An official of the company said there had been no curtailment of the output of publishers of popular-priced fiction because practically all of them had unserved the control of publishers of popular-priced fiction because practically all of them had unserved the control of the prices. Paris, Nov. 24.—The minister of war has introduced a bill in the chamber of deputies by which all persons exempted from military service or mustered out as physically unfit prior to April 1, 1916, must submit to a further medical examination. During the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ached darrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for grown-ups printed on each bottle.

Beware of counterfeit fig syrups, Ask your druggist for a 50-cent bottle of "California Syrup of Figs," that is made by the "California Figsyrup Company."
