

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many

descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. Note: Another prominent Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent. in one week's time in many instances. I feel sure that it can be obtained or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in Philadelphia by H. C. Keller, Croll Keller and by druggists generally.

Bishop Quayle to Open Teachers' Lecture Course

Dr. William A. Quayle, a bishop of the Methodist church, will be the opening attraction of the tenth annual course of lectures that are a part of the session of the city institutes. Next Tuesday evening he will lecture in the auditorium of the Technical high school on the subject, "Hail, Caine and His Island." Because of Bishop Quayle's prominence in the Methodist church, and as a lecturer, many of the city's church-going people and clergy will be on hand to hear him speak. He is ranked as one of the leading writers of the present day.

Coal Shortage and Prices

The fact that there is a coal shortage is not what is bothering the coal trade. What is causing concern is the fact that prices are showing a tendency to shortly advance at alarming rates of price.

Bituminous coal has already advanced more than 100 per cent. in price—and still going up.

Handsome premiums are being paid for Stove Coal to some operators. There are those in the coal trade who anticipate that within the next few weeks premiums of \$1.00 per ton or more, will be freely paid on some of the favored sizes.

A nation-wide alarm is felt concerning the coal supply and panicky efforts are being made to cover needs.

24 STATES NOW IN DRY COLUMN

Five Taken and One Saved From Wet List; Missouri Votes Down Prohibition

Five States, Michigan, South Dakota, Nebraska and Montana, were added to the dry ranks in Tuesday's election, making a total of twenty-four prohibition States of the forty-eight in the Union. In addition, the Territory of Alaska is apparently voted dry. Arkansas voted to remain in the prohibition column, instead of substituting local option. Utah elected a Governor favoring prohibition, which is taken to mean prohibition by statute in that State. St. Louis overwhelming vote of 13 to 1 against the prohibition amendment probably saved Missouri to the wets. California overhauled the dry amendment.

Brakeman Under Train Saves Life by Quickness

Philadelphia, Nov. 9.—Due entirely to his ability to think quickly in the presence of great danger Walter Coyle, a brakeman on the Pennsylvania Railroad, yesterday escaped almost certain death when he was thrown from a freight train and fell on the tracks. Coyle fell directly between the rails. Realizing there was but one chance to escape death, as he felt himself going under the first car, Coyle by a desperate effort succeeded in stretching himself directly in the center of the roadbed with his face buried between two of the ties. Here he remained while fifteen cars passed over him. At St. Agnes' Hospital it was said Coyle had escaped with a few slight bruises and would be all right in a day or two.

AMUSEMENTS

ORPHEUM—Friday, evening, Saturday matinee and evening—"Fair and Warmer." Monday, evening, only, November 13—"A Full House." MAJESTIC—Vaudeville. COLONIAL—"The Unwelcome Mother." REGENT—"The Reward of Patience." VICTORIA—"Where Is My Daughter?"

Two quaint innocents in a towering rage at their respective marriage partners, who plan a terrible revenge and wake to find and themselves the victims of "Fair and Warmer." Avery Hopwood's farce of temperament and temperature, which Selwyn and Company will present at the Orpheum to-morrow evening, and Saturday matinee and night, after a year of continuous, unabated success in New York has made it the most popular attraction of the current season.

True to his promise, Gus Hill offers a new vehicle each successive season for Bud Fisher's eccentric character conception, "Mutt and Jeff," which comes to the Orpheum next Wednesday, matinee and evening. One cannot imagine the arduous labor attached to the task of furnishing a new book for the ludicrous frolics of those two ill-mated comers, for the reason that the pace set by the original production is a hard one to follow. There will be a laugh to every line of "Mutt and Jeff's" dialogue, a scream to every situation, as the audience looks for it and it must be forthcoming.

Margaret Woodrow Wilson, who will appear here in concert, Friday evening, November 11, at the Orpheum Theater, received her earlier musical training at Peabody Institute at Baltimore. Later in the studio of Rosa David herself a pupil of Jean de Reszke, Miss

Why pay for duty—when you buy cigarettes?

Import duty doesn't add a thing to the quality or taste of a cigarette—it's just a valueless expense.

Piedmonts pay no duty—because they are Virginia tobacco—ALL Virginia—grown right here in the United States. Golden, lively and mellow as Virginia sunshine itself.

