Do Your Christmas Shopping Early

There Will Be For You---

Satisfaction—The satisfaction of accomplishment in knowing your gifts are gathered when others are yet scurrying in last-minute efforts to find the things they want.

Leisure—Leisure for "shopping" for careful comparisons for unhurried selections. Time for getting sizes right and adding little personal touches.

Stocks More Complete—Christmas stocks naturally at their best early. Try as we may, they cannot be kept that way until the last. The new things, the different, novel, unusual things go first—and too often cannot be duplicated in time.

Finally—There's the consciousness of having made someone else's burden a bit lighter, just through co-operation.

That's why we say, "Do Your Christmas Shopping Early" WILL YOU?
