THREE YEARS TO FINISH WARSHIPS

Chief Constructor Says It Will Take That Time to Finish Eight

Washington, D. C., Nov. 27. — None of the eight big warships authorized by Congress this year can be ready to join the fleet in less than three years and a half. Rear Admiral Taylor, chief constructor of the navy, told the House Naval Committee, today. Admiral Taylor thought the government faced the same difficulties with shortage of skilled labor and material that confronted private shipbuilders. With the end of the European war the labor situation is expected to be much relieved. The navy has under consideration plans for a forty-thousand-ton battleship which, in addition to heavier guns and armor, would have also a speed several knots in excess of that now fixed for ships of the fighting line.

Butler Wants U. S. to Build Four Dreadnaughts

Washington, D. C., Nov. 27. — The probability that the four battleships authorized in the preparedness clamor which marked the first months of this Congress will not slide the ways until 1920 or 1921 aroused Representative Butler, of Pennsylvania, to declare in open hearing that the American people would not stand for such delay and that he proposed to ask that the United States build its own ships and build them in thirty months.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels. Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again. You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Physical Fitness First Essential Forum Is Held

The opening session of the people's forum at Wesley Union African Methodist Episcopal Church yesterday afternoon gave every indication of the lasting impressions created during the season. The attendance was above the average for the opening day and the manifest interest gives high promise of another year of unusual accomplishments. The musical program, participated in by William and Edward Jefferson and Charles Page, of Steelton, was well received. The address of the afternoon was delivered by Leslie Pinckney Hill, principal of Cheyney Institute, Cheyney, Pa.

Mr. Hill spoke upon "Fundamentals Upon Which Races Thrive," dividing his discourse into six distinctive groups. Beginning with physical fitness as the first essential to a people, he took up and discussed in order the need of cultivating the "back to nature" or agricultural instinct, the worth of moral stamina, constructive contribution to the world's progress, intellectual development and spiritual devotion or nearness to God. Mr. Hill, who took his master's degree at Harvard, has devoted much study to sociological topics. He was formerly associated with the late Dr. Washington at Tuskegee, was principal of the Manassas Industrial School at Manassas, Va., and has been at the head of Cheyney Institute for the past two years.

BEG PARK BOARD TO MOVE STONES

Poor Directors Want Gross to Clear Meadowed Land Near Almshouse For Cattle

Dauphin County's Park Board has again urged the city to make some arrangements for disposal of the tons of loose stones that litter the little meadow adjacent to the Cameron parkway and which prevent the poor directors from turning the field over to much needed pasturage for the poor farm cattle. Poor Director Frank B. Snively has made a personal request on behalf of the board to Commissioners W. H. Lynch and H. F. Bowman. The removal of the stones is a part of Park Commissioner E. Z. Gross' job, however, and he has failed to cart away the rocks until he arranges for their use for rip-rapping the River Front slopes north of Hardscrabble. The rip-rapping job is still hanging fire and the poor directors are becoming apprehensive as to the possibilities of a cleared meadow land during the coming year. To Defend Murderer.—Attorney Robert Stucker has been appointed by Additional Law Judge S. J. M. McCarrill as counsel to defend Viada Yanovic, the Steelton foreigner, who is one of the half dozen men who must face a jury during the first week of

December for killing a fellow countryman.

Died Year After Election.—Within one day of a year after his election for a six-year term as supervisor of Wisconsin township, John Dodd died, and the surviving supervisors, John M. Beadle and Adam Palmer, have appointed Henry L. Kniley to fill the unexpired term. Transfer Liquor License.—The Dauphin county court to-day granted the transfer of the Glen House, Lykens, liquor license, from Samuel E. Byler to Charles C. Matter. Two Suits Against Trolley Co.—Two trespass actions against the Harrisburg Railways Company were filed to-day by Attorney O. G. Wickersham in which \$1,000 damages in each instance is demanded. Mary Staincker declared she was injured when she tripped over a suitcase in a crowded car. Isaac Gittlin alleges that his team was battered by the negligent handling of a trolley car.

To Cure Catarrh You Must Purify Your Blood

Specialists in Catarrh troubles have agreed that it is an infection of the blood. The laboratories of the Swift Specific Co. have proven it. Once you get your blood free from impurities—cleansed of the Catarrhal poisons, to which it is now a prey, because of its unhealthy state—then you will be relieved of Catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with Catarrh—it is not necessary. The remedy S. S. S., discovered over fifty years ago, tested,

true and tried, is always obtainable at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write the Swift Specific Co., Atlanta, Ga., for medical advice. It is free. They will tell you how this purely vegetable blood tonic cleanses the blood from the blood by literally washing it clean. They will prove to you that thousands of sufferers from Catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor. Don't delay the treatment. Take S. S. S. at once.