Tobacco experts will tell you that Virginia is the best cigarette tobacco that grows on earth.

Liggatt & Myers Tobacco Co.

"A package of Piedmonts, please."

An ALL Virginia Cigarette—

Piedmont

The Cigarette of Quality

10 for 5¢

Also Packed 20 for 10¢

NOTE:—The duty on the Turkish tobacco that goes into a 5¢ package of so-called blended cigarettes is greater than the cost of the tobacco itself! But Piedmonts, made of highest-grade Virginia tobacco, have all the value in the cigarettes—because there is no duty on Virginia tobacco—the ocean freight—no marine insurance—no wasteful handling.

Wilson's voice grew to be one that carried in any auditorium. Removal to the White House a year later meant an interruption of seasons then only possible at broken intervals in Spring and autumn. In summertime at Cornish, however, she was able to devote herself to ardent work. Last April Miss Wilson made a semipublic debut at the Bandbox Theater, New York, and while her private recitals had attracted considerable recognition it was the success that attended her first real public appearance at the Syracuse Music Festival, last May, that determined her to become a professional singer. Subsequent concert tours in Cleveland, Buffalo, where she won the unstinted praise of all the musical critics, convinced her that she had decided wisely.

When Geraldine Farrar was filmed in the role of "Scarlet" at the Orpheum, Burton Holmes as Holmes happened to be on the coast" at the time, and, in search of new travelogue material, he entered that portion of the stadium reserved for the press and working girls by the "Divine Geraldine," whom he knew, and summoned to the box where, as a member of the press, he was in quest of the bull by her beloved Escamillo, the torero. As he entered the box the cry of "All right" was heard, and Mr. Holmes was hastily converted into a Spaniard by Miss Farrar. A moment later he was wearing a beanie and a sombrero on his head, and the latter helping him do a quick change into the costume of a bullfighter. The operator began to turn the crank and Burton Holmes was a movie actor at the moment. He was seen from the waist up, but a correctly tressed American from the waist down.

A new bill of vaudeville, headed by Bobby Smith and "Scarlet" at the Orpheum, opened a three-day engagement at the Majestic Theater in this revenue. Mr. Heath has made the stage setting and the costumes by the girls as attractive as possible, while a generous supply of musical numbers has been arranged for the evening. The songs are written by Mr. Heath, and several of them are proving among the most popular of the season. "In the Sweet Land Ago," "Just One Day," and a few others. Four acts of unusual interest surround the comedians offering. They are: Harkins and McKee, song and piano artists; the "Dora" comedians; a comedy sketch, entitled, "A Breeze That Blew;" Kliner, Taylor and McKay, in a comedy song and talking; and Wilson and Larsen, clever comedy acrobats.

"Where I My Daughter?" which is being shown to-day for the last time, scored a big success at the Victoria Theater. It is a powerful lesson to every mother and daughter should see this great, true-to-life play. It will make you think. It has made millions think. Mary McLaren, who plays the stellar role, appears very pleasing and entertaining in this play, despite the fact that this is her first appearance before the camera. Mary McLaren takes the part of Eva Meyer, a poor girl, who, after months of weary struggle, is sold out for a pair of shoes. This production is founded on a story written by Stella Wynne Herron, the basic idea of which originated in a book by Jane Addams. Prices to-day and the remainder of this week will be our usual prices for the last times to-day. Present Mabel Tallafiero, that dainty, little actress, in "The Dawn of Love." A drama of "Down East" on Saturday of this week Alice Brady will be seen in "The Glided Cage."

The strong William Fox feature, "The Unwelcome Mother," which was presented at the Colonial Theater yesterday, will be shown at the Orpheum Theater to-day. "The Unwelcome Mother" is a photoplay on the marriage problem. It deals with a problem that often arises in everyday life. The fourteenth and last episode of "The Grip of Evil" is the added attraction of the program, and decides the perplexing problem that John Barton, the hero, has so long been trying to solve. Friday and Saturday, William S. Hart, acknowledged by all to be the greatest portrait of Western characters on the motion picture screen, will be seen in a new, powerful Western love play, "The Return of Draw Egan." Mr. Hart has been shown at the Colonial Theater in many different plays, but from all advance notices received "The Return of Draw Egan" gives him his greatest

