 - \$7.00 Coats .. \$3.98
- Ages 2 years to 13 years

ATTACK ON HIGH FOOD PRICES MAY SPREAD OVER U. S.

New York City Starts Two Weeks' Boycott of Eggs; State Following

New York, Nov. 28.—The attack on high food prices, begun here by the Housewives League and certain city officials, spread to-day throughout New York State. Encouraged by news of sympathetic efforts in other States, the promoters declared that the movement promised to become a national wide.

The local campaign now centers upon eggs and beginning to-day, recommends a two weeks' boycott. The efforts of the State and city officials were supplemented by Cornelius F. Burns, mayor of Troy and president of the Mayor's Association of the State.

Mayor Burns announced that he would send letters to the mayors of every city in New York State and to the Governors of all States, requesting the issuance of proclamations urging people to abstain from using eggs other than for the aged, sick, infants and children, for a period of two weeks.

Western People Lining Up
The Housewives League of St. Paul, Minn., and the Women's City Club of Chicago, yesterday adopted resolutions declaring for a boycott on eggs. The Motion Picture Exhibitors' Association has volunteered the use of approved moving picture theater in the city to carry out the campaign. Slides will be shown telling the people what to do to break up the combination of those held responsible for the high prices.

Official State action under the direction of Governor Whitman was forecast in the announcement that the Governor was in conference with George W. Perkins, regarding the remedies which the State could undertake.

Mr. Perkins is chairman of the Mayor's committee on food supplies. The Governor plans to enlarge the commission of foods and make this through a legislative program now under preparation.

It is believed the question of the price of foodstuffs to be a State matter," said Governor Whitman. "It is my idea to have a commission handle the thing in a big way, with a big man at the head of it."

While efforts have been made to extend the boycott to turkeys and other foodstuffs now commanding fancy prices and subject to speculation, it is believed that such action, if taken will await the result of the campaign against the high cost of eggs.

EMPEROR BURIED IN DEAD OF NIGHT
[Continued From First Page]
The palace a little after 10 o'clock and reached the chapel, after passing through two of Vienna's busiest thoroughfares, shortly before midnight. It moved between two lines comprising thousands of infantry, preceded by a score of equestrians with lanterns whose flames were hard to keep alive in the gusts of wind sweeping over the wet pavement.

Noise of Wheels Only Sound
All heads in the silent crowd were bared as the procession, its center horse bearing the body and drawn by eight black horses, passed by. So silent was the attendant populace that the noise of the wheels was the only sound to be heard. Behind the procession the crowd melted into the night. At the Hofburg the procession entered the main gate and disappeared within the gloomy courts of the ancient palace, dissolving as silently as it had passed through the streets, while the coffin was borne into the chapel, where it will be exposed to the public view on Tuesday, Wednesday and Thursday.

As a cleansing agent and beautifier, the reputation of the lemon soaps is still higher. The juice whitens the hands, improves the complexion, helps, if anything can, to remove freckles. In the culinary department it ranks with salt and sugar in general usefulness, and as a furniture polish its oil is beyond reproach.

LOCAL COMPANY GRANTED CHARTER

Governor Also Approves the Merger of Juniata Valley Concerns

The Harrisburg City Improvement Company, which is to have real estate developments under its care, was granted a charter to-day with \$5,000 capital. The men interested are I. H. Suplee, Bryn Mawr; W. H. Warren, Philadelphia, and W. J. Stewart, of Harrisburg.

J. Dress Pannell, Steelton, and H. T. Evans, Shamokin, were to-day appointed notaries.

S. H. Templeton was to-day appointed justice at Fairview, Butler county and W. H. Bovard for Slippery Rock.

Edward Manning Bigelow, former State Highway Commissioner, to-day appointed director of public works of Pittsburgh, to succeed the late Robert Swan. The distinguished engineer filled the place thirty years ago and his appointment was made after repeated requests to him to take charge of matters again.

Dairy and Food Commissioner Foust was in Philadelphia to-day looking after prosecutions in the courts.

Representative J. M. Reese, of Schuylkill county was at the Capitol.

Governor Brumbaugh to-day approved the merger of the Rockhill Coal and Iron Co. and the Broad Top Improvement Co., the combined company to have the Rockhill name and a capital of \$1,200,000. The president is G. Theodore Roberts, New York and S. J. Livingston, Philadelphia, is secretary and treasurer. The directors are G. Theodore Roberts, of New York; Frank P. Howe, Johnson City, N. Y.; C. E. Ward, Philadelphia; H. Radcliffe Roberts, Villanova; Joseph L. Woolston, Philadelphia; Alvan Markle, Jr., Hazlet; and Thomas H. Ingham, Philadelphia.

