

TEUTONIC GRIP TIGHTENING AS INVADERS MOVE ON BUCHAREST

Armies of Von Mackensen and Von Falkenhayn Are Within 16 Miles of Rumanian Capital

RUSSIAN LINES IN NORTH ARE BROKEN

Permits New Influx of Austro-German Troops; Petrograd Announces Capture of Carpathian Heights

The Teutonic grip on Rumania remains unchanged and at last reports were tightening with three converging forces continuing unchecked, their advance toward Bucharest.

Despite tenacious resistance by the Rumanians, which appears to have increased as Bucharest was neared by the armies of Field Marshal Von Mackensen and General Von Falkenhayn, the invaders are now almost within gunshot of the capital.

Russians Take Heights

The Russians meanwhile have been attacking heavily all along the frontiers of Moldavia, the Rumanian province which projects northward between Transylvania and Bessarabia.

Whether this success will have any immediate effect on the operations of the Teutonic armies engaged in the main attack on the Rumanians has not yet been indicated.

Greece to-day is in the midst of what seems likely to prove her greatest crisis. The entente ultimatum under this possession of Greek arms and munitions were denigrated and King Constantine is reported to have definitely refused compliance with the demands.

In Macedonia the Germans and Bulgarians are doing more than fighting defensive actions against the entente attempts to advance in the Monastir district.

Make Steady Progress To-day's German headquarters reported that the German army had advanced to the east of the Cerna, where gains were recently made by the entente.

Believe Russ Attack in Carpathians Will Ease Rumanian Pressure

Petrograd, Nov. 30, via London, Dec. 1.—The violent attack begun by the Russians in the Carpathians which, if successful, will menace the rear of the Transylvanian Austro-German army, is being met by military critics here to relieve the pressure upon Rumania and possibly avert the crisis caused by the concentric advance on Bucharest of the three groups of the forces under Generals Falkenhayn and Mackensen.

GERMAN U-BOAT MISTOOK MARINA FOR TRANSPORT

Asks U. S. For Status and Is Ready to Offer Amends if Entitled

SIX AMERICANS LOST

Count Bernstorff Seeks Conference, but Complete Information Is Necessary

Washington, D. C., Dec. 1.—The German submarine commander who sunk the British horsehip Marina with the loss of six Americans has reported to his government that he took the vessel for a transport.

The case was discussed to-day at a conference between Count Von Bernstorff, the German ambassador, and Secretary Lansing.

The conference between the ambassador and the Secretary of State, which was brief, developed neither seemed to be in possession of such complete information as would be essential to a determination of the case.

Submarine Sighted Off Cape Hatteras

New York, Dec. 1.—An unidentified vessel riding low in the water without the usual green and red side lights and believed to be a submarine was sighted forty miles east of Diamond shoals, Cape Hatteras, at 10:30 p. m. November 28, from the bridge of the American steamship Crofton Hall.

Seized With Heart Attack on Mission of Mercy

While bent on a mission of mercy, a basket in the rear of his automobile laden with good things for the Thanksgiving dinner of a poor family, James M. Rhoads, brick manufacturer and coal dealer, was seized with heart failure.

Mr. Rhoads was one of the first men to engage in dredging coal and sand from the river. He later became interested in the manufacture of brick, in which business he has been engaged for the last twenty-four years.

Surviving are two daughters, Mrs. Lida J. Ketter, Miss Irene Rhoads, and one son, James C. B. Rhoads. Funeral services will be held from his home, 612 Green street, to-morrow afternoon, at 2 o'clock.

Believes Limited Stock of Supplies Makes For Economy in Use of Food

CUTTING HIGH COST

This is the first of a series of articles by Mrs. Anna Hamilton Wood, the well-known writer, on subjects relating to the high cost of living and how housewives may economize to make the family income meet the needs of the table.

When a peculiar shallowness developed in the marketing purse of Mrs. House Keeper she reached to the top shelf of the closet and hunted out her budget of household expenses for 1914-15.

BANK CLEARINGS \$12,000,000 MORE

Remarkable Gain in First Eleven Months of 1916 Shown in Report

Total bank clearings for the first eleven months of 1916 in Harrisburg have set a new record by climbing more than \$12,000,000 higher than the figures for the first eleven months of 1915, according to figures compiled and issued to-day by the Harrisburg Clearing House Association.

The totals from January 1 to November 29, 1916, inclusive, are \$90,278,252.90, compared with a total of \$77,525,875.77 for the same period last year. The total for the first eleven months of 1916 is more than \$8,000,000 higher than the figures for the entire year of 1914.

More than half a million dollars will be sent out by city banks by checks for Christmas savings funds. Most of these will be mailed by Monday, December 11, it was announced to-day, almost a week sooner than last year.