role. Margery Wilson and Louise Glaum will be seen in the supporting cast. On the same program is a new two-reel Keystone comedy called "The Lady Drummer." Attraction for Monday and Tuesday, Vaieska Surratt, the fashionplate of the screen, in "The Straight Way." If you were a young Quaker girl, whose knowledge of life was confined to the narrow limits of your home town and husband, King Kalakaua, died. It was only two years later, in January, 1891, when the foreigners in Hawaii deposed her and set up a provisional government. Cleveland's commissioner, James H. Blount, ordered the American flag pulled down, but President Dole refused to step out. The islands were formally annexed in 1898.

Queen Liliuokalani Is Believed Fatally Ill

San Francisco, Cal., Nov. 9.—Liliuokalani, the former queen of Hawaii, is expected momentarily, according to in-

WAKE UP FEELING FRESH AS A DAISY

Get a 10 Cent Box of "Cascarets" for Your Liver and Bowels. To-night sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Liliuokalani became ruler of the Hawaiian Islands in 1891, when her husband, King Kalakaua, died. It was only two years later, in January, 1891, when the foreigners in Hawaii deposed her and set up a provisional government. Cleveland's commissioner, James H. Blount, ordered the American flag pulled down, but President Dole refused to step out. The islands were formally annexed in 1898.

Nuxated Iron to make New Age of Beautiful Women and Vigorous Iron Men

Say Physicians—Quickly Puts Roses Into the Cheeks of Women and Most Astonishing Youthful Power Into the Veins of Men—It Often Increases the Strength and Endurance of Delicate, Nervous, "Run-down" Folks 200 Per Cent. in Two Weeks' Time. A Wonderful Discovery Which Promises to Mark a New Era in Medical Science. NEW YORK, N. Y. — Since the remarkable discovery of organic iron, Nuxated Iron or "Fer Nuxate," as the French call it, has taken the country by storm. It is conservatively estimated that over five million persons daily are taking it in this country alone. Most astonishing results are reported from its use by both physicians and laymen. So much so that doctors predict that we shall soon have a new age of far more beautiful, rosy-cheeked women and vigorous men. Dr. King, a New York physician and author, when interviewed on the subject, said: "There can be no vigorous iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale. The flesh flabby. The muscles lack tone; the brain fags and the memory fails and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks. "In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, dog-eared cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss. "Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt." Dr. Sauer, who has studied abroad in great European medical institutions, said: "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, grippe, consumption, kidney, liver, heart trouble, etc. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by a lack of iron in the blood. "Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with a blood pressure of a boy of twenty and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret, he said, was taking iron—Nuxated Iron had filled him with renewed life. At thirty he was in bad health; at forty he was care worn and nearly all in. Now at fifty a miracle of vitality and his face beaming with the buoyancy of youth. Iron is absolutely necessary to the living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were alluring all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron iron acetate, or tincture of iron simply to save a few cents. The iron passed by Mother Nature for the red coloring matter in the blood of her children is, alas! not that kind of

iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless. Many an athlete and prizefighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray; while many another has gone down in inglorious defeat simply for the lack of iron. Dr. Schuyler C. Jaques, another New York physician, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it the most remarkable and wonderfully effective remedy." NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older organic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach, on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as in nervous, run-down conditions. The manufacturers have such great confidence in nuxated iron, that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 200 per cent. or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Croll Keller, Geo. A. Gorgas and all good druggists.

The Phaeton. The three new body designs introduced by the Cadillac Company this season have each been developed to satisfy a specific demand. The car pictured above is the four-passenger PHAETON. The Cadillac Company has taken the "close-coupled" design of some years ago and developed it into a remarkably serviceable and comfortable car. Upon examination you will find the tonneau is really larger than the bodies of the majority of the so-called seven-passenger cars offered to-day. And yet it has about it the low rakish lines and individual style which make it particularly pleasing to the eye. The wonderful Cadillac eight-cylinder chassis, combined with this excellence of design and finish, makes these three new Cadillac cars the most remarkable of their styles ever offered. We would be very glad of an opportunity to give you further particulars. CRISPEN MOTOR CAR CO. 413-417 S. Cameron Street Harrisburg, Pa.
