## Smoked Cigarettes For 22 Years

Habit Was Ruining Him, But He Conquered It in Three Days, Easily.

The portrait below is that of Mr. P. J. Elizagaray, a well-known citizen of Livingston, Montana, who knew that his life was being ruined through the pernicious habit of cigarette smoking. He could not find anything to stop it and so he turned to a remedy until he got the remarkable book that can now be obtained free.

A clergyman, Rev. M. Ross Dayton, Ohio, testifies that after having been a slave to tobacco 41 years, he got rid of the habit in a few days, greatly improving his health.

**Quit Tobacco, Gained 15 LBS.**  
Everybody in Mansum, Okla., is talking about the big change in Al Reeves; he put on 25 lbs. in healthy flesh since getting rid of the tobacco habit through the information gained in the free book which you may also easily obtain. That he could never quit was the fear of George Ambush, Pearl Street, Philadelphia, who was a slave of tobacco for many years, but after getting the book, he learned how the habit could be conquered in three days. Now he writes that he is forever free from the craving and is in much improved health.

**BOOK GIVEN FREE**  
A valuable information on how to overcome the tobacco habit (in any form) has been written by Edw. J. Woods, 22 H. Station, New York, N. Y., and he will send it free to any one who writes asking for it, as he is very anxious that all who are victims of the craving for tobacco, snuff, cigars, or cigarettes may save themselves easily, quickly and lastingly. Eyes, heart, kidneys and stomach improved, nerves tranquilized, memory improved, vigor gained and numerous other benefits often reported.

## Sore Throat or Mouth.

You must keep the throat and mouth clean and healthy. Any disease that attacks the canal through which must pass the food we eat, the beverages we drink and the very air we breathe is a serious matter. Why neglect Sore Throat or Sore Mouth when TONSILINE makes it so easy for you to get relief? TONSILINE is the remedy specially prepared for that purpose. TONSILINE does its full duty—you can depend upon it. Keep a bottle in the house—where you can get it quick when needed. 25c. and 50c. Hospital Size \$1.00. All Drugists.

## Make Repairs Before Painting

Have your building carefully gone over by a carpenter to see if all lumber is sound before you paint.

Don't paint over boards that are "rotten" and expect the painter to give you a lasting job.

You may find it necessary to remove the "rotten" pieces shortly after the house has been painted.

The new work will again require paint—it will not match the others and besides will be more expensive than if it was attended to in time.

Paris, Nov. 18.—The issue of sugar cards for the suburbs of Paris is under consideration by the authorities. The delivery wagons and horses of most wholesalers and retailers have been requisitioned for the army and there is also a certain amount of boarding by private persons. The grocers' association has, however, obtained the loan of five large automobile lorries daily from the army which are doing much to improve the situation.
