May Be All Right For Game With Steelton on Saturday

"Eddie" Harris, captain of the Tech football eleven, is on crutches with a badly infected right ankle. The ankle may be in condition to play in the Saturday game.

When Tech takes the field Saturday several new faces are likely to be seen in the line-up.

Will Permit Professionals to Act With Board of Managers

New York, Nov. 21. — One of the oddest things that has happened in the annals of the Amateur Athletic Union took place yesterday at the annual meetings of the organization in the Waldorf Hotel, when the delegates decided that it was all right to have professional on the board of managers of the body which controls amateur sports in this country.

Among the prominent members in the Metropolitan district who would have been on the board would have been Herman Oberbussing, the handicapper of this association, for he gets ten cents for every man whose handicap he makes. The committee on the revision of the constitution proposed that none other than an amateur should sit in the councils, but the delegates voted down the amendment.

Hand Down Several Decisions; Explains Muscatine Decision

New Orleans, La., Nov. 21. — The board of arbitration of the National Association of Professional Baseball Leagues finished consideration of disputed cases and adjourned. Decisions announced included: Claims allowed — Ferre Haute awarded \$25 from Duluth; Player Gilmore vs. Lawrence, Mass. club; Minneapolis awarded \$200 from Winston; St. Paul awarded \$29.66 from Scranton, Pa.

Regarding the arbitration board's decision in the appeal of the Muscatine, Iowa, club of the Central Association, Secretary Farrell stated that the board's refusal to reverse the Muscatine's ruling against the Muscatine's claims for the association's pennant in 1916 did not necessarily mean that Marshalltown, also a contender for the pennant, was declared the winner.

Suppose Fatimas were NOT Sensible

It isn't possible to fool men for long. Lincoln said that better than we could. Surely, if Fatimas were not as comfortable to the throat and tongue as we say they are — if they did not leave a man feeling keen and "fit" after a long-smoking day — do you suppose that more Fatimas would be sold every day than any other high-grade cigarette? Remember these facts as you try Fatimas and observe how comfortable, how sensible they really are.
