Over 2,000 turkeys will be sold at Adams Express Company office, 4th and Chestnut Sts., last part of this week and until Thursday next week. Customers who have been buying their Thanksgiving turkeys here know that my prices are the lowest and quality better than any place else in town.

federal statute which provides for the mediation, conciliation and arbitration of such controversies as the present by adding to it a provision that in cases the methods of accommodation now provided for should fail, a full public investigation of the merits of every such dispute shall be instituted and completed before a strike or lock-out may be lawfully attempted.

Gregory Prepared

"The lodgement in the hands of the executive of the power, in case of military necessity, to take control of such portions of such rolling stock of the railways of the country as may be required for military use and to operate them for military purposes, with authority to draft into the military service of the United States such train crews and administrative officials as the circumstances require for their safe and efficient use."

Notice of the committee's action was sent to the railway executives' advisory committee, most of whose members probably will be heard.

Claims Greatest Danger Is "Subornation of the Press"

Baltimore, Nov. 21. — Speaking today before the convention here of the American Federation of Labor, W. S. Carter, president of the Brotherhood of Railway Firemen and Enginemen, declared that the danger that confronts all working people to-day is "the coercion or subornation of the public press by the master class."

Peel off Your Freckles

To remove freckles, blotches or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily and harmlessly done by the application of ordinary mercurized wax. The wax peels off the defective outer skin, a little each day, gradually bringing the second layer of skin to view. The new skin is beautifully soft, clear, white and young looking. Just procure an ounce of mercurized wax at any drug store and use like cold cream—Advertisement.

SPECIAL NIGHT FOR P. R. R. MEN

Interesting Program For Entertainment of Employees at Y. M. C. A.

An interesting program is ready for the guests of the P. R. R. Y. M. C. A., who will attend the open house event to-night. It will be Station Night. Employees from the passenger, freight and transfer stations will be largely represented; also the yard clerks. There will be swimming exhibitions, contests, and a special diving exhibition by a local swimmer.

Entertain Businessmen

Last night several hundred businessmen were entertained. From 8 o'clock until 10 they had the use of the gymnasium, swimming pool, bowling alleys and billiard tables. After the reception Don F. Manahan, chairman of the membership committee, with President A. G. Murray and General Secretary F. H. Gregory met the members of the membership committee at a luncheon and roundtable meeting.

Excellent reports were presented indicating that the maximum number of new members is assured. There will be a general roundup during the remaining few days of the national campaign. President Murray, Secretary Gregory and Chairman Manahan made enthusiastic addresses. The workers were impressed with the fact that Railroad Associations are non-sectarian and that the local association offers many advantages not found elsewhere in the State.

A PHONEY FORTUNE

"My wife played a great trick on a gypsy the other day." "The fat plumber was the speaker. "What did she do?" asked the thin carpenter. "The gypsy wanted to tell her fortune with some coffee grounds." "Yes." "And after she was through my wife asked her if the coffee grounds possessed some peculiar charms for fortune telling." "What did the gypsy say?" "She said they did." "Then what?" "Then my wife gave her the laugh and refused to pay her." "Why?" "Because the sediment in the cup wasn't coffee grounds at all. We use a substitute."—Youngstown Telegram.

BETWEEN TWO FIRES

The young doctor and his friend, the drug clerk, were sitting at the club window when a richly dressed woman passed. "There goes the only woman I ever loved," sighed the young M. D. "So?" queried the other. "Then why don't you marry her?" "Can't afford it; she's my best patient."—Mule.

RAILROAD NEWS

PREPAREDNESS IS PENNSY SLOGAN

Officials Will Take No Chances on Strike on Adamson Law

"Preparedness" is a popular slogan with the officials of the Pennsylvania railroad, according to reports. Some time ago, when a strike was threatened, the company fitted up rest rooms, purchased hundreds of coats and arranged for eating places and quarters for the men who would be kept at work. When the Adamson law passed and the strike was called off, these preparations were stopped and the coats and other equipment stored. Since a strike is again threatened, and preparations to take care of loyal employees are again in order. Furthermore the Pennsylvania officials, it is said, are also moving in another direction. They want to be ready in the event the Adamson law is declared legal.

