

"The White Flour Pinch"—have you felt it? With the advancing price of wheat "the five-cent loaf is doomed," say the bakers. In its place we have the six-cent loaf—in many cities only the ten-cent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteins the human body needs. In **Shredded Wheat Biscuit** you have all the body-building nutriment in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits. Made at Niagara Falls, N. Y.

U-BOAT PROBLEM TO BE TAKEN UP

(Continued From First Page)

Democrats 212 with six members of other parties.

The President was understood to be much concerned over the make-up of the next House chiefly because of its effect on the selection of the speaker and chairmanships of committees which he is anxious to have in his hands. As far as legislation is concerned it was said today Mr. Wilson is confident that most measures to be proposed by him would gain the support of enough Republicans to carry them through.

Mr. Wilson continued to refuse to make any comment on the election pending the receipt of formal word from Mr. Hughes and the Republican National Committee conceding his reelection.

Henry Morgenthau, chairman of the Finance Committee of the Democratic National Committee called on the President today.

After a brief stay in Washington the President will go away for a rest before Congress convenes. Hot Springs, Va., was mentioned as the place he might visit. He will make no definite plans, however, until he has got in thorough touch with official business here and learned whether the submarine or Mexican situations require his presence.

Secretary Lansing planned to confer with President Wilson late today on recent submarine attacks on vessels carrying Americans and on the Mexican situation.

While officials admit that the submarine situation is filled with grave possibilities, no action will be taken until further reports have been received. It was said today that no evidence so far has been received by the State Department proving that Germany's pledges have been violated.

In case there are any changes in President Wilson's cabinet it was understood today that among those who would be seriously considered are Harry A. Garfield, president of Williams College, and a son of former President James A. Garfield; Samuel L. Seabury, the defeated Democratic candidate for Governor of New York and Vance C. McCormick, chairman of the Democratic National Committee.

Wants Cabinet to Stick
There have been many reports circulated regarding changes in the Cabinet, but officials in close touch with the President declared today that it is almost certain that he will urge all the present members of the Cabinet to remain at their posts, and changes are not expected unless members themselves desire to quit the official family.

It is considered possible, however, that one or more members of the Cabinet may resign for personal reasons. Secretary McAdoo has been frequently mentioned as one member likely to resign and Representative Carter Glass, of Virginia, chairman of the House banking and currency committee, has been suggested for his post. It was stated definitely today that Mr. McAdoo can remain in the President's Cabinet as long as he desires.

In case there is a vacancy in the Supreme Court, Attorney General Gregory, Secretary Lane or Senator Walsh, of Montana, would be considered first for the appointment.

Secretary Redfield, Secretary Baker and Secretary Daniels have also been mentioned as members of the cabinet who might desire to quit public life, but it was stated definitely today that none of them had signified any such intention.

Short Sessions to Pass Laws
Secretary Humble is also expected to remain in his present post, although he could be appointed as a member of the board of general appraisers in New York if he desired. Reports have connected Mr. Tumulty's name with a Cabinet position, but it was stated

300 CHILDREN IN ZION PARADE

Flag-Bearing, Singing Youngsters Add Spectacular Touch to Zionist Convention

More than 300 Jewish children carrying Zionist and American flags gave a spectacular touch to the first annual convention of the Zionist societies of Pennsylvania when they marched, singing, yesterday into Technical high school auditorium. The youngsters had been drilled by Joseph Klein, teacher of the Talmud Torah.

The children sang the Jewish and American national hymns. Greetings to the guests of the day were extended by Mayor Meals and by Rabbi Louis Silver.

Dr. Neuman, of Pittsburgh, and A. Agronsky, of Philadelphia, were unanimously elected chairman and secretary, respectively, of the convention. Neuman, on taking the chair, declared that in Zionism Pennsylvania will soon be the Keystone State.

At the afternoon session, A. B. Cohen, of Scranton, for the credential committee, reported that there were sixty delegates who represented twelve cities and towns in Pennsylvania present. A. Pinto Joseph, of Pittsburgh, introduced a resolution pledging the support to the Congress movement and a resolution embodying the felicitations of the convention to Supreme Court Justice Louis D. Brandeis on his sixtieth birthday.

