A. A. S. R. Close Final Sessions With Dance

The Harrisburg Consistory, Scottish Rite Masons, who held their annual sessions of the fall reunion at the consistory in North street this week, closed their conference with an unusually well attended ball at the Chestnut Street Auditorium last evening. Palms and the national colors arranged in various decorative ways made a fine background for the dancers, who tripped to the music of the Sara Lerner orchestra and Commonwealth band, under the direction of Fred Weber.

The committee in charge of arrangements included William S. Snyder, H. W. Gough, Andrew Patterson, Howard Rutherford, Charles C. Schriver, A. D. Bacon, Luther W. Walzer, F. C. Neely and Colonel L. V. Rausch.

GRANDPA DIDN'T NEED CASCARETS FOR THE BOWELS

Two hours a day sawing wood will keep liver and bowels right.

You who take exercise in an easy chair must take "Cascarets."

Enjoy life—feel bully! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath offensive, stomach sour and your body full of acid. Why don't you get a 10 or 25-cent box of Cascarets at the drug store and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets work while you sleep. You will wake up feeling fit and fine. Children need this candy cathartic too.

FLUSH KIDNEYS WITH SALTS IF BACK IS ACHING

Noted authority says we eat too much meat, which clogs Kidneys.

Take glass of Salts when Kidneys hurt or Bladder bothers you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, say well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

WATER POLLUTION TO BE DISCUSSED

Attorney General Brown Looks For Big Conference Here Next Wednesday

Representatives of dozens of manufacturing interests and of the various organizations of sportsmen and fishermen have sent word here of intention to attend the conference called for discussion of the questions involved in stream pollution in the State. The meeting will be held on Wednesday afternoon in the hall of the House of Representatives and Attorney General Brown in outlining it says that it is for the purpose of reaching some plan whereby the streams can be cleared of manufacturing wastes and made fit for fish to live in. Numerous suits are now pending against manufacturing companies which failed to heed notices from the Department of Fisheries to stop draining wastes into rivers and streams.

"My idea is to have the representatives of the State meet with all interest in this problem and try to work out some idea which will be fair. Everyone who is interested is free to attend the meeting," said Mr. Brown.

Exchange Proclamations.—Copies of Governor Brumbaugh's Thanksgiving Day proclamation on heavy paper and in an ornamental Pennsylvania cover have been sent to the President, the Governors of the various States and to Pennsylvania officials and congressmen. This is in accord with an old established custom and the Governor receives quite a number of proclamations from other States in return.

Next Week's Hearings.—Hearings will be held in Pittsburgh, Harrisburg, Philadelphia, Pottsville and Reading by members of the Public Commission. The Monday hearings will be held at Pittsburgh, one of those fixed for this city being the application of the borough of Kutztown, for approval of a plan to buy the water plant at that place. Tuesday at Pittsburgh hearings will be held on the application of Kitzan for permission to establish a water plant. Pottsville and Reading will have hearings the same day on trolley service and grade crossings.

State Revenue Up.—Officials of the State's fiscal departments are waiting to see if the total revenue of the State will reach \$35,000,000. The State has until Wednesday night to go. The payments thus far have gone over the \$34,000,000 mark.

To Inspect Trail.—Highway Commissioner Frank B. Black will likely take a trip of inspection over the roads proposed to incorporate in the State highway system to form part of the Susquehanna Trail. The commissioner has no funds available to build just now, but wants to get an idea of what the improvement would require.

Base Season Ending.—According to reports coming to the State Fishery Department, the base season is about over, not only from a calendar standpoint but because the bass have been refusing to bite lately. In a number of instances many fish were seen in eastern streams, but they refused to take the hook.

To Equip Arsenal.—Plans to equip the new State arsenal building immediately with elevators and lights are being made. The legislature's appropriation did not reach those items, but they will be installed by separate contracts at once so that the building can be ready to receive the equipment.

They Want Advice.—State farmers' institute lecturers report unusual interest being shown in soil analysis this year and it is likely that the Department of Agriculture laboratory will have considerable investigation to do. The State is giving expert advice free and farmers who had been depending on potash fertilizers are now turning to lime and asking for "prescriptions" for soils.

