## When Eczema Burns and Itches Cuticura Soothes and Heals

If Cuticura did no more than soothe and heal eczemas, rashes, itchings and burnings, bringing speedy comfort to tortured, disfigured men, women and children it would be entitled to the highest praise. But it does more. By using the Soap exclusively for toilet purposes, allowing no other soap to touch your skin, you will in many cases prevent these distressing experiences. It is always a pleasure, not an effort, to use them, they are so pure and delicate. "I had eczema on my hands and around my finger nails for ten years. It started with a rough rash, and then my hands cracked open and would bleed, and it settled around my nails. My hands were much inflamed and swollen, and I had to have the nails removed. I lost many a night's rest. My hands were painful and burned, and to put them in water made them worse. "On reading a Cuticura Soap and Ointment advertisement I thought I would try them so I bought some, and I used three boxes of Cuticura Ointment and six cakes of Soap when my hands were healed." (Signed) Mrs. Josephine Thomas, 12 Middle St., Uniontown, Pa., March 31, 1916.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card: "Cuticura Dept. T. Boston." Sold throughout the world.

## Little Damage Caused by Sunday Afternoon Fires

Fire yesterday afternoon damaged the property owned by J. B. Reist, 118 and 120 Franklin street to the extent of \$150. The houses are occupied by Sara Witmer at 118, and John Dublin, 120. The fire was discovered on the roof of this dwelling and did slight damage before firemen arrived. Shortly after the companies arrived at the home of Miss Grace Hershey Second and Mohn streets. Two companies left the West Side blaze and went to the lower end of the borough. The first increase of ten per cent. establishment of Andrew Greenawald at Third and Mohn streets, damaged the wallpaper slightly.

## TO HOLD ANNUAL REUNION

Members of the Knights of Malta of Harrisburg, Middletown and Steelton and their families will attend the annual Malta reunion to be held in the rooms of the local command to-night. Grand Commander James P. Brady will make the address of the evening. Other features will be on a program for the entertainment of the guests.

## ORGANIZE NEW CLUB

A club of young girls, to be known as the A. M. K. Club, was organized at the home of Miss Grace Hershey Friday night. The officers follow: President, Miss Vera Hershey; secretary, Miss Agnes Mace; treasurer, Miss Jean Isenberg; and Miss Nora Mohler. The other members present were Miss Ethel Watson, Miss Pauline Callaghan and Miss Grace Hershey. Mr. and Mrs. Edward Hershey and M. B. Litch were guests.

of their holdings at figures which are being carefully guarded. The American Company was represented by James Lord, its president; B. Dawson Coleman, a director, and Frank Ritzel, its comptroller. These officials are the accredited representatives of the majority stockholders, who, some years ago, under the leadership of Arthur Brock, wrested from the controlling interest in the company from J. H. Sternbergh, of Reading.

## \$5,500,000 Paid

Schwab is reported to have fixed the amount of the capital stock, \$5,500,000, as the price of the entire holdings. By this purchase he will secure title to a modern twin bolt and nut manufacturing plant second to none in the country and will be able to abandon his contemplated erection of a \$3,000,000 bolt and nut plant in connection with his South Bethlehem works. The American plants also turn out large quantities of car forgings and car and railroad materials and include a new electrically operated steel mill. Speaking of the sale, Mr. Coleman said:

"The majority stockholders in the American Iron and Steel Manufacturing Company have, after considering for some time the advisability of disposing of their interests to one of the large steel companies or consolidating with such a concern, and negotiations are now under way looking to this result. The minority stockholders will participate on the same basis as the larger interests."

## Schwab Purchases May Mean Shorter P. R. R. Line Across the State

South Bethlehem, Pa., Dec. 4.—In connection with recent reports that the Pennsylvania Railroad is seeking an entrance to the Bethlehem Steel works and another outlet to New England through control of the Lehigh and New England Railroad, great interest has been aroused by the rumor that negotiations are under way for the purchase of the Thomas Iron Company by the Pennsylvania Steel Company recently acquired by Charles M. Schwab.

Pig iron exclusively is manufactured by the Thomas Iron Company, whose most valuable asset is the Ironport Railroad, a short line built many years ago eight miles west of Hokendauqua for the hauling the hematite ores. Along this line the largest of the cement mills of the Lehigh Valley are located. Around this line may center a big scheme for the further development and extension of the Pennsylvania Railroad system.