A resolution which expressed a protest against the transmission of funds through the German Hillsverein was tabled. L. A. Avne, of Pittsburgh, and Dr. Neuman, of Philadelphia, presented reports for the organization committee and it was decided to elect a president, a vice-chairman for the eastern part of the State and another for the West, a secretary and treasurer. The following officers were chosen:

President, S. S. Bloom, Philadelphia; vice chairman, Dr. Neuman, Philadelphia, and H. M. Snitzer, Pittsburgh; secretary, G. Agronsky, Philadelphia; treasurer, A. B. Cohen, Scranton. Executive Committee: Dr. E. S. Rubinsohn, Joseph Gross and Louis Fisher, all of Philadelphia; Morris Neeman, A. P. Joseph and Mrs. A. H. Ables, all of Pittsburgh; Barnett Gurevitz, Harrisburg; Dr. A. Kaufman, Wilkes-Barre; I. Kahanowitz, Greensburg; Louis Trachtenberg, of Coatesville; Nathan Glosow, Johnstown; Rabbi Ables, Altoona; M. J. Skolnik and H. Zable, of Reading. The executive committee held a meeting last evening to discuss organization matters.

Dr. M. Scheinkin, of Jerusalem, who addressed the convention last night, declared that everything that is not petrified in Jewish life enters into the organism of the Zionist movement.

Dr. Joseph Barodness, of New York, scheduled as one of the speakers, will be unable to attend the convention, but regard Zionism as a picture of the world throughout the United States there is a reawakening to its real future.

Jews of this city crowded into the convention hall at the Zionist rally last evening. Judge George Kunkel, Dauphin county; Senator E. E. Beldinger, S. Frankel and Rabbi Silver were among the speakers.

authoritatively today that he will not become a cabinet official.

Because of the probability that the next House will be Republican, the President is laying plans to secure as much important legislation as possible during the short session opening next month. Measures he particularly desires passed are those to allow American exporters to establish common selling agencies abroad, to enlarge the Interstate Commerce Commission and to create machinery for preventing in the future a crisis similar to that which threatened to involve the country in a railroad strike and other railroad legislation suggested by him when the strike threatened.

The President has begun preparation of this bill and is expected to introduce it to Congress. He plans to urge that a number of these questions be taken up.

Soldiers' Vote Cuts Down Hughes Plurality in Minn.

St. Paul, Minn., Nov. 13.—The vote of Minnesota's soldiers on the border has trimmed the plurality for Charles E. Hughes to 250, according to latest returns available. To-day the figures stand 178,499 for Wilson, to 178,819 for Hughes in the State. The latest guardsmen's vote heard from was that of Fairmount county, whose troops of the Second regiment voted 21 for Wilson and 11 for Hughes. This gain of ten for Wilson cut the Hughes lead to 250. It is likely that the work of tabulating the returns will begin at the State Capitol today when the reports of county officials are expected to arrive.

NEWS OF STEELTON

FOOTBALL STAR SERIOUSLY HURT

Charles Chambers, Former Steelton High School Star Injured at Gettysburg

Charles Chambers, former Steelton High School star and captain, who has been playing back positions for Villanova College eleven, is in a serious condition. He is at his home, 517 North Front street, Steelton. Chambers was brought to Steelton late Saturday night by "Pat" Reagan, assistant coach at Villanova.

Chambers is suffering with internal injuries. It is not certain whether any ribs are broken. The physicians say the young man was kicked on the kidneys and that he will not be able to play again this season.

In Saturday's contest between Villanova and Gettysburg, Chambers was not sent in until late in the game. He succeeded Brennen and Fleming and fullback. These players also quit with injuries.

Middletown Car Kills Man Saturday Night; May Be George Brennen

Benjamin G. Brannon, a discharged soldier from the United States Army, was killed by a Middletown car late Saturday night. He was lying across the tracks near Franz bridge. Owing to a sharp curve, the car was not seen until the car was too near to stop. Brannon was rolled the entire length of the car and his face was badly mutilated.

The discharge papers were dated June 4, 1916, and signed by Captain D. W. Sillard, Company L, Third Regiment, National Guard of Tennessee. Several letters addressed in a feminine hand were also found in the pockets. They came from Tomall, N. C. Another letter was dated Harrisburg, and contained a ticket from Palmyra to Harrisburg.

The body was given in charge of Undertaker Witt and will be held pending inquest in the morgue and North Carolina regarding the identity of the man.

