURALITIES GROW

Chicago, Nov. 9.—Republican pluralities in Illinois kept growing today as late returns came in. Hughes' margin over Wilson had climbed past the 185,000 mark, and seemed destined to go close to 200,000. The plurality of Frank O. Lowden, Republican nominee for governor over Governor Dunne, (D) appeared to be ranging around the 150,000 point. The Republican victory in Cook county Tuesday took from Democratic control 1658 regular monthly positions and an annual payroll of \$1,822,730.

### SOUTH DAKOTA DRY

Sioux Falls, S. D., Nov. 9.—Hughes carried South Dakota by approximately 10,000 votes, and the prohibition amendment was adopted by 25,000, according to the latest returns.

### VOTING DOWN SUFFRAGE

Sioux Falls, S. D., Nov. 9.—Three fourths of the state's vote complete on suffrage is 16,997 for; 18,276 against.

### IDAHO FOR PRESIDENT

Boise, Idaho, Nov. 9.—President Wilson maintained a substantial lead over Hughes in Idaho early today. Returns from 523 of the 743 precincts gave Wilson 59,487 votes as against 46,295 for Hughes. The race for Governor still was in doubt, although the incumbent, Moses Alexander, Democrat, was leading by 1,237 over Davis, Republican.

### HUGHES HAS LEAD OF 10,000

Indianapolis, Ind., Nov. 9.—Hughes carried Indiana by a plurality estimated at slightly under 10,000, according to returns received here up to 1 o'clock this morning
