Important Questions Passed Upon by Commissioner Scott in Western Case

Important rulings in regard to contracts and compensation are made by Commissioner John A. Scott and concurred in by other members of the State Compensation Board...

Does Your Husband Drink? Druggist Tells How to Cure the Liquor Habit at Home

Free Prescription Can Be Filled At Any Drug Store and Given Secretly H. J. Brown, 409 West Superior Ave., Cleveland, Ohio, was for many years a confirmed drunkard. His friends and relatives despaired of ever redeeming him. His sister sought the best medical men in Europe in the hope that she might find something which would cure him. Finally she was recommended to an eminent chemist who gave her a private formula (the same as appears below) and told her how to use it. She had it filled at the drug store and gave it to him secretly. The results were startling. In a few weeks he was completely cured. That was over eight years ago and he has not touched a drop since. He now occupies a position of trust and is enthusiastic in his efforts to help others overcome the liquor habit. He feels that he can best do this by making public the same formula which cured him. Here is the prescription: Go to any first class drug store and get 14 Tescum powders. Drop one powder twice a day, in coffee, tea or any liquid. It is harmless, tasteless, odorless and cannot be detected. You can use it without the knowledge of anyone. A lady who recently tried it on her husband reports: "My husband was on a spree when I got the powder, and he usually stays drunk from three to four weeks at a time. After putting the powder in his coffee for four days, he sobered up and has through with it forever. He also complained that whisky did not taste the same. I shall not tell him what did it, but I am grateful for this help and I shall recommend it whenever possible."