CITY TO FIGHT STATE'S SEWAGE ORDER IN COURT

Council Tonight Will Get Report of Removal of Temporary Plants

RIVERSIDE ANNEXATION

Jitney Count Will Be Received; to Prepare Walnut Street Bridge Request

Harrisburg will let the courts decide whether or not the municipality must continue to obey the State Health Department's order to treat city sewage temporarily in the River Front and Paxton creek interceptors.

Following the recent typhoid epidemic Dr. Samuel G. Dixon, the State Health Commissioner, ordered the city to erect temporary disinfecting plants near the sewer outfalls into the river in order to safeguard the towns down stream from possible contamination.

Millard F. Thompson Dies at Carlisle To-day

Carlisle, Pa., Dec. 1.—Millard F. Thompson, aged 67 years, a well-known lawyer and business man, died at his home here at 3 o'clock this morning after an illness of about a year. Mr. Thompson was born in Carlisle and was the oldest member of the Cumberland county bar and was clerk of courts of Cumberland county from 1888 to 1891.

Mr. Thompson was largely interested in street railway and traction developments and was connected with the Carbonade Traction Company, the Greensburg and Pittsburgh Trolley Company and the Greensburg and Mount Pleasant Railway Company. He was president of the Pennsylvania and Western Railroad Company up to a year or two ago.

Hymn of Sunday Played by Pianist Stops Panic

Tamaqua, Pa., Dec. 1.—With flames playing about the operator's booth, the pianist of the Family Theater yesterday afternoon suddenly stopped the strains of a popular "Billy Sunday" hymn, "Saved by His Power Divine."

There was a marked falling off in the November losses as compared with the slowing down of the Somme campaign. The average daily loss in October was 5,452, compared with 2,488 in November. The November casualties bring up the total of British casualties reported in the five months since the beginning of the Somme offensive to 183,852.

HANGS HIMSELF IN RIVER PARK AT SOUTH ST.

Ties Rope to Tree and Jumps Over River Bank Opposite Governor's Mansion

HURT IN ACCIDENT

Despondency Caused by Long Illness Cause; Asks Wife and Children to Forgive

Ell G. Miller, aged about 50 years,

701 Benton street, shortly before 11 o'clock this morning, committed suicide by hanging himself to a tree in River Front park just opposite the Governor's Mansion at South street.

Despondency resulting from injuries received in an automobile accident last July is believed to be the cause of the act.

Rivermen noticed him wandering up and down the concrete walk about 10 o'clock this morning. His body was discovered hanging from a small tree on the river bank about 10:40 o'clock. A few minutes later police arrived on the scene with a pulmotor, but although the body was still warm, all efforts to resuscitate him failed.

The body was found with the feet touching the ground and both hands holding on to a branch of a nearby tree.

Miller, who was employed as an engraver, by P. G. Diener, the jeweler, was struck by an automobile driven by Paul Bratten last July while on his way to work. His one knee was so badly injured that he has been unable to work since that time, with the exception of a few weeks. Brooding over his crippled condition he seemed unusually despondent for the last week.

He is survived by a wife and three children.

CARRANZA TO STRIKE AT VILLA FROM TWO SIDES IN CHIHUAHUA

Columns Moving on Bandit From Northern Points; Juarez Still Fears He May Move on City

BELIEVED OUTLAW WILL ABANDON CAPITAL

Based on Previous Actions in Withdrawing From Towns as Soon as They Are Looted

Juarez, Mexico, Dec. 1.—Carranza officials received a report last night that the government troops, reinforced by General Murguia's column, were moving against Chihuahua City with the purpose of retaking it from Villa.

General Trevino is said to have returned to Nombre de Dios, a few miles above the city, while General Ozuna, having gathered up stragglers, is also expected to strike in at some point to the north, co-operating with General Maycotte and General Murguia.

The feeling of unrest has not lessened in Juarez, however, as the mass of the people say openly they fear Villa may take the town in order to embarrass the United States government.

As Villa has abandoned Jimenez, Santa Rosalia, Parral and every other town he has so far taken, a Carranza officer here expressed the belief the bandits would withdraw from Chihuahua in any case as soon as they had gathered sufficient loot.

COAL PROBE HEARING HERE

Harrisburg.—W. J. Turner, counsel for Lehigh Navigation Company, said that the waters in the Pocono mountains should be impounded and used for canal purposes, when he addressed the Anthracite Commission of Pennsylvania sitting here to-day. He said the present coal-carrying canals are operated at a loss. His testimony was corroborated by that of Mr. Warriner, of the same company, who said he favored such an investigation as proposed by Public Service Commissioner Magee for the purpose of finding out whether it is feasible to rehabilitate the old canal systems. Magee said such an investigation would cost \$2,500,000 but he thought it worth while. Mr. Magee's suggestion appears on another page.
