of camp. I often wondered what became of the boy." London has many admirers in Harrisburg, who have read his out-door stories of the North Sea and the Pacific Islands in his own boat, his "John Barleycorn" and his stirring stories of the sea.

CIGARETS ARE ACCIDENT CAUSE

Mr. Spotts, who discussed the employee's duty toward accident prevention, took up many phases of the situation from the workman's standpoint. The employee had come to realize the value of safety first, he said, and a new man on the railroad

your car and it isn't safe for the accident. 4. That employer or insurance carrier defray all expenses for treatment, artificial limbs and the like. That \$55 allowed for medical and \$75 for surgical aid is considered insufficient. 5. That compensation be allowed for disfigurement. 6. Dependents of aliens be paid same as American workers. 7. That compensation be based on number of days of actual employment and not five and one-half days. 8. That the law apply to industrial diseases. 9. That employers insure with the State Insurance Fund.

In the evening there was a discussion of fire prevention matters, with Fire Marshal Port presiding. Commissioner of Labor Lewis T. Bryant, of New Jersey, discussed what his state is doing to end fire hazards and Miss Florence Sanville spoke for the Bryn Mawr fire prevention study. Philip S. Tilden showed how Philadelphia industrial establishments organize to prevent fires.

FILE EXPENSE ACCOUNT The state committee of the Single Tax party, filed a statement of expenses of the party organization at the Capitol to-day, showing \$240.17 contributed and \$255.08 expended. Thomas Ripley, Republican elector, certified to spending \$125, and Nathaniel S. York, county Republican elector, \$250. Less than \$50 was expended by the Walling Judicial campaign committee of York county. J. Elmer Perry and Charles Winbar, Socialist electoral candidates, and Charles Durner, Republican elector, and Charles E. Gimbel, Republican elector, and Fred L. Weede, Democratic electoral candidate, spent nothing.

Mr. Spotts, who discussed the employee's duty toward accident prevention, took up many phases of the situation from the workman's standpoint. The employee had come to realize the value of safety first, he said, and a new man on the railroad

Francis H. Feehan, of Pittsburgh, and H. Fowler, of Taylor, urged changes on behalf of mine workers, their propositions being much the same as those of Representative James H. Maurer, and were as follows: 1. That the compensation be 66 2-3 per cent, instead of 50 per cent. 2. That the law be made compulsory and apply to foreign labor. 3. That waiting period of 14 days be eliminated and

"And then there are the men with the big families--the Roosevelts of the country who are always in the laboring class. Their wives get sick and they can't afford a doctor. If they could pay the doctor when they're well and not pay him during sickness until they got well again, they could get along."

Wants Community Doctor "We ought to have a community doctor. Let everyone in the community pay him so much each month and let him take care of them when they are sick. The doctor would get a good salary and the workman would be better off."

Declaring he was proud to work for the Pennsylvania Railroad because of the provisions made by that line to take care of its injured employees, Mr. Spotts read:

"They say the Bible is a person's best friend. I tell you, the book of rules is the railroad man's best friend. If he abides by it he saves himself from trouble, he saves himself from getting hurt, he saves the other fellow from getting hurt and he avoids accident."

The Auto Problem The speaker also advocated the devising of a method of crossing public streets by the Department of Labor and industry and urged that a poster be printed for chauffeurs and placed by compulsion under the speedometers. The poster should read, he said:

"It isn't safe for you when the speedometer points to 25 miles an hour. It isn't safe for the people in

How to Be Rid of Disgusting Dandruff The only way to be permanently rid of disgusting, untidy dandruff is to correct its cause. Shampooing merely cleanses the scalp for a few days, then the scales form again as thick as ever.

To destroy the dandruff germ and get rid of dandruff for good, part the hair and apply a little of the genuine Parisian Sage directly on the bare scalp, and rub it in with the finger tips for a few minutes until absorbed by the scalp. You will surely be amazed at the result of even one application, for your hair and scalp will look and feel 100 per cent. better.

Only a few days' massage with Parisian Sage are needed to destroy the germs that cause the dandruff to form. The scalp becomes healthy, the hair will grow better and show more life and vitality, and you need never be troubled by dandruff again. Faded, dull or lifeless hair is quickly restored to beauty by this simple process, which is absolutely harmless, and will not stain the hair or make it greasy.

Parisian Sage can be obtained from H. C. Kennedy and druggists everywhere. It is not expensive.

Do not be prejudiced by its low price. When you hear it you will want it at any price.

Demonstration at any time Gately & Fitzgerald 31 S. Second St.

Doctors Agree On Eczema Remedy

Confirm the Statements About D. D. D. Prescription Geo. T. Richardson, M. D. "In my opinion, D. D. D. should be applied in all cases of skin disease--an immediate relief to the itch, a calm to excited nerves, softening, yet a powerful agent, a strength to the general system."

Dr. J. T. Gabbert "I freely admit that D. D. D. reaches most cases of eczema and permanently cures them." Dr. Gabbert of Caldwell, Kansas, is one of the best skin specialists in the state. Write and ask him about D. D. D.
