R

New York, N. Y.—It is conservatively estimated that over five million people daily in this country alone are taking Nuxated Iron. Such astonishing results have been reported from its use both by doctors and laymen, that a number of well known physicians in various parts of the country have been asked to explain why they prescribe it so extensively, and why it apparently pro-duces so much better results than were obtained from the old forms of inorganic iron.

Extracts from some of the letters re-ceived are given below:

ceived are given below: Dr. King, a well known New York physician and author, says: "There can be no vigorous iron men without iron. Pallor means anaemia. Anaemia means iron deficiency. The skin of anaemic men and women is pale. The flesh flabby. The muscles lack tone, the brain fags and the memory fails and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from their cheeks. In the most common foods of Amer-

its effects. SEMPRE GIOVINE is not a cold cream and is produced by a skillful, scientific Laboratory process of solidifying oils which keep indefinitely in any climate. SEMPRE GIOVINE will produce satisfactory results if faithfully used. SEMPRE GIOVINE protects your skin against smoke, grit, dirt, hard water, changeable climatic conditions, etc., which have a

deleterious effect on the skin; the exposure to such independently and collectively has a tendency to take from the skin the natural oily secretions which feed and nourish the tissues. Where these conditions are allowed to continue the skin becomes dry and harsh, little wrinkles begin to form, together with blotches, pimples, etc., which are detrimental to a good complexion.

Ten Reasons Why You Should Use Sempre Giovine

Because SEMPRE GIOVINE is made of the purest materials obtainable, gathered from home and foreign markets.

Because SEMPRE GIOVINE will not injure the most delicate skin.

Because the cake form obviates the necessity of "finger dipping" from jars, combining convenience and economy.

Because SEMPRE GIOVINE is not a rouge, paint or cosmetic to hide blemishes and skin disorders, but a scientific combination of oils which assist nature in correcting and relieving unhealthy skin conditions - a natural aid to beauty.

Because SEMPRE GIOVINE refreshes and invigorates the skin.

Because a daily application of SEMPRE GIO-VINE is a hygienic method of cleansing the skin.

For Men

Because SEMPRE GIOVINE will not promote the growth of hair.

Because SEMPRE GIOVINE possesses valuable skin softening ingredients which bring to the surface the accumulation of dirt, impurities and waste matter, thus promoting a healthy skin of soft velvety texture.

Because SEMPRE GIOVINE is effective with or without massage; when used with massage there are no particles to drop about, as it is not a rolling cream.

Because SEMPRE GIOVINE is indispensable to the traveler and those who are fond of outdoor life. It restores the natural smoothness and softness to a dry, harsh, rough skin and immediately offsets the results of sunburn, chapping and drying winds.

SEMPRE GIOVINE finds itself in great favor. As an adjunct to the shave, this convenient cake. in a way, is as necessary as shaving soap. Many use it before applying the lather, as it has a ten-dency to soften the beard and ease the way for the razor; however this is optional. We do especially recommend that in place of toilet waters, astringent lotions, etc., that you use only SEM-PRE GIOVINE after shaving. First, wash off

the lather, dry the face thoroughly and apply the cake direct to the skin; allow it to remain for a few moments and wipe off with a dry towel, then apply talcum, if desired. There is no soap sting or razor hurt after a SEMPRE GIOVINE application. Your face feels as smooth as an infant's; it eliminates that pulling, drawing sensation which one invariably experiences after a shave.

ica, the starches, sugars, table syrups, candles, polished rice, white bread, soda, crackers, biscuits, macaroni, spag-hetti, tapicca, sugo, farina, degermin-ated cornmeal, no longer is iron to be found. Refining processes have re-moved the iron of Mother Earth from these impoverished fooda, and silly b methods of home cookery, by throwing down the waste pipe the water in which our vegetables are cooked is cresponsible for another grave iron loss.

loss. Therefore, if you wish to preserve your youthful vim and vigor to a ripe age, you must supply the iron deficiency in your food by using some form of organic iron just as you would use sait when your food has not enough sait.

salt. Dr. Sauer, a well known Boston phy-sician who has studied wilely in both this country and in prominent Euro-pean Medical institutions says: "As I have said a hundred times over, organic iron is the greatest of all strength builders. If peo-ple would only throw away patent medi-cines and nauseous concoctions and take simple Nuxated Iron, I am convinced that the lives of thousands of per-sons might be saved who now die every year from pneumonia, grippe, con-sumption, kidney liver and heart troubles, etc. The real and true cause which started their disenses was noth-ing more nor less than a weakened con-dition brought on by lack of iron in the blood."

Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was actonished to find him with a blood pressure of a boy of twenty and as full of vigor, vim and vitality as a young man; in fact a young man he really was notwithstanding his age. The se-cret, he said, was taking iron-nuxated iron has filled him with renewed life. At thirty he was in bad health; at forty six he was careworn and nearly all in-new at difty a miracle of vi-tality and his face becaming with the buoyancy of youth.

Iron is absolutely necessary to enable |

who wish quick-ly to increase their strength power and endurance will find it a most wonderful and ef-fective remedy"

Tron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely any good, you don't get the strength of what you eat, your food merely any good, you don't get the strength out of it, and as a consequence you be-out weak, pale and sickly looking, just like a plant trying to grow in a soll deficient in iron. If you are not strong or well you owe it to your-feed to make the following test: see how long you can work or how far you can walk without be on how far you can you have gained. I have seen you can you have gained to how you have you can you have far how the set of how you have atter in the blood of her children is yaas not that kind of iron. You was you have you have you have the how you have you have you charter how the may another has how how with iron before he went into the affrest have the how york city (clinic itad. Thave given Nuxated from a fai and prolonged trial I have been more have hele with the results and will And be obtained in the most will wonderful and et.