Not Sufficient Evidence at Hand on Which to Base Action of U-Boat Attacks

Washington, D. C., Nov. 13.—Secretary Lansing laid before President Wilson today a summary of information regarding recent submarine attacks on vessels carrying Americans, but reported that sufficient evidence was not yet at hand on which to base action. He said no information had been received from the Berlin government in response to an inquiry sent through the American embassy there concerning the sinking of the Marina, when six American lives were lost.

The Phaeton

The three new body designs introduced by the Cadillac Company this season have each been developed to satisfy a specific demand.

The car pictured above is the four-passenger PHAETON. The Cadillac Company has taken the "close-coupled" design of some years ago and developed it into a remarkably serviceable and comfortable car. Upon examination you will find the tonneau is really larger than the bodies of the majority of the so-called seven-passenger cars offered to-day. And yet it has about it the low rakish lines and individual style which make it particularly pleasing to the eye.

The new four-passenger CLUB ROADSTER is made with an eye towards compactness but is nevertheless exceptionally roomy and comfortable. Unlike many cars of this model which are cramped and crowded in the rear seats, the Cadillac Club Roadster is roomy and large and extremely serviceable.

In the new Cadillac CONVERTIBLE the designers have made no compromise by using the so-called detachable top, but have adopted the Springfield body which is well known to motor users. In this model, when closed, it is as serviceable as a limousine and yet in practically less time than it takes to tell it, the windows may all be folded in so that the car becomes a seven-passenger touring car with a permanent top attached.

The wonderful Cadillac eight-cylinder chassis, combined with this excellency of design and finish, makes these three new Cadillac cars the most remarkable of their styles ever offered.

We would be very glad of an opportunity to give you further particulars.

SHIP FLYING U. S. FLAG SUNK

Craft Owned in New York Believed Victim of Submarine

London, Nov. 13.—The American steamer Columbian has been sunk, presumably by a submarine. The crew has arrived at Coruna, Spain, in lifeboats, according to a Reuter dispatch from Madrid.

It was reported here on Wednesday that the Columbian was sending out wireless calls for help, saying she was being shelled by a submarine. The calls were picked up at that time by admiralty stations.

Nothing further, however, had been heard of the Columbian until last night, when Lloyd's shipping agency expressed the belief that the craft had been sunk. It was later that the Reuter dispatch was received.

Under U. S. Registry
The Columbian is under American registry and sailed from New York October 18 and Boston October 21, bound for Genoa. She was reported as touching at St. Nazaire, France, on November 2, leaving that port the next day for Italy. The Columbian is owned by the American-Hawaiian Steamship Company of New York and was built in San Francisco in 1907. The vessel carried no passengers, but had a crew of about 113 officers and men. She has under charter by the France & Canada Steamship Company, with officers in New York.

PATROLMAN "COMES BACK"—CURED NOW

Officer Charles Thompson Forced to Quit By Ill Health Says Tanlac Restored Him

IS GOING BACK TO FORCE
"Yes, I've come back," says Charles A. Thompson, who lives at 214 Land street, Harrisburg, and who was formerly a member of our local police force.

"I'm feeling fit as a fiddle these days and to look at me you'd think that I'd never known a sick day in my life. "But believe me Mrs. Thompson's husband was a mighty sick man there for awhile and I don't want to go through a spell like it again in a hurry."

"I had stomach trouble and that's enough. I couldn't keep a thing on my stomach and no sooner did I get my victuals down than I would vomit them up again. "I tell you it had me scared for I was getting weak as a cat and I was afraid I was in for a spell of typhoid for there's been a lot of it floating around. I was tired all the time, I had no pep or ambition and I was beginning to fall off in weight. I felt like the old Scratch himself and I had to quit because I wasn't able to cover my beat."

"To cut a long story short I heard about Tanlac and I went into Gorgas' store one day and had a talk with the man there. I told him how I felt and right away he told me I had stomach trouble. I knew that already, but when he told me what Tanlac would do for me I fell for it and took a bottle home. "That's sure is one grand little medicine for it fixed me up in no time at all. It just seemed to go right to work and give my stomach a thorough overhauling and it put it in tip-top shape. "I'm feeling fine now. I have an appetite like a horse and I'm going back on the force again."

Tanlac, the famous reconstructive tonic is now being introduced here at Gorgas' drug store, where the Tanlac man is always ready to explain the beneficial qualities of this master medicine.—Advertisement.