In this connection the revival of talk regarding the utilization of the old South Penn railroad, in South-Central Pennsylvania, started away back in the eighties by the Vanderbilts, is interesting. It is reported that Mr. Schwab's plans for the development of his Bethlehem Steel properties will result in making the South Penn railroad a new and more direct route for the Pennsylvania railroad from New York and Philadelphia to Pittsburgh. This much shorter route would be meant primarily for a freight line, but also would be available for fulfilling the Pennsylvania's dream for a shorter passenger route between Chicago and New York. This expansion program would also mean a new cross-state line with the Bethlehems and Steelton and the Schwab plants in an advantageous position on it. The plans as negotiations have progressed, the contemplated plan is to run a line starting at Dauphin or Duncannon, which latter point would necessitate the building of a new railroad across the Susquehanna river, through the Lykens Valley to Schuylkill county and then to a point near Tamaqua, where it would join the Lehigh and New England railroad. This plan contemplates the purchase of a half-interest or a bare majority of the latter railroad's stock. This line passes through Poughkeepsie and thence over the New Haven system.

## Award Contract For Annex to Sparrows Point Plant

Baltimore, Md., Dec. 4.—It was announced Saturday that Irwin & Leigh, contractors of Philadelphia, have been awarded a contract for the construction of the Bethlehem Steel Corporation at Sparrows Point. This sum is a part of the \$50,000,000 which Charles M. Schwab has promised to spend making Baltimore the biggest steel and shipbuilding center on the Atlantic seaboard, and as large as any in the United States. The improvements consist of an extension to the present gas-driven blowing house, the erection of another such building and also a gas-driven electric engine plant. Work on the structure will be started at once.

## BIG INCREASE IN ALL SCHWAB PLANTS

nances by April 1, which will mean the employment of several hundred more men. We want our employees to enjoy the prosperity with us." The increase effective December 16 is the second at the Steelton plant since Charles M. Schwab took over the old Pennsylvania Steel holdings and the third during the present year. The first increase of ten per cent. was given under the old Pennsylvania Steel regime on February 1. May 1, shortly after the Bethlehem interests bought in the control of the Steelton plant another ten per cent. raise was made. Now with the third increase the steel workers employed at the Steelton mills will be among the very highest paid in the country. Officials of the local plant did not state how many thousands of dollars a year the new increase will boost the company's payroll, but it will run into big figures, it is conceded.

The wage increase at the Central Iron & Steel plant shows the prosperous condition of the concern which has been in the hands of a receiver-ship.

EXPRESSMEN INCREASED Announcement was made to-day at the Harrisburg office of the American Express company that all local employees of the company received a 10 per cent. increase, effective November 1. A similar increase was given May 1.

## MYSTERIOUS O. O. IS UNDER ARREST

[Continued From First Page] of their savings, while the postal authorities are investigating alleged fraudulent use of the mails. In his statement he denied that he had played anything but an innocent role in the suit against Mr. Osborne and asserted that the marked likeness between his appearance and that of the New York attorney was responsible for the suit.

Wax told of the flirtation which led to his acquaintance with Miss Tanzer and of his later attentions to her including a trip to Plainfield, N. J., which is said to have directed the attention of federal officials to the case.

Look Strikingly Alike He insisted that he went to Mr. Osborne and told him of his acquaintance with the case in the hope that he might check the attorney of the stigma attached to the case, but because of the publicity given the suit decided it would be dangerous for him to remain in New York.

"Mr. Osborne and I look strikingly alike, although he is a much older man," Wax said. "In fact I put on his glasses and his wife laughed at the way it strengthened the resemblance. I am 36, Mr. Osborne must be more than 50."

Wax has been living in Chicago six months with a woman known as Mrs. Ida Dorothy Wax, to whom he says he is legally wedded. A part of last summer he spent in Wausau, Wis., where as Dr. Francis E. Burke, he is said to have been a social favorite. Until a few days ago he was employed here as head night porter in a downtown department store. Mrs. Wax asserted that she had known her husband only a little more than a year and that they were married a year ago, but declined to say where.

Wax is neatly tailored and he is said to speak French, German, Italian and Spanish. He talked freely of his connection with the Osborne case, but of little else, except his record as quartermaster sergeant in the Twenty-eighth United States infantry.

The police say that he had served two pententiary sentences, one at San Quentin, Cal., and one at Salem, Ore., both for swindling women. It is alleged that he had preyed on working women in moderate circumstances, scraping acquaintances usually by street flirtations. That the police say after he has worked on the credit of his promises of marriage, he obtains possession of their small savings and disappears.

Wax said he would waive extradition and W. G. Swain, a New York deputy post office inspector, prepared to accompany him to New York within a day or two. "Now that I'm caught, I want to clear the name of a reputable citizen," he said. "I want to be square with a man who had the reputation of being square."

the suburb, was made this afternoon by City Commissioner William H. Lynch and City Engineer M. B. Cowden. The water pipes which now supply the adjacent territory can probably be taken over without cost to the city as they will be useless; the sewer system is a different proposition and would cost Harrisburg in the neighborhood of \$10,000 to acquire. The question will likely be decided at Tuesday's meeting of the city commissioners.

## A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Look, Mother! Is tongue coated, breath feverish and stomach sour?

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."
