foreign intercourse, the President should have specially selected am-bassadors and ministers to meet the

demands in each case.

May Ask Several to Stay
Fortunately the practice which has become general in the American diplomatic service since President Roosevelt frankly requested the resignations of all the ambassadors and ministers, will afford President Wilson the necessary opportunity to carry out plans he has projected, involving a very considerable reorganization for the diplomatic service so far as the heads are concerned.

AND ITS MANY TRAGIC EVENTS

CAREER OF AUSTRIAN EMPEROR

Born August 18, 1830, and came to the throne December 2, 1848, at the age of 18, on the abdication of his uncle, the Emperor Ferdinand. Reigned 68 years, the longest active reign in authentic history. Louis XIV reigned 72 years, but was a child in the early years after his accession.

sion.

His armies suffered defeat at the hands of the Prussians, who replaced the Austrians as the dominating Teuton people, and with whom he was to be allied in later years and in the present war.

His wife, "the good Elizabeth," was assassinated in Switzerland by an anarchist, September 10, 1898.

His brother, Maximilian, Emperor of Mexico, was executed in that country.

His only son, Rudolph, met a mysterious death, having either committed suicide or been murdered, in 1889.

His sister-in-law, the Duchess d'Alencon, was burned to death at a charity bazar in Paris.

The Methodist Program

Before adjourning last night the 2,000 delegates to the Pennsylvania conference of Methodist Men adopt-ed the following big program of ac-tion to be carried out by the church in this State: The consummation of Methodist union.

ington, who was to make the closing address could not be present owing to illness and Bishop Hamilton spoke in his place. In his address he said that the people are standing in a new era of international life and that the Christian church is going to kill war. Bishop Hamilton also referred to woman's suffrage and said in part: "If woman has not brains enough to vote, she has not brains enough to train our young."

young."

The convention closed with a fiveminute silent prayer for the success
of the great program adopted earlier
in the evening.

Britain Will Not Scorn Any Peace Proposal

London, Nov. 23. - "I won't say that we scorn any suggestion of peace because some time we must consider it," said Lord Derby, Under Secretary of War. "But any offer of terms made of War. "But any offer of terms made by Germany will get only the consideration it deserves. Mr. Lloyd George has stated the attitude of this country and it has not changed. There is not even a glimmer of the end in sight yet, but we plan to fight until the victory is definitely won. We are confident. I am not a prophet—they are seldom right whether as turi writers or as war prognosticators—and so I can't say when the end will come, but I am sure we can fight longer than Germany."

I nappened to be in the drug store one day and I overheard the Tanlac of man explaining the uses of Tanlac to someone and what I heard induced me to ask him some questions with the result that I bought a bottle and began taking this medicine.

"It helped me from the very first for my headaches left me quickly, my nerves seemed to quiet right down and my appetite came back better than it has been for a long, long time. Now all my troubles seem to have left me and I feel very, very much better in every way thanks to this splendid tonic."

Tanluc, the famous reconstructive tonic is now being specially introduced here at Gorgas' Drug Store where the Tanlac man is meeting the people and explaining the merits of this master medicine.
