A Surpassingly Beautiful Display of Decorative Flowers Distinguishes Our Annual Floral Bazaar Which Has Its Holiday Opening Tomorrow

Flowers that rival nature's exquisite blooms in texture and color are beautifully displayed in a section of the millinery floor in a setting that will command exclamations of surprise and admiration from all who see it.

The Christmas floral displays of former years are far surpassed by this Garden of Beautiful Blooms, rich in its variety of flowers, glorious in its harmony of colors and lacking only in one thing—the scent of natural flowers.

Great is the vogue of Decorative Flowers for home use, for teas, parties, luncheons and other social affairs—and nothing lends rarer charm to such table settings than baskets of dainty flowers.

Featured in this showing are colored enameled baskets beautifully decorated in dozens of styles for boudoir and table decorations. It is a display worthy of everybody's interest.

We will not quote prices—come and be agreeably surprised at the most magnificent display of Decorative Flowers ever seen outside New York.

An Excellent Corset For the Woman of Slender Figure

Because a woman is slender, she must not think that any corset will fit her. She must select her corset with quite as much care as the large woman. The slender woman's corset must not be too high, too long, nor too heavily boned. Nothing is more unsightly than the imprint and projecting bones of a thin woman's corset, seen through her blouse or gown.

There are to be found in the American Lady Corset line, ideal styles for the individual types of slender figures. Prices are \$1, \$1.50, \$2, \$2.50 and \$3.
