NOTABLE NEGRO DIES AT 104

Chambersburg, Pa., Dec. 1.—Joseph Winters, colored, the oldest man in Franklin county, died here Wednesday night at his daughter's home, aged 104 years. He came here in 1830 from Leesburg, Va., was born free and had considerable Indian blood in his veins. He was an expert locksmith, and thirty years ago invented a hook and ladder extension truck somewhat like those used in large cities to-day. Winters was a friend of Frederick Douglass and helped John Brown when the latter was here prior to his raid in 1859. Winters educated himself, and became quite a writer of prose and poetry.

FIREMEN WANT BETTER SERVICE

Campaign For Pure Water and Uniform Pressure Started by West Shore Union

Lemoine, Pa., Dec. 1.—The next move for civic betterment along the West Shore to be taken by the West Shore Firemen's Union is a campaign against the Riverton Consolidated Water Company for pure water at all times, uniform water pressure and lower rates. A complaint will be filed before the State Water Supply Commission next week.
Arrangements for the campaign were made at a meeting of the union in the Wormleysburg town hall on Wednesday evening. Attorney Arthur R. Kuple was engaged to conduct the fight. A committee from the union was appointed to secure money. On the committee are: J. Fred Hummel, of Wormleysburg, chairman; the Rev. A. G. Wolf, West Fairview; H. R. Rice, Lemoine; J. C. Germeyer, Camp Hill; George Wilson, New Cumberland, and J. J. Liphart, Midway.

JOINT HIGH SCHOOL FOR THREE TOWNS

Directors of Lemoine, Camp Hill and Wormleysburg Consider Institution

Lemoine, Pa., Dec. 1.—School directors of Lemoine, Camp Hill and Wormleysburg in joint session at the offices of Robert L. Myers in the Lemoine Trust Company Building on Wednesday evening, decided to have a plan for a joint high school for these districts drawn by an architect, and appointed a committee to secure figures on land, the building equipment, and other materials. The building will be erected to accommodate about 200 pupils.
This move was taken to investigate whether or not a building could be erected for the amount of money available in these three districts. Edward F. Baum, of Wormleysburg; L. F. Baker, of Lemoine, and E. O. Farde, of Camp Hill, compose the committee in charge. It is estimated that the Harrisburg Telegraph, Patriot and Star-Independent, of Harrisburg, were complimented on their good work during the publicity campaign prior to the election for the passage of the loans. A resolution, a copy of which will be sent to each of the three towns, was passed by the directors. Patriotic organizations, the West Shore Firemen's Union and High School Alumni Associations in the various towns were thanked for their cooperation.

DOCTOR SAVES A BLACKSMITH

Some time ago I was taken with kidney trouble which caused me to give up my work as blacksmith. I lost my appetite and could not sleep, from the dreadful pains that would come over me, from my kidneys. I was treated by a physician for about three months. He could not help me so finally he prescribed Dr. Kilmer's Swamp-Root. I started taking same and before I had finished taking the first bottle I began to eat and sleep better than I had in a long time. I continued to take same until I was entirely cured and took on considerable weight.
I am now back working at my trade again and never felt better in my life. I appreciate what Swamp-Root has done for me and will recommend it to anyone who suffers with their kidneys. When physicians fail to give relief and then prescribe Swamp-Root, they sure know of its merits. I am,
Very truly yours,
S. A. HALE,
Henrietta, N. Y.

STOREHOUSE BURNED

Waynesboro, Pa., Dec. 1.—A fire that might have proved disastrous to the business section broke out early yesterday morning in the storage house belonging to W. C. Ernst, baker, in East Main street. The building contained several tons of flour, hay, feed, etc., and in the stable were a horse and several vehicles. The horse was saved. The loss will be about \$1,500, on which there was but little insurance.

Coal Shortage In the East

Aside from the scarcity of labor at the mines and the shortage of cars there is another potent factor—the great increase in the demand for fuel.
One new munitions plant, that did not exist before the war, consumes 50,000 tons a month, and there are many others.
Is it a wonder there is a coal shortage in the east?
Better get your coal in for the winter—now.
