

# Our New Service Station

We now occupy our more pretentious home and trust you will accept this as an invitation to inspect our new surroundings. Two spacious floors and improved facilities enable us to conduct our business more efficiently and expertly than have heretofore been possible. Service and quality combined with prompt and courteous attention is a first consideration. Attendants will acquaint you with our merchandise, our methods and our ideas.

## Formal Opening To-morrow

Thursday, November 23, 1916

### Music

### Souvenirs

### Chalmers

Chalmers Sixes were chosen by The Keystone Motor Car Co., as the "one car in its class." The Chalmers 3400 r. p. m. has fulfilled all the requirements of a high class motor—has lived up to our expectations and to the expectations of their owners. We are glad to sell and recommend Chalmers for what we know it will do.

### Dodge Brothers

With more than one hundred thousand cars sold since beginning the manufacture of them twenty-two months ago, and representing a selling value of \$80,000,000, the Dodge Brothers have established their car on the market with a degree of success that is remarkable for a new product. Its record among local owners has borne out every confidence we placed in it when first announced.

### Peerless

For those preferring the Eight-cylinder type of motor, no car so fully measures up to that required standard as does Peerless. Its wonderful range of performance, new to motorcars, has brought to Peerless Eight its ever increasing fame and success. Whatever your conception of what an Eight-cylinder motor should be; ask for a demonstration and have your ideals realized.

### Storage

Live or dead storage of your car may be entrusted to us with perfect assurance that your wishes will be respected as if the car was in your own private garage. Your car may be brought here for a clean-up without being disappointed. Most approved devices, careful workmanship and reasonable prices. Prompt service assured when your car is requested.

### Repairing

An intelligent corps of trained mechanics supplied with modern machinery and tools makes it possible to give the best of mechanical attention to cars we sell as well as reliable service for local motorists and motorists entour. Proper mechanical service is what leading motorcar companies demand from their distributors and when we meet their requirements we can best serve you.

### Painting

Master hands in our paint and varnish department and the methods that experience has taught us are the most satisfactory, is assurance that we can produce permanent beauty and ultimate satisfaction. Original effects, pleasing to the eye, yet permitting the expression of individual ideas and taste. This service makes it possible to have your old car look like new.
