

### Peruna The Best Medicine I Have Ever Tried At Any Time

I Feel  
Well  
Never  
Felt  
Better  
Thanks  
To Peruna

Mrs. E. C. Everly, No. 2120 N. Fifth St., Philadelphia, Pa., says: "I feel well, never felt better, thanks for your attention and Peruna. I will be glad to do all I can in the way of advancing the sale of your valuable medicine. I do think Peruna the best medicine I have tried at any time. Since I began taking Peruna we have never been without it."  
Mrs. Ella Miskell, R. F. D. 2, Box 80, Scottsburg, Ind., writes: "I suffered for two years with catarrh in the head. I tried every known remedy, but gradually grew worse. After taking Peruna I am entirely well."  
Those who object to liquid medicines can now procure Peruna Tablets.

### WATER LINE MUST HAVE PROSPECTS

#### Commissioner Magee Gives Decision in Mt. Union Water Case

In an opinion dismissing a complaint filed by the borough of Mt. Union against the Mt. Union Water Company for failure to extend water mains to extensions recently placed upon the real estate market because of the industrial boom in that town Public Service Commissioner William A. Magee says that the attitude of the borough has been unreasonable. The commissioner contended that the construction of new dwellings was due to the industrial activity and not evidence of permanent growth and that the extensions asked would cost \$3,500.  
"If the respondent were compelled to extend its lines into every new plan of lots in which a temporary demand for a water supply exists not only would the existence of the company be imperiled to its owners, but to the detriment of the town as well and when the boom subsides, as it will in all probability, the temporarily increased revenue will have been extinguished and the substantial elements in the population will be called upon for increased rates to pay a return upon the overextended plant," writes Mr. Magee. "The best interest of a community dictates a gradual extension of its public utility facilities in accord with its real solid growth. The opinion suggests that the borough and the company get together on a plan to finance the extension."

The commission in another opinion by Mr. Magee orders the Marion Center Water Company to file a "compact and proper tariff containing reasonable rates and regulations" and to give notice. The decision was rendered in ruling against the company for shutting off domestic service of consumers who did not pay "fire plug" or "hose" rates and the rate system in force is sharply criticized in the opinion.

The Commission in an opinion handed down to-day by Commissioner Brecht refuses to approve the application for incorporation of the Pocono Telephone Company to construct and operate a line between Stroudsburg and Tannersville, Monroe county. The line, built by private parties in 1913 and operated as a partnership since, is about nine and a half miles long, but the decision contains a ruling with regard to competition. The Stroudsburg and Bushkill Telephone Company operates in the same neighborhood. The opinion says "If the incorporation of the proposed company were sanctioned by the Commission it would be an injustice to all interests concerned, since it would open the door to one more company to compete for its share of patronage in a territory already occupied and served by substantial and well established companies in active competition and abundantly able to take care of all the business that may offer."

Commissioner Alcorn has refused the application of the Edison Locomotive Company, Williamsport, for an order on the Philadelphia and Reading Railroad to construct and maintain a switch connection from a private side track of the company to the Reading tracks. The Reading answered that the alleged switch is a branch railroad and is for the purpose of connecting with the Catawissa Railroad. The supreme court held that the predecessor of the electric company had no right to construct a switch it had previously laid across a right of way of another company and ordered its removal. The Commission holds that it is without power to order the switch.

#### TYPHOID CAUSES DEATH

Millersburg, Pa., Dec. 5. — Miss Nora Shortess died at her home in Church street on Sunday night, aged 59 years, from a complication of diseases following typhoid fever, from which she had apparently recovered. She is survived by her mother, two brothers and a sister. She was a member of the Evangelical association. Funeral services will take place from her late home on Wednesday afternoon at 2 o'clock, in charge of the Rev. Mr. Eagle, of Elizabethville, assisted by the Rev. Mr. Skeath of the local Methodist Episcopal church. Burial in Oak Hill cemetery.

