UNITED HOTELS CO. TO OPERATE NEW HOTEL

they are operated; every one operated by the United Hotels Company is a great success. A majority of the Harrisburg people who travel extensively by rail or automobile have frequently used one or more of the United Hotels and know the high-class patronage that will be available to the patrons of the new Penn-Harris.

Center of Auto Travel The operation of the Penn-Harris Hotel, under the management now assumed, will make Harrisburg a greater automobile travel center than would be possible under any other operation. Frank A. Dudley and Frederick W. Rockwell, the heads of the United Hotels Company, are the pioneers in developing automobile travel in the Eastern States. In order to stimulate this travel through up-State New York and thereby give their hotels that sort of patronage these gentlemen created the well-known "Empire Tours" which have been responsible for thousands of out-of-State automobilists touring New York State.

apparent that the Penn-Harris will have more business given to it from the start and better class of operation than any other hotel in Pennsylvania outside of one in Philadelphia. The officers and directors of the Harrisburg Hotel Company are pleased that they have been able to lease the Penn-Harris to the United Hotels Company upon favorable terms. In fact, the directors feel that they have served their stockholders to the fullest extent possible, as the United Hotels Company is a much more responsible and worth-while concern than the average individual lessee of a hotel who can repudiate his obligation and turn the hotel back to the owner under embarrassing circumstances. Such an outcome will never be possible with such a great national organization as the United Hotels Company in charge of the Penn-Harris.

A CURE FOR BRONCHITIS

We Have Been Selling in Harrisburg for Many Years a Remedy We Guarantee.

Please read the following letter and we promise if you buy a bottle of Vinol from us and are the least bit dissatisfied, we will cheerfully return your money. Woodstock, Ill. "I suffered from bronchitis, had a very bad cough and tired all the time. It seemed almost impossible for me to go on with my work. I tried different remedies without benefit, also cough medicines, but my druggist recommended Vinol, and it gave me almost instant relief. Its continued use cured my bronchitis and built me up so that I feel like a different man." Charles Botts, The reason that cough syrups fail in such cases is because they are palliative only, while Vinol removes the cause, being a constitutional remedy in which are combined beef and cod liver peptones, iron and manganese peptones and glycerophosphates. It strengthens and revitalizes the entire system and assists nature to expel the disease. Our faith in Vinol is shown in the above offer. George A. Gorgas, Druggist, Kennedy's Medicine Store, 321 Market Street, C. F. Kramer, Third and Broad Streets; Kitzmiller's Pharmacy, 1323 Derry Street, Harrisburg. Also at the leading drug stores in all Pennsylvania towns.

PREMIER ILL; OTHER MEMBERS RECEIVE SEALS

Vigorous Prosecution of War, Chief Task

London, Dec. 11.—Premier Lloyd George has sent the following to members of the house of commons, it was announced officially to-day: "The king has entrusted me with the task of forming a government. I have carried out the command. I had hoped to make a statement to the house on Tuesday. I now find it to be impossible. On Tuesday I will move adjournment till Thursday."

"The one predominant task before the government is the vigorous prosecution of the war to a triumphant end. I feel confident the government can rely on your support as long as they devote their energies effectively to that end."

istration went to the palace at noon to-day, kissed the hands of the king and received their seals of office. The members of the cabinet, who are re-elected unless the house of commons passes a bill making this unnecessary, and the ministers who are members of neither house, for whom seats must be found, are taking over their offices and will conduct them as though all of the formalities had been complied with. These members, however, will not be able to appear before the house of commons to-morrow and it is expected the session will be a formal one. The statement concerning the government's policy, to be made by Mr. Lloyd George or Mr. Bonar Law in the house of commons and Lord Curzon in the house of lords, probably will be postponed until Thursday, when the vote of credit is moved.

Expect Strong Policy A strong policy in regard to control of shipping, mines, food and man power is looked for.

Former Premier Asquith and his followers will occupy opposition benches to the left of the speakers. The Independent Labor party, whose members are avowed peace advocates, also will cross to the opposition side, thus creating a visible split in the Labor party in opinion on current issues.

The Nationalist will decide their attitude at a meeting called for to-morrow. It is probable they will press the Irish claims with emphasis, demanding immediate changes in the Irish administration and the release of Irishmen arrested during the rebellion.

All Departmental Heads Required to Resign Before Formation of French Cabinet

Paris, Dec. 11.—Premier Briand was busy all day Sunday seeing not only politicians but prominent business men and manufacturers in view of the new combination, to facilitate which all ministers and under secretaries will hand in their resignations. In the meantime, according to the Matin, the organization of the new government command in the army, being an essentially administrative question, will not be settled until after the new government makes its bow in the chamber of de-

ties on Tuesday and is endorsed by a vote of confidence. "In addition to forming a war council of five ministers on the model of that in England," continues the Matin, Premier Briand has decided, in the interest of the economic organization of the country, to throw the old administrative machine into the melting pot and oblige all ministerial departments, hitherto concerned in superannuated methods, to get in line with the rest of the country, which is freely spending its blood and gold.

"In the course of conversation he had with prominent men on Saturday and Sunday Premier Briand announced that he intended to give a free hand to the ministers, under secretaries and directors forming part of the new ministry. The most absolute powers will be granted to them, and if it is found that the methods meet resistance or that certain habits are persistent, he reserves the right to further decrease and drastic measures taken. The composition of the new combination will clearly show the new spirit. It will be the most complete reconstruction, as will be seen when their names are published."
