

MOTHER'S REMEDY FOR BRUISES

Children's Bumps, Sprains and Minor Hurts Quickly Relieved by Sloan's Liniment

It is the very nature of children to hurt themselves—to come crying to mother with little fingers bruised, with heads bumped, with sprained ankles and wrists.

They are painful hurts, too. But their pain and sting can't survive the gentle use of this liniment. A single application of Sloan's Liniment and—the little fellow's bravely kept back tears give way to smiles. His hurt is relieved.

In every home where there are children a bottle of Sloan's Liniment is a necessity.

Aching muscles, rheumatism, lumbago, stiff neck, backache, chilblains, etc., can be effectively relieved with Sloan's Liniment. Clearer than mussy ointments or plasters.

Sloan's Liniment can be obtained at all drug stores, 25c, 50c, and \$1.00.

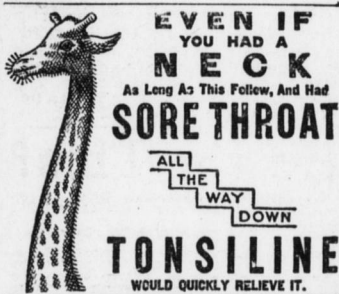

HOW GRANDMA CURES A COLD

Coughs and colds, no matter how slight they may seem, are dangerous things. Any physician will tell you so.

Nowadays folks aggravate a cough or cold either by neglecting it or using dangerous patented medicines which bring false relief by deadening the nerves of the nose and throat.

But grandma KNOWS that nothing will cure a cough or cold that does not go direct to the cause of these dangerous afflictions. That's why she turns a deaf ear to patent nostrums and relies only on the fifty-year old prescription she has always used. It is a real wonderoil and it hasn't failed her yet.

Wonderoil wipes out every symptom of cold so quickly that you almost think it is done by magic. Wonderoil is made from an old recipe that has been handed down by several generations. You can get the genuine Wonderoil in Harrisburg from Geo. A. Gargas or any other good druggist. Keep some in the house all the time. Grandma does and she KNOWS.

EVER IF YOU HAD A SORE THROAT... TONSILINE WOULD QUICKLY RELIEVE IT.

A quick, safe, soothing, healing, antiseptic relief for Sore Throat, briefly describes TONSILINE. A small bottle of Tonsiline lasts longer than most.

ALL WRONG

The Mistake Is Made by Many Harrisburg Citizens

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

Mrs. Myrtle Rodgers, 1412 North Green St., Harrisburg, says: 'I had been troubled off and on for several years with kidney complaint. At times it came on without warning and then I suffered something terribly from my back. There was a dull, constant ache through the small of my back, and it got so weak I could hardly straighten when I bent over.'

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rodgers had. Foster-Milburn Co., Props., Buffalo, N. Y.

SPALDING COMES TO ORPHEUM FRIDAY FOR SPECIAL ENGAGEMENT

When Albert Spalding, the world-famous violinist, returns to this city at the Orpheum, on Friday evening, he will have as his assisting artists Loretta Del Valle, the American grand opera prima donna and concert star, and also Benoit, the eminent French pianist, who will appear here for the first time as a concert soloist.

COST OF THANKSGIVING DINNER SOARING THIS YEAR

If you go home these days and find your wife in a bad humor, Mr. House-keeper, don't be surprised and ask questions. You're either going to have a slim Thanksgiving dinner or you will pay from 15 to 40 per cent. more for practically everything that makes the dinner a success.

Turkey—oh, yes. Forty to 45 cents a pound, dressed weight. Last year, 35 to 40 cents, dressed weight. Potatoes, \$1.75 to \$2 a bushel. Last year, \$1 to \$1.25 a bushel. This is just a sample of the two big items of the dinner. Pumpkin pies, conceded as important a place as turkey on the Thursday menu, are all right if only pumpkins were needed to make them. But pastry flour by the 12-pound sack costs from 20 to 25 cents more; eggs are 8 and 10 cents higher in price compared with 1915 figures, and even sugar costs 2 cents a pound more.

O'NEIL MAY MISS A TURKEY DINNER

Likely to Stay Here Over Thanksgiving Day to Dig Into Insurance Matter

Insurance Commissioner J. Denny O'Neil said to-day that he would remain here until to-morrow night and might not get to McKeesport for Thanksgiving at all because of the delving he is doing into the affairs of the Pension Mutual and Union Casualty companies. 'I am going all through this matter again and finding new things all the time,' said he. The commissioner characterized the answer of the Pension Mutual company in the receivership proceedings as no answer at all and said that when the court hearing ended, the court would name a receiver because of what the State would show.

DEDICATE NEW M. E. PRINTERY

Profits Divided Among Aged and Retired Ministers of Denomination

Cincinnati, Ohio, Nov. 28.—A red letter day in American Methodist Episcopal circles is being celebrated in Cincinnati by the dedication by church officials and employees of a new six-story ferro-concrete modern home for the Methodist Book Concern. The exercises were participated in by representatives of all departments of the concern and general church life, the oldest active employe, William Vosmer, the house carpenter, with fifty-five years of service, and Bishop Earl S. Cranston, until May last the senior active bishop of the church, publishing agent here from 1884 to 1899, exemplifying the range of participants. The formal presentation of the building was made by Edward E. Shipley, a prominent insurance man, a member of the book committee of twenty-five ministers and laymen, a board of active directors who direct this great church interest without compensation. The Methodist Book Concern carries over \$1,000,000 insurance of the lives of its employes, made out to beneficiaries named by the insured.

At the present time the Methodist Book Concern has, in addition to its main houses at New York and Cincinnati, depositories at Chicago, Pittsburg, San Francisco, Kansas City, Mo., Detroit and Boston, the real estate value of which is nearly \$2,000,000. And its profits, distributed to the aged and retired ministers of the church, for the past four years were over \$1,000,000.

ORIGINALITY MAKES SUCCESS

In an article in the December Woman's Home Companion, a writer says about selling things one makes: 'Originality is the hall-mark of success, and can be cultivated by experimenting. All single experiments that are not successful enough to warrant continuing as a manufacturing proposition, should be disposed of at a profit, and this may most readily be accomplished at Christmas time through woman's exchanges. While I do not advocate the exclusive use of woman's exchanges as a marketing medium, I do feel that for this purpose of selling articles in small quantities they have a value.'

'Gifts for children are easily sold. Included under this heading may be put combinations of toys to be used together; for example, sand sets, gardening sets, or dolls' dressmaking sets, each combination being of already manufactured articles, bought at wholesale and packed together in clever, interesting receptacles.'

TO LECTURE ON STARS H. B. Rumrill, of Philadelphia, will give an illustrated lecture, entitled, 'The Wonders of the Sky,' in the Technical High School Auditorium, December 8. The lecture will be held under the auspices of the Harrisburg Natural History Society.
