

HER HOME NO LONGER CHILDLESS

Operation not Necessary after Taking the Great Medicine for Women.

Miller's Falls, Mass.—"Doctors said I had displacement very badly and I would have to have an operation. I had a soreness in both sides and a pulling sensation in my right side. I could not do much work the pain was so bad. I was also troubled with irregularity and other weaknesses. My blood was poor. We had been married four years and had no children.

After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I became well and strong and was saved from the operation. We are now the parents of a big baby girl and I praise your remedies to others and give you permission to publish my letter."

Lydia E. Pinkham's Vegetable Compound is famous for restoring women to normal health and strength. When this is done wives no longer despair of having children.

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease.

Sufferers who could scarcely hear a watch tick tell how they had their hearing restored by this English treatment to such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear.

AGED KINGSTON WOMAN

Tells How She Recovered Her Strength

If the elderly people in Harrisburg could only realize what Vinol would do for them we would not be able to get enough to supply the demand. Following is a letter received from Mrs. A. E. Carson, of this town. She says:

I am 69 years of age, and had been ailing for a long time with indigestion. I got run down, was weak, dizzy and could not sleep at night. I consulted two doctors, who said I had hardening of the arteries and at my age could not expect to be strong again. My daughter would give me no peace until I tried Vinol, as it had done so much for her. I have taken five bottles and my health and strength have come back, so I am able to do all the housework for my family of four, and I am recommending Vinol to all my friends."

BELGIANS ARE BEING DEPORTED

Foreign Minister Charges All Able-Bodied Men Sent Away

Havre, Nov. 13.—Charges that the German government is rounding up and sending to unknown destinations practically all the able-bodied men in occupied Belgium are made by Baron Beyens, Belgian foreign minister, in a statement issued by him to-day. Baron Beyens says:

"The German government is rounding up in large numbers in the towns and villages of occupied Belgium such as Alost, Ghent, Bruges, Courtrai and Mons—to name only the first to be victims of the measure—all men fit to bear arms, rich and poor, irrespective of class, whether employed or unemployed. Hunchbacks, cripples and one-armed men alone are excepted. These men are torn in thousands from their families (15,000 from Flanders alone) and sent to Germany where whole trainloads are seen going east and south.

"The German authorities seek these deportations by pretending that it is the duty of the occupying power to make, in accordance with The Hague convention the necessary regulations to establish public order and public life. They claim that the unemployed must not fall a charge upon public charities and that work whereupon they are employed has nothing to do with the war. Those who are responsible for the stagnation and decay of Belgian industry are according to the Germans, workmen who prefer to live on charity rather than on the proceeds of their labor, and English which prohibited the importation of raw materials into Belgium.

"If it is necessary to answer that there would be no lack of work in Belgium if the German had made a clean sweep of raw materials, copper and oil in the factories—as they will perhaps make a clean sweep tomorrow of all leather belt-making machinery, parts of machinery and machine tools? If finally they had not placed prohibitive duties on metal goods exported to Holland in order to keep them out of the market—the only one remaining open as a competitor for German industry is it necessary to add that industries cited by the Germans as having no connection with the war, such as quarries and lime kilns, furnish the German army with materials for concrete wherewith to fortify and consolidate trenches?

"If they desire to use the arms of our workmen to repair and maintain roads would it be necessary to deport them like cattle instead of employing them in the neighborhood of their homes and families? The truth is that Germany by these corraling of Belgians intends to liberate an equal number of German workmen to fill the gaps in the regiments of their armies. The Belgian government denounces these deportations, among whom the American people has made itself conspicuous by its love of right and justice, its horror of oppression and its eagerness to help the unfortunate victims of war. Violations of the laws of nations and the rules of The Hague convention. It protests with all its power against the slave trade in Belgium. It denounces the attempt of the principles of humanity and international conventions."

OLDER THAN HER PARENTS Couple Aged 42 and 38 Adopt "Daughter" Aged 62

St. Paul, Minn., Nov. 13.—Through the medium of the St. Paul district court, a couple whose ages are 45 and 28 years for the husband and wife, respectively, became the parents of a daughter 62 years of age.

The parents are Mr. and Mrs. Thomas McGee, of 514 Carroll street, St. Paul. The daughter is Mrs. Mary Ann Hughes.

The petition of adoption was granted by Justice Charles Mitchell on representations of the couple that they desired to make Mrs. Hughes their daughter so she might share equally with their four children in their estate. They took this means of expressing their gratitude to the aged widow for her services to them and their children, begun thirteen years ago.