Attorney General Francis Shunk Brown expects a crowd to-morrow when the conference is held in the hall of the House of Representatives on stream pollution. He will preside and Governor Brumbaugh will make one of the addresses as will probably Attorney General Shunk, and others. Representatives of municipalities, manufacturing establishments, railroads, sportsmen's organizations and others will attend.

Governor Brumbaugh will spend Thanksgiving Day and the week-end in Philadelphia. He will leave here to-morrow with Mrs. Brumbaugh.

The United Gas Improvement Co., of Philadelphia, to-day paid the State \$36,000 in a single payment as State tax. It was the first payment of the week. It is expected that to-morrow, the last day of the fiscal year the State revenues will run above a million. It is a race whether the State gets \$35,500,000 for this fiscal year.

B. Budd Cannon of Milton, candidate for prohibition presidential elector in an expense state, was today at the Capitol certified that he received nothing and spent nothing, adding "Nor was I elected."

Jacob B. Waldelich, Democratic candidate for Congressman-at-Large spent \$202.06, while several candidates for elector certified to spending either nothing or less than \$50.

F. G. W. Runk, of Allentown, to-day charged in a complaint filed with the Public Service Commission that the Allentown-Bethlehem Gas Company was without authority to operate in Allentown and that the minimum rate charged is illegal. In addition he charged that the company's accounts are not intelligible and that its rates are too high.

Captain John M. Rudy, commanding the Cavalry, of the Eight Infantry was to-day reappointed in orders issued by the Adjutant General.

Only 190 school districts of the State remain to be paid their shares of the State school appropriation and State Treasurer Young expects to complete payment by to-morrow night, when the State's fiscal year will end. To-day \$337,000 was paid to 150 districts. All told the school appropriation paid this year will be over six million dollars. The receipts at the State Treasury to-day were \$750,000 mark for the second time in a week. The total revenue for the fiscal year is estimated at over \$35,000,000.

CATCH BURGLAR OF HILL HOMES
[Continued From First Page]
of these articles have been identified to the police as the property of persons residing in the Allison Hill district.

The arrest of Faust resulted from a tip by him, to pawn a watch which he is alleged to have stolen. Patrol Makes Two Trips For Loot
Faust seems to have been quite a mobilizer of other folks' goods. Two trips to the police were necessary to bring the loot to the police station, and a rummage sale of a department store's entire stock could not have exceeded the display either in value or variety.

YOUR THANKSGIVING OVERCOAT

ought to be VARSITY SIX HUNDRED

And there's a score or more reasons why. One of those reasons is—the back. Pretty snug looking; but the front is just as dashing, and it ought to be, whether your preference is for the single or double-breasted. Materials are deep, soft and warm; the coats large and roomy. Built also in ulsters, great-coats, fur-collared coats—any number of models in all colorings. None but all-wool fabrics are used by the makers.

Hart, Schaffner & Marx

\$18--\$20--\$22.50--\$25

FURS—Everyone seems to like our holiday display of Furs and fur-trimmed Coats this Fall; and we're gratified, too, for we've gone to some pains to make this exhibit what it is. If you've tried "shopping" for Furs without results, chances are you'll find what you're looking for at Marks.

LOAN BOARD IS FIXING SITES

Back From Tour of Country, Locations of Banks Will Be Announced Soon

Washington, D. C., Nov. 28.—The Federal Farm Loan Board, which has just returned from its final tour of the country to determine the best location for the establishment of the twelve Federal farm loan banks, to-day began studying the mass of testimony received during its trip. The board announced the selection of the twelve Federal districts in which the banks are to be located is expected within twenty days.

In its tour the board traveled 29,000 miles and held fifty hearings in an effort to get first-hand information from farmers generally as to their farm loan needs. The board announced to-day that the testimony indicated that the government's new co-operative banking system from its installation will have a volume of business that will insure its operation at a minimum of cost.

The testimony, according to the board, emphasized the great demand for an agency to lower and equalize interest rates on farm loans and to provide long-time loans repayable in small instalments through a long period of years. It also showed, the board stated, that farmers have been required to pay exorbitant interest and unnecessary commissions, with too short loans, and that since the farm loan law was enacted interest rates in most parts of the country have been reduced to a marked degree to meet the new co-operative competition.

