GETTYSBURG COUNCIL WILL NOT ACCEPT FIRE APPARATUS

Officials Claim Machine Does Not Conform to Specifications and Ask Builders to Take It Away

Gettysburg, Pa., Nov. 18. — Gettysburg citizens are wondering what would happen if fire were to break out in the borough. Several months ago a new Boyd motor engine was purchased and after it had passed the test of the Underwriters' Association, the town council refused to accept the machine, claiming that it had been changed in some details and was not as the contract called for. Now they threaten to charge the Boyd company storage if the machine is not moved from the enginehouse. To add to the difficulties it is not known what condition the old steamer is in, as it was loaned to a brick company to pump out mud holes and it is feared that it is clogged with mud. — Harry Davis, of the Athletics, and Eddie Collins, of the Chicago team, are on their annual hunting trip in Adams county. They are the guests of Eddie Plank. — the Christmas recess.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where corn ladge texter incorp. where germ-laden tartar is present.

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c. Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for liberal-sized trial package.
