Man, 75, Cutting New Set of Teeth

Charleston, W. Va., Dec. 8.—Peter Minor, seventy-five years old, a remarkable specimen of the mountaineer, is cutting a new set of teeth. During last Spring he hauled 150 rails a day and himself built 282 panels of seven-rail fences. He cleared five acres of new ground and rolled his own logs. He had all this in corn. At his mountain home, hid in the fastness, he scientifically cultivates flowers, having so many varieties that he has roses blooming all the year.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Doesn't Want Boy to Bathe in Winter

Kansas City, Dec. 8.—School shower baths are not popular with at least one Kansas City father. Witness the following note received by the teacher after one youngster had gone home, to tell them of his revels in the school bathroom.

"Dear Teacher—I don't want my boy to take any more shower baths. He's not used to taking a bath in winter. He always takes a bath in summer. And if my boy tells me that you made him take a bath he will never go to school again. I don't want him to get sick. I know some people who have caught diphtheria that way."

The school officials have not decided when the boy will have his second shower.

Drives Crumbling Ship Ashore to Save Wife

New York, Dec. 8.—Driving his fast-crumbing ship through the tremendous waves with every inch of canvas she could carry spread, and a hurricane blowing dead astern at a rate of close to one hundred miles an hour, Captain Welly Hartz, late master of the bark Albatross, won a thrilling race with death off the coast of Yucatan in October and saved his bride and crew of thirteen. To-day the Albatross is a wreck on the coast of Yucatan, and Captain Hartz and his pretty wife arrived here in the Ward liner Monterey. The crew is scattered, but the story of that flying trip before the wind, at the rate of 25 or 30 miles an hour, will not be forgotten by any of the fifteen participants.

The Albatross, a vessel about fifty years old, was purchased by Captain Hartz at Leghorn, Italy, last August. With his bride, the master embarked at once and set sail for Mobile to take on lumber.

On October 13 the hurricane struck the ship in the Gulf of Mexico and the battering of the waves proved too much. Pieces of the shell started to break off. Knowing that the only chance was to reach shore, the captain had every sail spread and headed before the wind.

There was no chance to slacken speed when breakers were sighted, but the masts were cut away and the falling spars and canvas caused the bark to list. As the ship plowed her way into the shallows, the captain, his wife and the crew were catapulted into the sea. The surf washed them ashore, and after a perilous and trying journey the party reached Progreso, Mexico.

Woman, Lashed to Mast. Washed Ashore in Storm

London, Dec. 8.—During a heavy gale off Bristol Channel in which valuable shipping was destroyed and houses along the coast were wrecked, a bark, the Tridonia, in the rigging of which was launched an unconscious woman, was washed up on the beach at Oxwich Point, Glamorgan.

Revived by a physician, the woman told the story of how her husband, the captain of the bark, and the crew were drowned in the storm. She said her husband carried her to the crossbeams on the foremast, the heavy sea tore the cabin loose and swept it over the side. She said she saw her husband, after he had lashed her to the mast, carried away with his crew on the crest of a sea.

New Treatment for Bronchitis, Asthma, Catarrh and Head Colds

Vick's "Vap-O-Rub" Salve Relieves by Inhalation and Absorption. No Dosing. No need to take internal medicines or habit forming drugs for these troubles. When Vick's "Vap-O-Rub" Salve is applied to the heat of the body, soothing, medicated vapors are released that are inhaled, all night long through the air passages to the lungs. In addition, Vick's is absorbed through the skin, relieving the tightness and soreness. Vick's can be applied over the throat and chest and covered with a warm flannel cloth—or a little put up the nostrils—or melt a little in a spoon and inhale the vapors arising. Also for Asthma and Hay Fever, rub Vick's well over the spinal column to relax the nervous tension. 25c, all night long through the air passages to 50c, or \$1.00.
