Cold, Cough and Catarrh Medicine for Young and Old.

You buy it of any well stocked druggist in 2½ oz. bottles and take it in ten-drop doses, or better yet, mix it with simple sugar syrup, made by dissolving ¾ of a pound of granulated sugar in a half-pint of boiling water. It is so easy to make a whole pint of cold and cough syrup that tens of thousands of mothers make it every year for their loved ones.

All agree that this home-made cough syrup is free from harmful drugs, and that only a few doses are required for each case, so that a pint may last a family throughout the winter season.

S. S. Pick, of Millersburg, presided at the directors' meeting. Just before the joint session opened he said that the teachers' salaries should be increased because of added cost in obtaining a proper education to teach and also because of the increase in the cost of living.

Dr. S. A. Courtis and Dr. Burnham made short addresses at the sectional meetings this morning and with Dr. Halleck were the principal speakers this afternoon. The county institute will close to-morrow morning after two short addresses and a business, session. Committee reports and the election of auditors will be the principal items of business.