This explains the activity in the construction of bunkhouses in terminal yards, and at various points along the main line between New York and Pittsburgh. While no definite plans have been announced, it is said, that bunkhouses will be located on the Middle division at Warrington, Huntingdon, Millifin and Lewistown; and for the Philadelphia division at Wago, Shocks Mills, Columbia, Lancaster, Coatesville, Coatesville, Parkersburg and other points.

The crews relieved, must remain eight hours at the bunkhouses until they are subject to call for further duty. Local officials while not admitting that extensive plans are under way, say that tests have been in order as to mileage on eight hour trips.

LEGISLATIVE COMMITTEE MEETS

The Legislative Committee of the Brotherhood of Railroad Trainmen, representing 102 lodges, organized last night for the winter by electing G. B. Kovach, Marcus Hook, chairman, S. L. Curry, Philadelphia, vice-chairman, and J. A. Hughes, Philadelphia, secretary. A legislative representative will be elected at the next meeting.

WATER POLLUTION TO BE DISCUSSED

Attorney General and Health Commissioner Plan a Big Conference Here

Arrangements will be made to-day by Attorney General Brown and Commissioner of Health Samuel G. Dixon for a general conference to be held at the Capitol on Wednesday, November 29, on the subject of stream pollution.

For months the State Department of Fisheries has been gathering evidence against manufacturing plants and other industries discharging industrial wastes into streams and the names and evidence have been certified to the attorney general in bunches for prosecutions, while the inspectors of Dr. Dixon have been working for years to check up municipal pollution. Recently the attorney general's department has been bringing numerous suits against concerns which have ignored notices to stop pollution and Dr. Dixon has been proceeding against cities and boroughs which have not taken care of sewage.

The conference will be open to all persons interested, including the sportsmen and conservationists. It is the hope by means of this meeting to arrive at a general plan which will lead to halting of pollution without too great burdens being imposed.

Call Issued To-day. — The State Banking Department to-day issued a call for statements of trust companies, State banks, savings institutions and licensed private bankers as of November 17.

Senator Here. — Senator W. M. Lynch, of Scranton, was among visitors at the Capitol yesterday.

Importance of Meeting. — The meeting of the State Board of Education at Harrisburg is one of the most important in a year. The whole general legislative program was discussed. Bills to carry out various matters will be discussed.

New Questions Raised. — The Public Service Commission was asked last night to fix damages for the opening of a street across land of a public utility company and also to designate the type of protection for a crossing in Wilkes-Barre.

Hearing Goes Over. — The hearing in the application for approval of the merger of certain Pennsylvania lines west, into the Panhandle system was adjourned until December 7 late yesterday because of a protest filed on behalf of French stockholders.

Board in Session. — The State Pharmaceutical Examining Board is in session at the State Capitol to-day, going over examination papers.

Railroad Men at Capitol. — Members of the legislative committee of the Brotherhood of Railroad Trainmen, who are holding their biennial session here, were visitors to the Welfare conference to-day.

Snake Bite and the Law. — Workmen's compensation for death from the bite of a rattlesnake is to be paid Mrs. Anna K. Link, of Pittsburgh. Her husband, Gustav Link, an employe of the Carnegie Institute, died from the bite of a rattlesnake last August. This case stands up under unusual compensation claims received at the bureau for unusual causes for death or injury.

Paul N. Furman, of the Department of Labor industry received to-day a letter from W. Holland, director of the Carnegie Museum stating that the Carnegie Institute will pay Mrs. Link approximately \$9,235 weekly for 300 weeks, a total of approximately \$2,770,000. Director Holland was notified that this computation was correct if there were no surviving children.

Referes Here. — Members of the board of referees of the State Compensation system gathered here to-day to attend the welfare conference. It was the first time they had been here for months and the exchange of experiences was very interesting.

