SECOND WEEK OF CAMPAIGN ENDS

Booster Meeting Tonight in the Stevens Memorial Church; 200 Children to Sing

The second week of one of the biggest evangelistic campaigns held in Harrisburg by a single church will close this evening when Dr. "Billy" LaMance will preach in Stevens Memorial Methodist Church at a big booster meeting.

Services during the campaign have been held every evening except Saturday, with a special series on Sunday. So far almost 15,000 people have heard Dr. LaMance attack sin and vice and also preach a number of "good old-fashioned sermons."

During the week Mrs. LaMance, who directs the singing, has been training almost 200 boys and girls in the booster chorus, and the children will sing for the first time to-night. Other music will be furnished by the campaign chorus including a number of members of the male chorus of the church. No services will be held tomorrow night.

Services on Sunday follow: Class meeting, 9:30 o'clock; morning service, 10:30, sermon by Dr. LaMance; Sunday school, 2 o'clock; men's mass meeting in Stevens Memorial Church at 3:30, when Dr. LaMance will speak on "Damaged Goods"; women's mass meeting at 3:30 o'clock in Derry Street United Brethren Church when Mrs. LaMance will speak; Christian Endeavor, 6:15 o'clock; evening service, 7:30 o'clock, sermon by Dr. LaMance, on "Hell."

The services as arranged for Sunday by the Rev. Dr. Clayton Albert Snucker, pastor of Stevens church, will open the third week of the campaign. At the men's meeting in the afternoon a special musical program will be given by the Sunday school orchestra and the male chorus. A special program is also being arranged for the evening service.

Evangelist LaMance spoke last night before a large audience in the church auditorium, on "The Second Coming of Christ." He chose for his text the parable of the ten virgins, and urged the people to get right with God. In part of his sermon the evangelist declared that too many theories have been advanced about eternity and the millennium while people are missing the big point in the lesson that they should repent of their sins.

IMPORTANT NOTICE!

Automatic Telephone System In Service Sunday!!

---TO ALL SUBSCRIBERS---

When you wake up Sunday morning, pick up your telephone receiver, and do not hear the sweet-voiced operator say "Number, Please?" you will know the Cumberland Valley Telephone Company of Pa. has "Cut Over" from the out-of-date manual to the ultra-modern AUTOMATIC system.

Then, instead of waiting patiently, as you have been accustomed to do—

"USE THE DIAL!"

and in a few seconds you will hear your party's bell ringing. Then all that stands between you and safe, secret telephone service is the moment until your party lifts his receiver and answers "Hello!"

HOW to USE the DIAL

First and always, — Take the receiver from the hook.

Second, — Put your finger in the hole over the first unit of the number to be called, and pull Dial around as far as it will go. Then take your finger away and repeat with each unit of the number.

Third, — You will distinctly hear your party's bell ringing. Or if the line is in use, you will hear the "busy buzz."

Fourth, — If you make a mistake, or wish immediately to make another call, hang up the receiver for about two seconds and dial again.

A Few Precautions

Do not call numbers in the old manual directory as all numbers have been changed.

If you have not received your NEW AUTOMATIC DIRECTORY through some oversight, then dial "In formation, 293" and you will be given the number you desire and a special messenger will bring you a directory.

Don't force the dial back; take your finger away and let it "run" back.

Be careful you are dialing the number you want, because you will always get the number you dial. There is no "wrong number nuisance" in the AUTOMATIC telephone system because of somebody else's mistake. The AUTOMATIC never misunderstands the number!

To Call the Suburbs

Steelton — Harrisburg and Steelton are merged under one list — the Greater Harrisburg directory.

Hummelstown — Dial 2311.

Marysville — Dial 2314.

Mechanicsburg — Dial 2316.

Tell the operator at the town you are calling whom you want and she will get your party.

To make a Long Distance call Dial "O" and tell the operator whom you want.

Just a Final Word

The installation of the Twentieth century telephone system — THE AUTOMATIC — has been the greatest electrical engineering achievement in the history of the city.

Our employes have been working night and day for six months to give you this up-to-the-minute service, the finest known to telephony.

Naturally, in the throes of such a tremendous task, something may have been overlooked. If it happens to hit you, Dial "Complaint Department, 292," or otherwise advise us at once.

From now on do not be tolerant of anything but perfect telephone service. And urge your friends to
