## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the use of Gorgas' method. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it is swollen and its normal function is lost. It is entirely closed, and the result is deafness. Gorgas' method is the only one that restores the tube to its normal condition, hearing is restored, and the patient is cured. F. J. Escape from Tooth Troubles

—by keeping your teeth REALLY CLEAN.

"But," you say, "I brush my teeth regularly, yet they decay." Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices. Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present. SENRECO, the formula of a dental specialist, keeps the teeth REALLY CLEAN. It embodies specially prepared soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea. Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay.