Brown, secretary; Miss Helen Markell, Harrisburg, a teacher at Enola; treasurer, M. M. Metzger, Carlisle; musical director, Prof. T. L. Gibson, Baltimore.

#### WAR VETERAN FOUND DEAD

Carlisle, Pa., Dec. 5. — John Weary, aged 77, captain of the Thirteenth Pennsylvania cavalry, and a life-long resident of this section, was found dead in bed shortly before noon yesterday. His death was due to heart trouble.

#### CELEBRATES 82ND BIRTHDAY

Marietta, Pa., Dec. 5. — Samuel Thuma, the oldest resident of West Marietta, and the last of the charter members of Waterford Council, No. 72, Order United American Mechanics, is 82 years old to-day.

#### Mr. Casey Broke His Nose

EDWARD J. CASEY, HARVARD

A broken nose for Eddie Casey, the Harvard football star, was the last souvenir of the eastern college football season of 1916. He received this injury in the annual game with Yale, a game in which Yale showed its superiority over Harvard for the first time in several years.

### SCENE FROM THE THRILLING DRAMA "THE GIRL HE COULDN'T BUY"

Although it isn't the fashion any more to make a stage hero of a bad man, a burglar has nevertheless been chosen as the hero of "The Girl He Couldn't Buy," the four-act comedy-melodrama by Sumner Nichols, which is to be the attraction at the Orpheum, Wednesday, matinee and night. And what's more, this burglar-hero prevails on the heroine to be his pal in a desperate "job"—his last and her first. But on this "job," it's a case of "circumstances alter cases," and even the most prudish theatergoer could not take exception to the incident.

### IMPERIAL BRITAIN BURTON HOLMES

#### Third of Five Lectures Given Last Evening to Delightful Audience

Those who attended the Burton Holmes Travelog last night at the Orpheum were given a rare treat indeed for "Imperial Britain," the subject for the evening was in truth a trip around the world touching every corner of the globe where Britain's rule and influence spreads. Starting with the mother country of Shakespeare, then the country of Burns and

Scott, then to Ireland. Then came a transcontinental flight from Halifax to Vancouver, thence across the Pacific and through all of the British possessions. Mr. Holmes' lecture for the evening was a far-reaching one covering many subjects upon which an entire lecture might be given. There was a better house last night for the lecture than there has been for the past two lectures, but Harrisburg owes it to Mr. Holmes and the local management to patronize these lectures in even larger numbers. Not dry "matter-of-fact" lectures these. Mr. Holmes' accelerated motion pictures provide an element of humor yet drive home the point he wishes to make, and too, he has a way of using some of our colloquialisms as captions for his pictures that brings forth many a laugh. Mr. Holmes' lectures are not alone entertaining; they are instructive to the highest degree. MAX ROBERTSON.

## The Aeolian Vocalion

"The new and greater Phonograph of natural tone"

The AEOLIAN-VOCALION is not the familiar phonograph that you have known for years — it is an instrument of vastly greater powers.

Tones of voice and instruments, this wonderful Vocalion revoices with the vibrant quality, the richness and depth, the roundness and sonority of the original.

Phonographic tone — the thin, mechanical tone which you have always associated with instruments of the talking machine type — is forgotten in the beauty and power of the natural tones brought from every record of this newest and greatest of phonographs.

And in tone-control, as well as in tone itself, the Vocalion is the pioneer in a revolutionary development.

The GraduoLa — an absolutely simple, yet well nigh perfectly effective expression device, enables you to play each record, measure by measure, exactly as you wish. The GraduoLa makes of the Vocalion a new musical instrument which you may play, guided and inspired by the art of the greatest musicians.

AN INVITATION: Come in, we invite you, and play the Vocalion yourself. Hear your favorite records as this instrument re-voices them. Let the instrument itself convey to you, as no words of ours can, its musical supremacy, its right to your serious consideration.

**\$5 will deliver any Aeolian-Vocalion to your home**
