THREE NOTABLES TO SPEAK HERE

(Continued From First Page)

Department of the Harrisburg Chamber of Commerce composed of Messrs. John F. Dapp, chairman; Joseph Wallazz, Robert H. Irons, G. F. Watt, C. W. Lynch, Quincy Bent, Edward Bailey and W. T. Hildrup, Jr. This committee will meet in the rooms of the Chamber at 4:30 o'clock this afternoon.

Cattell Noted Speaker Edward J. Cattell, who will address the Chamber's meeting in honor of the traveling men is known to almost every diner-out in Pennsylvania, as one of the most witty and inspiring speakers in the country. Mr. Cattell addressed the get-together meeting for the organization of the Philadelphia Chamber of Commerce which now has 5,000 members. Mr. Cattell sounded the keynote at Charles M. Schwab's recent \$10,000 dinner to the citizens of the Bethlehem.

Dr. Koo World Known Dr. Wellington Koo, the Chinese minister, whose coming to Harrisburg will be one of the greatest events of the Chamber's history, is one of the prominent figures in diplomatic circles at Washington. Dr. Koo is very much of an American in many ways, as he is one of the greatest graduates of Columbia University of New York. While in Columbia, Dr. Koo, was editor of the daily paper published for its 15,000 students and was head of its debating team. While head of Columbia debating team Dr. Koo defeated every important college in the East with which Columbia had debating contests. He is a young man of the early thirties.

Dr. Jeremiah Jenks, the government expert who organized the Republican system of government for China pronounced Dr. Koo to be the best expert on international law in the world to-day.

Dr. Jeremiah Jenks, the government expert who organized the Republican system of government for China pronounced Dr. Koo to be the best expert on international law in the world to-day.

MATCH WILLARD AND CARPENTIER

World's and French Champions to Mix in Ten-Round Bout in N. Y. Soon

New York, Dec. 5. — Georges Carpentier, heavy weight champion of France, and Jess Willard, world's champion, are virtually matched for a ten-round no decision bout to be fought in this city within the next two months. While the final signatures of the pugilists have not been secured the verbal consent of both heavyweights has been obtained and they are now waiting for the articles of agreement to be forwarded to them.

The sum of \$40,000 from the profits of the match is to go to a French war relief fund and it was on account of this arrangement that permission was obtained for the release of Carpentier from the French army.

Final contracts for the contest are expected to be signed by Promoter "Tex" Rickard within the next few days. The date and place of the bout has not been decided but the bouts will probably be staged in Madison Square Garden or a similar place.

The match has been in the making for several months and the correspondence and other arrangements, both domestic and foreign, for the promotion of the bout within a notch or two or international diplomacy, Carpentier, holder of the European heavyweight championship, has been serving with the French army since virtually the beginning of the war.

Rickard failed in all his early attempts to bring the French and American champions together. It was not until he enlisted the aid of the members of one of the French relief fund committees that the contest was made possible. Presently he brought to bear upon the proper officials in France and their consent obtained for Carpentier to leave the army and the country for about three months.

STANDARD OIL MAGNATE DIES

(Continued From First Page)

emation and transfusion was performed on the afternoon of November 29 by Dr. Edward Lindemann and Dr. George E. Brewer.

Following the operation Mr. Archbold showed increased strength and his physicians and members of his family appeared optimistic that the improvement would be permanent. His single habit of life might suggest constitution buoyed up the hope that he would recover. Throughout his illness Mr. Archbold retained his keen mentality and his strong determination to recover aided for a time the fight to bring him back to health.

Believed in Trust Idea

John D. Archbold was almost as closely identified with the history of the Standard Oil as John D. Rockefeller himself. Of the first nine trustees of the trust formed in 1882 he alone remained in this capacity until its dissolution in 1911 at the order of the United States Supreme Court, and it was he who was named to engineer the dissolution, after which he became president and director of the Standard Oil Company of New Jersey. He was the most active and aggressive fighter in the oil combine and invariably represented the Standard Oil on the numerous occasions in connection with the government suit to dissolve it.

John Dustin Archbold was born at Leesburg, Ohio, July 29, 1843, and was working in a country store at Salem, Ohio, when he heard of the wonderful oil regions in Western Pennsylvania where men were becoming rich over night. In 1864 he went to the oil fields and became a refiner and buyer at Titusville. He became the agent of a new company, the Acme Company, which proved to be an offshoot of the Rockefeller interests, and from that time, in 1875, until his death he was an associate of the Rockefellers.