Schuykill First.—Schuykill county is the first in the State to file its official returns to the election on November 7 with the soldiers' vote included. For several years Schuykill has been the first to file and it entered its returns on sheets ten feet long, handsomely engrossed and signed by three of the judges. Other counties filing were Adams, Cameron, Chester, Fulton, Greene, Huntingdon, Indiana, Tioga, Somerset, Montour, Union, and Washington.

Candidates' Statements.—O. D. Brubaker, candidate for Prohibition elector, filed a statement that he had received and expended "nothing whatever" in the recent campaign. The Woodrow Wilson Club of Lansdowne, filed a statement of receipt and expenditure of \$173.55, the first club to enter a report in the absence of rulings on club expenditures the report was filed. C. W. McWilliams, republican elector, accounted for a contribution of \$100 made by him and Harry W. Brown, Prohibition elector, accounting for less than \$50 or certifying that he had no money to report. Merrillfield, W. I. Baker, L. B. Baker, John A. Diehl, Nelson M. Trout, candidates for elector on various tickets and R. E. Morrison, Single Tax candidate for Congress at Large.

Named as Notary.—Miss Mabel Updegrave, of this city, was appointed a notary to-day.

State Gets Big Bonus.—The Hammermill Co. Erie paper mill manufacturers, paid the State \$9,000 as bonus on a stock increase to-day. Several big increases of stock or debt were filed at the Capitol this week, some going into the millions.

To Attend Funeral.—A number of friends of Frederic W. Fleitz, former deputy Attorney-General, will attend his funeral at Scranton. They will leave here to-day. The burial will be made at Wellsboro Monday.

No Agreement.—In spite of hopes of the Public Service Commission there was no agreement reached in the Philadelphia commutation rates yesterday. The matter may be discussed by the commission when it meets here Monday.

Gus Egoft Dead.—Gus Egoft, of Norristown, for years a factory inspector and a personal selection of Governor Pennypacker, died yesterday. He was an authority on antique articles and local history in his section.

GIVE BENNETT SUPPER
 Members of the Booker T. Washington Civic League of this city and Steelton, gave a variety supper in the lecture room of the St. Paul's Baptist church, Cameron and State streets last evening. The proceeds will be used for the Harrisburg Hospital fund of the league. The officers of the organization, who are Dean E. L. Henderson, president; Dr. J. E. Oxley, secretary; and John Fields, treasurer, thank those who assisted in making the supper such a success.

CHILD DIES
 Harry Franklin Shoemaker, infant son of Mr. and Mrs. Harry Shoemaker, 1529 1/2 Swatara street, died this morning shortly after 8 o'clock at the home. Funeral services will be held on Monday afternoon, at 2 o'clock, at the home, 1529 1/2 Swatara street. Burial will be at Derry Street United Brethren church, officiating. Burial will be made in the East Harrisburg Cemetery.

Work Will Be Started on New Intercepting Sewer Monday Morning

Work on Steelton's intercepting sewer will be started by a large force of workmen Monday morning. James Delamater, superintendent of G. W. Ensign Contracting Company will oversee the work.

The work was held up for some time awaiting the permission of the State Water Supply Commission to discharge the refuse into the river and the Public Service Commission to place the sewer under railroad tracks near Conestoga street. The sewer will be placed under the Pennsylvania Railroad and under the main line of the Pennsylvania Railroad. Work on going under the tracks will consume considerable time. After this part of the work is completed 100 men will be put to work.

FORTNIGHTLY CLUB MEETING

A meeting of the Fortnightly Club will be held at the home of Mrs. Attick, 22 Chestnut street, Monday evening. The program follows:

"Spinosa," Mrs. Atticks; "Moses Mendelssohn," Mrs. Middleton; review "Nathanar Weise," Miss McGinness; review, "The Rich Jew of Malta," Miss Pearl Hill.

ANNUAL REUNION

The annual reunion of members of Baldwin Commandery, No. 108, Knights of Malta of the Dauphin District will be held in the Baldwin rooms Monday, December 4. A feature of the program will be an informal reception to the officers of the Grand Commandery of Pennsylvania. James P. Brady, of State Dale, Pa., will be the speaker of the evening.

TEUTONS TIGHTENING ON RUMANIANS

[Continued From First Page]

repulse of a Russo-Rumanian offensive movement in the Gyergyo mountains.

