The healthy person enjoys cold weather. It is only when the circulation is poor, when the blood is thin and the system under its proper condition, that cold weather has any terrors. Invigorate the body by restoring the circulation, throwing out the waste, and overcoming the stagnation of catarrh, and you will enjoy crisp weather.

## Peruna Is Invigoration

# MILLIONAIRE TO RECOVER FORTUNE

Will Attempt to Get Back Money Given by Eccentric to Quacks

Chicago, Nov. 14. — Edward W. Morrison, the "millionless millionaire," was declared a bankrupt late yesterday in Federal Judge Carpenter's court, although it was shown that the aged recluse had signed away more than \$8,000,000 worth of property.

The judge's decision means that a trustee will be appointed to begin suit to recover the millions given away by Morrison during the last few years. The present holder of the property is James R. Ward, an attorney, who has controlled the eccentric old man for fifteen years. Ward obtained title to more than \$2,000,000 worth of real estate last April by representing to Morrison that if he transferred the property he would avoid being forced to pay a judgment of \$90,000.

Ward, in defending his action, said that he had Morrison make the transfer to "protect" him from a number of "crooks," who were fleecing the old man. The first hearing of the case came up before Judge Landis, when Charles Rieman, who holds the judgment of \$90,000 against Morrison asked for a partition declaring him a bankrupt. Judge Landis began an inquiry into the financial affairs of Morrison that produced one sensation after another.

The hearing in Judge Landis' court resulted in Ward being held for the Grand Jury on perjury charges and a number of others were held with him as witnesses. The testimony is alleged that Morrison has long been the victim of the machinations of a band of confidence men, policemen, lawyers, blackmailers and quack doctors.

It was shown that Morrison parted with \$50,000 as easily as he did with fifty cents, and that after a "party" in some barroom he always served as "sucker" for any ingenious scheme that might be worked on him. He gave \$1,000 bills to cab drivers and paid for hundreds of barrooms which he didn't "break up."

On one occasion he gave \$50,000 to a man posing as a detective, who represented that he was on the "track" of some thieves who had stolen bonds from the millionaire's wife. It developed that the bonds had never existed. One witness, John Sommers, now a jeweler, testified that he had "helped" the old man spend \$300,000 in having "good times."

# Sir Sam Hughes Quits Cabinet by Request

Ottawa, Nov. 14. — Major General Sir Sam Hughes has resigned as Canadian Minister of Militia and Defense. His resignation was requested.

Major General Sir Sam Hughes was attacked in the Canadian Parliament in March of this year when he was charged with aiding a friend, Colonel J. Wesley Allison, in procuring munition contracts with the Canadian government. Colonel Allison, it was said, was a promoter in the United States of "mushroom" munition companies. Part of the charge was that there were undue profits from these contracts.

# BLAMES SQUIRRELS FOR FIRE

\$20,000 Bungalow Destroyed—Residents Save Only Jewelry

Allentown, Pa., Nov. 14. — Squirrels are blamed for starting a fire that destroyed the \$20,000 bungalow on the farm of the late George O. Albright, at Fogelsville. The building was constructed of logs soaked in some preparation supposed to make them fire-proof. Mrs. Albright and her son George were the only inmates when the fire broke out, and so quick and fierce was the blaze that they saved only their jewelry. A colony of red squirrels lived round about and gnawing through the logs made themselves at home in the bungalow. They are supposed to have gnawed matches.

# AFTER A YEAR

Harrisburg Testimony Remains Unshaken

Time is the best test of truth. Here is a Harrisburg story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. A. H. Eastright, 531 Peffer street, Harrisburg, says: "Some time ago I was in misery with my kidneys. I took Doan's Kidney Pills, as they were recommended so highly for the trouble. A few doses gave me relief." (Statement given August 29, 1914.)

On January 28, 1916, Mrs. Eastright said: "I haven't been bothered by kidney complaint since Doan's Kidney Pills cured me a few years ago."

# About Cut Prices

In the retail world many stores make a practice of cutting the price on some standard article, the object being to attract the people with the bait, then sell them other goods at a big profit.

It's all a part of the circus — the idea to get you inside the tent.

We don't reduce prices to use the reduction as a fish-hook on our customers. Our goods are a first marked at a small profit and reduced only when we can buy for less, when sizes are broken, when we are overstocked, or when we have some other sane, sensible reason.

# Willcox Sits Tight For Official Count in All Close States

New York, Nov. 14. — Neither Charles E. Hughes nor the Republican managers of his campaign will concede the re-election of President Wilson until after the last vote in California, New Mexico, Minnesota and North Dakota has been officially counted and tabulated.

"If I say this, it is not with any desire of being contentious, nor do I charge that in any of the close States there has been anything out of the way in the counting of the vote," said Chairman Willcox, of the Republican National committee, to-night. "But where the result in a presidential election hangs on a few hundred votes I think that is the only attitude to assume. I am just as ready to abide by the official count in Minnesota, where the result in the unofficial count favors our candidate, as I am to abide by the official count in California, where it appears to be the other way. There is only one thing for us to do—to sit tight."

Charges of treason against certain California Republican leaders were made at a conference last Wednesday at the headquarters of the Republican National committee. At this conference some of the participants insisted that the National committee should not trust Chairman Rowell, of the Re-

# For All Complexion Ills

If the skin be colorless, sallow, muddy, over-red, blotchy or freckled, nothing will so surely overcome the condition as ordinary mercurized wax. It literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, gently, gradually, causing no inconvenience at all. A new complexion is then in evidence, clear, spotless, delicately soft and beautiful. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is used like cold cream.—Advertisement.
