Strong Attractions

The management of the Independents is endeavoring to give basketball fans of this city the best attractions that can be booked and all the attractions have proved satisfactory. All the State League teams will play in this city and some of the Eastern League teams if the officials will permit the teams to play exhibition games. All players in the Trenton line-up in last Saturday's game are under contract with the Trenton Eastern League team with the exception of Harry Hough. Tome disappointed Manager Riley at the last minute and Riley at once got Hough, who holds a position in the Trenton post office, to come to Harrisburg so as not to disappoint local patrons.

approximately 18,000 men, together with 2 6guns.

Another Army Cut Off
In addition, however, the German War office reports the cutting off of the Rumanian forces which were operating in the Predeal and Altchanz pass regions along the Rumanian northern frontier. These troops were prevented from successfully retreating by the swift drive of the invaders to the south across the Ploechti-Bucharest railway line, which took them in the rear, and most of them already have been captured.

The situation north and east of Bucharest following the surrender of the capital has not yet been clarified by the official reports. Seemingly the Rumanians and such Russian troops as were adding them are still on the retreat northeastward, rapidly leaving the remainder of southeastern Wallachia in the hands of Field Marshal von Mackensen, and military commentators for the most part do not expect a stand to be made by the Rumanians before the line of the Buzeu river is reached.

Strong Defensive Line

This line virtually closes the neck of the province of Moldavia, running eastward from the Hungarian frontier to Galata, on the lower Danube near the Bessarabian border. It is regarded as a strong defensive line and one assily susceptible of reinforcement from Russian sources.

On the Franco-Belgian front the only recent operation of note has been