Retreat to Mountains.—The Rumanian forces which were operating in the Ossova region evidently have retreated into the mountains northeast of Turuu Severin, as Berlin reports Rumanian battalions there "out of the main army."

They are still making stubborn resistance, but apparently they have no recourse but ultimate surrender to escape extinction.

Macedonian Drive Falters.—The entente advance in Macedonia shows signs of halting. Paris reports further progress for the Italians west of Monastir, but announces that generally the operations have been slowed up by fog and rain. Berlin declares the Italians were held in check and that efforts of the Serbians to advance east of Monastir have failed.

The official statements from London, Paris and Berlin agree in reporting quiet on the Franco-Belgian front.

Decline of Bulgaria.—The provisional government of Greece headed by former Premier Venizelos has formally declared war on Bulgaria, according to news dispatches from Athens.

Advices from the Greek capital report that any attempted force by the entente to obtain possession of Greek arms and ammunition as demanded of the Greek government will meet with resistance.

In Bucharest's report on the Rumanian campaign another crossing of the Danube by the Germans, which took place at Islaz, just to the west of the mouth of the Alt, is reported but it is declared that Von Mackensen's advance both from this point and from Zimnita, to the east, has been arrested.

YALE WINS GUN SHOOT

New Haven, Nov. 25. — Yale won the Intercollegiate gun club shoot at the Yale traps to-day with a score of 423 out of a possible 500. Princeton was second with 412; Cornell third with 362 and Dartmouth last with 351.

Captain Caesar, of Princeton, won the silver cup offered by the Intercollegiate Trap Shooting Association for individual high score with 90 breaks out of a possible 100. Ryan, of Cornell, was second with 89.

DR. HALSEY HIRRE

The Rev. W. Halsey D. D., secretary of the Presbyterian Board of Foreign Missions in New York, will preach at the morning service at the Steelton Presbyterian Church. This is the annual Missionary Praise service of the church.

WANT TO AMEND LAW TO PROVIDE BOATHOUSE

[Continued From First Page]

of the recommendations of the law committee have been sent out to all third class cities by James A. Gardner, chairman of the league's city solicitors' committee.

The changes are practically identical with what had been recommended at the legislative session and which, by the way, had been adopted by both houses, only to be vetoed by Governor Brumbaugh because insurance agencies were mentioned in connection with the taxation provision. And the Governor vetoed the whole bill, because this feature had been included.

Omit Insurance Clause.—In the new amendments however, the insurance end is carefully eliminated.

The recommendation relative to boat and bathhouses, however, is of especial interest to Harrisburg in view of the repeated statements of city and legal circles that the municipality has no authority under the law to set aside any funds for these purposes.

Requiring advertisement of the construction and maintenance of docks, retaining walls, dams or embankments to remove obstructions from and to flow through or adjacent to the city; and to construct, maintain and manage municipal bathhouses and boat-houses.

Other amendments include: To provide that the initiative and referendum proceedings shall not apply to annexation proceedings.

Requiring advertisement of supplies only for amounts exceeding \$250; classing obstructing trees, branches, rocks, etc., as nuisances and regulating their removal; empowering the police to take into custody suspicious persons; empowering the city to regulate private as well as public markets, milk depots, etc.; permitting the city to buy and sell lands, playgrounds as well as parks; eliminating the nuisance; changing the municipal imprisonment term from thirty to ninety days; authorizing the mayor to sign ordinances immediately upon their passage instead of waiting for the usual thirty-day advertising period; placing chief of police and officers under supervision of the mayor; allowing the superintendent of finance to submit his annual report to council at first meeting in March instead of January; making terms of city solicitor, city clerk and city engineer four instead of two years; providing for the election of councilmen for four-year terms, half of them to be elected every two years and that at the first election after passage of the act, the two councilmen receiving the highest vote shall serve for four years and the others for two years.

MMS. SARAH BERNHARDT ON LAST VISIT TO AMERICA AT ORPHEUM WEDNESDAY

Seats for the Bernhardt engagement opens at the Orpheum Theater Monday morning. The unusual interest shown in this engagement is proved by the already large demand for seats made through the mail order department. The Divine One creates a box office interest second to none on the stage. She is still supreme in her drawing powers, as in her art as an actress.