Worth \$100,000,000

It has been estimated that his fortune, made almost entirely in oil and its byproducts, was nearly \$100,000,000. Mr. Archbold was one of the best informed of men in the details of the oil business in all its branches and he held, according to his own statement, that all the practices of the Standard Oil Company were honorable, and, he believed, in conformity to law.

"I stand unquestionably," he said in defending the trust idea, "for co-operative evolution. I believe that the large corporations of the present day represent more nearly this co-operation than any other system yet undertaken."

Although Mr. Archbold was not particularly conspicuous as a benefactor, he made many large gifts, including a sum of \$400,000 to Syracuse University in one lump, besides annual donations of smaller amounts. He was also a church member and a liberal contributor to religious work. He was married in 1870 to Miss Annie Mills, of Titusville, Pa., and maintained a beautiful estate at Cedar Cliff, Fairytown-on-Hudson, and a home at Southampton, Long Island.

Fears For Neutrality of the United States

JAMES M. BECK

In an address which has aroused much interest James M. Beck, former Assistant Attorney General of the United States, said he believed the war in Europe was the beginning of a titanic conflict. He said the world is likely to see a "seething caldron of international hatred for some decades and it would be difficult for the United States to keep out.

At Troup's Christmas Player-Pianos \$395 and \$455

EVERY home needs the complete piano that every one can play and there is no reason why every home should not have one this Christmas.

For those who want the best there can be no indecision, no other choice except the Angelus at \$585 to \$1050, for the Angelus

admittedly leads the world. But if the cost of an Angelus is beyond your reach— pay no more than \$395 or \$455.

For \$395 you can secure a Frances Bacon; for \$455 a Marshall & Wendell. In every way these instruments are

Equal to Any Player-Piano Sold Anywhere at \$600 or More

Buy one of these Player-Pianos now — for Christmas—at a lower price than you would pay elsewhere for an inferior instrument of unknown make. Have the security

of dealing with Troup's, the city's leading music house, and the satisfaction of knowing that your Xmas player-piano is fully guaranteed.

Doctor Says Crying Need Of The Woman Of Today Is More Iron In Her Blood

TO PUT STRENGTH IN HER NERVES AND COLOR IN HER CHEEKS.

Any woman who is Tired Easily, is Nervous or Irritable, or Looks Pale, Haggard And Worn Should Have Her Blood Examined for Iron Deficiency.

Administration of Pure Nuxated Iron in Clinical Tests Gives Most Astonishing Youthful Strength and Makes Women Look Years Younger.

"There can be no healthy, beautiful, rosy-cheeked woman without iron," says Dr. Ferdinand King, a New York physician and author. "In my recent talks to physicians on the grave and serious consequences of iron deficiency in the blood of American women, I have strongly emphasized the fact that doctors should prescribe more organic iron—pure nuxated iron—for their nervous, run-down, weak, haggard-looking women patients. Pale, thin, anemic women are pale, the flesh flabby, the muscles lack tone, the brain fags and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. The iron goes from the blood of women, the roses go from their cheeks.

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss.

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt. As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, grippe, consumption, kidney, liver, heart trouble, etc. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by a lack of iron in the blood.

"On account of the peculiar nature of women, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss. "Iron is also absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were all but unable to get up in the morning, and endurance and entirely rid them-

self of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate, or tincture of iron simply to save a few cents. The iron demanded by Mother Nature for the red coloring matter in the blood of her children is, alas! not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless.

"I have used Nuxated Iron widely in my own practice in most severe aggravated conditions with unfailing results. I have induced many other physicians to give it a trial, all of whom have given me most surprising reports in regard to its great power as a health and strength builder. "Many an athlete and prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena; while many another has gone down in inglorious defeat simply for the lack of iron."

Dr. Schuyler C. Jacques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice from any publication, as ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant physical weaknesses, nervous irritability, melancholy, indigestion, flabbiness, sagging muscles, etc., etc.—and in consequence of their weakness, and run-down condition they are so liable to contract serious and even fatal diseases, that I deem it my duty to give all such to take pure Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

Dr. Ferdinand King, New York physician and author, telling physicians that they should prescribe more organic iron—Nuxated Iron—for their patients— Says anaemia—iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American Woman.

Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only pure nuxated iron.

NOTE: Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the old iron tonics, it does not irritate the stomach, does not make the blood, nor does it injure the teeth, make them black, nor set the stomach on fire. On the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 50 per cent. or over in four weeks' time, provided they use no other iron. They also offer to refund your money if it does not at least double your strength and endurance in ten days. Nuxated Iron is dispensed in this city by Crook-Keller, G. A. Gargas, J. Nelson Clark and all good druggists.
