some years ago the movement for beautification of the school grounds got its start—when a public spirited citizen donated all the planting that would be needed to adorn one of the libuldings in his neighborhood.

And So the Garden Grew.

Not only did the boys and girls themselves appreciate the act, but the school authorities got heaps of appreciative letters from neighbors and from others who had had a chance to see for themselves. Incidentally there was always Mother Nature's loveliest lesson right under the eyes of the public and the great Teacher was ever at hand to give some first-hand instruction in the Great Mystery, to say nothing of color work and so on So the scheme is being carried out on a more wonderful scale at the city's two newest buildings.

As Far As He Likes.

Spacious grounds are a necessity of course, and both the Steele and the Shimmell buildings offer all sorts of chances for the gardened to go as far as he likes. So he's going pretty far.

CHILD GETS SICK CROSS, FEVERISH, IF CONSTIPATED

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for bables, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Figs." Syrup Company."

How to Peel Off a Weatherbeaten Face

It's really a simple matter to renovate a face solled by dirt, wind or cold. Ordinary mercolized wax, used like cold cream, will transform the worst old complexion into one of snowy whiteness and velvety softness. It literally peels off the outer vail of surface skin, but so gently, gradually, there's no discomfort. The wornout skin comes off, not in patches, but evenly, in tiny particles, leaving no evidence of the treatment. The younger, healthier underskin forming the new complexion is one of captivating loveliness. One ounce of mercolized wax, to be had at any drug store, is enough to remove any coarse, chapped, pimpled, freckled, faded or sallow skin. Apply before retiring, washing it off mornings.

Many skins wrnkle easily with every wind that blows. An excellent wrinkle-remover, because it tightens the skin and strengthens relaxed muscles, is a wash lotion made as follows: Powdered saxolite, 1 oz., dissolved in witch hazel, one-half pint. This gives immediate results.—Advertisement.

Don't Wait Until Your Skin Trouble Gets Chronic

Drive the Poison From Your System by Taking S. S. S. Now

Get it fixed in your mind that skin to make you well. Fifty years ago eruptions, Scrofula, Eczema, burning, itching skin, and nearly all skin diseases are due entirely to imp re and infected blood. If the trouble was on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even ointments, lotions and salves would be necessary. Be convinced of this and your trouble can be relieved—you can be entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a decided abatement of your trouble, and finally enable your blood.
