ORPHEUM — Saturday, matinee and night, December 16—"The Million Dollar Doll" Monday evening, December 18—"La Belle France," with Burton Holmes. Tuesday, evening only, December 19—"Cyril Maude in Grumpy"

On next Saturday, matinee and night, Harvey D. Orr will offer the patrons of the Orpheum the merry musical comedy, "The Million Dollar Doll."

There are few stars or plays now before the American public that equal in popularity Cyril Maude's "Grumpy" and "Grumpy" and local theatergoers are to have an early opportunity of witnessing a performance of this splendid artist in his most famous role.

"Love and Hate," the powerful six-part Fox production, starring Bertha Kalich and Stuart Holmes, which was shown to large houses at the Colonial Theater yesterday, will be seen for the last time to-day.

With rosy singing and lots of comedy, to say nothing of the elaborate stage setting and costumes worn by the cast of the Majestic chorus girls, "The Cabaret Girl" ought to prove a popular attraction at the Majestic the first

half of this week. Miss Madelon Lear is seen as "Pauline," the cabaret girl, and is surrounded by a capable supporting company. Another attraction on the bill is Cecile Weston and company in an excellent singing and piano act. These charming girls possess an abundance of talent and score a hit at every performance. Completing the bill are: The Herbert-Germaine Trio, in a very good comedy acrobatic novelty; Montrose and Jean, presenting a comedy turn that is "different" from the usual run of comedy acts, and Jura, a pretty girl who displays marked ability on the violin.

Thomas H. Ince's great million-dollar picture sensation is the attraction at the Victoria for the entire week of the Victoria Today and the large crowds who witnessed the first two showings yesterday were more than lovers in their praises of this, the most stupendous play of the age. It is an established fact that "Civilization" has created more favorable comment than any play of its character ever attempted.

Ethel Leginska, the most noted woman pianist in the world, will appear at Chestnut Street Auditorium Thursday evening, December 14, on the same program with Paul Reimers, American concert soloist.

BURTON HOLMES HEARD LAST NIGHT

"German Fatherland" Given to Biggest House of Series of Travelogues

What was probably the largest house for any of the series of Burton Holmes Travelogues last night heard Mr. Holmes give his travelogue on "The German Fatherland."

Mr. Holmes' subjects are ever interesting, but last night's lecture was, if possible, a bit more delightful than any he has delivered here this season.

Combining the picturesque with the historical and the legendary, Mr. Holmes gave his audience a rare treat in this lecture. Particularly of interest was his part of the travelogue devoted to the Passion Play at Oberammergau. Intimate pictures of many of the leading actors, many of them shown in motion pictures, and a variety of "stills" in colored slides of the play itself brought to the audience a vivid and real intensity of the subject.

Mr. Holmes' next lecture on Monday night will deal with France and will be the closing number of his series of five travelogues given in this city.

Wilson Is Expected to Veto Literacy Bill

Washington, Dec. 12.—While the immigration bill passed by the House at the last session was meeting unexpected opposition in the Senate to-day, it became known definitely that President Wilson will veto the measure if it goes to the White House with the literacy test provision, one of its chief features.

Senator Works, of California, blocked action on the bill by giving notice that he reserved the right to demand a separate vote on a Senate committee amendment providing for the exclusion of Hindus and other Asiatics by prescribing geographical areas from which immigrants shall not be admitted without enumerating races. The amendment, recommended by the State Department after inquiries had been made by the Japanese government respecting provisions of the bill as it passed the House, eliminates all references to the Root-Takahira passport agreement regulating Japanese immigration.

Funds are being collected for the expenses of the parade which from present indications will be the best one ever held. A number of organizations have already announced that they are planning unique features never exhibited in the city before.

Advocate Salary Basis For All Evangelists

St. Louis, Mo., Dec. 12. — A salary basis for evangelists, instead of the present system of "part salary, part subscription systematically solicited, and part free-will offering," is urged by the commission of evangelism of the Federal Council of Churches, submitted to the quadrennial convention of the council at its final sessions here.

"The present system," says the report, "insures the evangelist an income far in excess of the earnings of equally gifted men in any other department of religious effort and gives an altogether hurtful prominence to the commercial side of evangelism."

FOR ALL COMPLEXION ILLS

If the skin be colorless, sallow, muddy, over-red, blotchy, chapped or freckled, nothing will so surely overcome the condition as ordinary mercurochrome. It literally takes off a bad complexion—absorbs the dead and near dead particles of surface skin, gently and gradually, causing no inconvenience at all. A new complexion is then in evidence, clear, spotless, delicately soft and beautiful. One ounce of this was procurable at any drug store, will rejuvenate even the worst complexion. It is used like cold cream.—Advertisement.