Posters on Forests. — The Post Office Department and the State Forestry Department have arranged a plan for the placing of posters to be placed in every post office near a forest calling attention to the dangers of fires and the great damage.

Insurance Ruling. — Insurance Commissioner O'Neil to-day informed in an opinion by Deputy Attorney General Keller that while the insurance act of June 7, 1915, "does not prohibit the soliciting and selling of life insurance to former business associates until ninety days have elapsed since the agent left his former employer or business and entered the insurance business, it does make it unlawful for the insurance company to pay a commission or other compensation or benefit to an agent under such circumstances or for an agent to receive such compensation, commission or benefit under the conditions forbidden in the act." It is also held that the act applies to agents who are duly licensed and of good standing and producers of life insurance.

Visitors at Mansion. — Mrs. E. E. Kinports and Miss Sallie Mentzer, of Ephrata, who are guests at the Executive Mansion, visited the Capitol to-day.

City Gets Check. — The city of Harrisburg's school district to-day received a check for \$45,912.87 from Treasurer Young for its school appropriation.

be used "only in such way as will mean a reduction of the mill rate and for no other purposes."

The water department, Mr. Bowman pointed out, earned \$84,000 in 1914 about \$73,000 in 1915 and from preliminary indications there will be a balance of approximately \$60,000 to \$65,000 at the end of this year.

"This money is earning only two per cent, now," he declared. "I requested the sinking fund commissioners to invest this in bonds which would pay four per cent. And I want to say that I don't think the sinking fund commissioners have been doing their duty in not investing it."

"This plan which the Mayor has been talking about in the newspapers is not a new one. I tried it in 1914 and again in 1915 purely and simply with a view of reducing the mill rate."

"But, I was told by the city solicitor that I'd better not attempt it. The law is that the surplus funds may only be used to pay off indebtedness or to pay for maintenance and extension of the department. Harrisburg will soon be in need of a new reservoir. If its earnings are conserved as they now are, the city will be in shape to build its new reservoir without borrowing money to do so."

Commissioner Gorgas pointed out that it is the intention of the sinking fund commission to invest \$60,000 in the fire bonds and that \$60,000 had already been invested.

A Fearless Physician

Such a physician recently remarked:—"The wonderful power of Lydia E. Pinkham's vegetable Compound over diseases of women is not because it is a stimulant, nor because it is a palliative, but simply because it contains the very elements needed to tone up the female system and strengthen the depleted organism." Of course that is so, otherwise it could not succeed as it has.—Advertisement.

Gets Higher Post With Loose-Wiles Biscuit Co.

Horace A. Matchner, who for the past eighteen months has been Harrisburg sales manager for the Loose-Wiles Biscuit Company, has been called to the New York offices of the company to assume the position of sales representative. Mr. Matchner left to-day to take up his new duties, and takes with him the good wishes of a wide acquaintance which he has built up while a resident of this city.

TO ASK IF WATER FUND CAN PA YFOR LIGHTS

[Continued From First Page] the water surplus to the same purpose with a sole view of reducing the city millage, but that City Solicitor Seitz had declared such action illegal.

Again in 1915 he had attempted it, he added, and again he had been legally advised that the law couldn't permit it.

In making his motion he vigorously declared that if the diversion of the funds from the water earnings to the lighting fund can in any way be brought about, he wanted it emphatically understood that the money will

ONLY POWERFUL MEDICINE WILL END RHEUMATISM

It matters not whether you have had agonizing pains from rheumatism for 20 years or distressing twinges for 20 weeks, Rheuma is strong enough and mighty and powerful enough to drive rheumatic poisons from your body and abolish all misery or money back.

H. C. Kennedy and all druggists sell Rheuma on a no-cure-no-pay basis for not more than 50 cents a bottle, and after you take a half-teaspoonful once a day for two days you should know that at last you have obtained a remedy that will conquer rheumatism.

For over five years throughout America Rheuma has been prescribed by broad-minded physicians and has released thousands from agony, pain and despair.