CITY ABANDONS PLANS TO TREAT SEWAGE

[Continued From First Page]

houses in the district before April 1, 1917, and probably not until later.

Riverside Coming In
The ordinance authorizing the annexation of Riverside as far north as Vaughn's Lane was read for the first time and was laid over for consideration at the conference of the council and city manager. Communications were read from the Suburban Drainage company and from Edwin Moeslein and Lewis N. Neiffer, offering the suburb's water and sewer systems without cost and for \$10,300 respectively. Upon advice of the city solicitor's department the ordinance authorizing annexation of the section north of Vaughn's Lane will not be offered until the lower section is taken in.

In response to Council's recent request for information as to whether or not the city can legally pay its electric lighting bill from the water surplus, the city solicitor's department asked further indulgence until the law can be more fully investigated.

That City Audit
City Commissioner Bowman reported to Council that the Pittsburgh Audit Company has been dunning his department for the balance of the \$2,950 on the account for making the city audit. Mr. Bowman declared that the auditor's report was inefficient and incomplete as it didn't properly explain how much had been netted in interest earnings from the various bank deposits. Council took no action in the matter.

30 More Policemen
By Mayor Meals—Authorizing appointment and budget provision for 30 additional policemen.

These ordinances were passed finally: Authorizing laying of 5-inch water pipe in Chestnut street, Nineteenth to point 530 feet east; prohibiting any vehicle to stand unattended within 25 feet of a water plug or the piling of building materials within five feet of the plug; appropriating \$2,500 for new police equipment; providing for appointment of a city mechanic at \$1,200 per year, under jurisdiction of the park superintendent.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her—That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment made with oil of mustard. It will not blister like a mustard plaster. Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia), Try Musterole for croupy children.

MEAT CAUSE OF LAME BACK AND KIDNEY TROUBLE

Take a glass of Salts to flush Kidneys if your back is aching.

Noted authority says Uric Acid from meat irritates the Bladder

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, or sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Will Take Day For Serum in Cattle to Show Result
Kansas City, Mo., Nov. 28.—With embargoes from a dozen states against cattle shipped from here, stockyards and from adjacent territory except for immediate slaughter, representatives of the Federal Bureau of Animal Industry and livestock commissioners of Missouri and Kansas City awaited developments in the infection found in a shipment of cattle from Western Nebraska which has shown symptoms of the hoof and mouth disease.

The local force of veterinary experts is to be augmented to-day by the arrival of livestock auditors from Illinois and other states involved in the quarantine.

What has been the effect of the virus taken from animals in the infected herd and injected into healthy cattle, horses and swine was a matter of conjecture, according to the veterinarians. They asserted it probably would be another day before the serum

VILLA MENACES JUAREZ; CAPTURES CHIHUAHUA

[Continued From First Page]
said to have been received last night from General Jacinto Trevino, Carranza military commander at Chihuahua.

General Trevino, one report stated, was moving southward with his forces to join the reinforcements under General Murguia, reported marching toward the State capital.

Direct word from Chihuahua City last night told of fighting Sunday between de facto forces and Villa bandits within the city and stated that the Villa forces were withdrawing to the north. The message added that General Trevino's troops were then celebrating the defeat of the bandits and that repair trains had been sent out to restore communication with Juarez. Early to-day telegraph lines were working only as far south as Saus, 24 miles north of the State capital from where General Trevino's message was sent last night.

PROTOCOL FOR CARRANZA

San Antonio, Texas, November 28.—Alberto Pani, one of the Mexican peace commissioners, passed through San Antonio this morning bearing the protocol which recently was signed at Atlantic City, N. J., for submission to First Chief Carranza. He expects to be in Queretaro, where Carranza is, there not longer than three days. He will carry the answer of the first chief back to the conference.

THE VIRTUES OF THE LEMON

If the testimony of the Sicilian Citrus Chamber is given due consideration in determining the status of a lemon, it deserves an important place in the list of first aids, states the Popular Science Monthly for December. According to the authority mentioned the lemon aids are chiefly medicinal and hygienic. Its juice is of value in treating diphtheria and scurf. For ordinary colds it is a great specific. It will cure slight wounds and chilblains. The juice of several lemons taken every day will help to cure rheumatism and prove an anti-cure rheumatism and prove an anti-

Our Advice Is
Order That Victrola For Christmas Now
All styles are here and all finishes. The demand is going to be great, so if you contemplate a Victrola for the family, you will do wisely if you order now. Delivery will be made when you desire—now or Christmas Eve.
