Charlie Chaplin at the Regent

Charlie Chaplin has "put something over," vernacularly speaking in his new play, which will be shown exclusively at the Regent Theater to-day and to-morrow.

Chaplin grows more versatile with each new release. You have seen him in all sorts of situations. But this is his first opportunity to demonstrate his reality as a roller skater. He surely makes the most of it. A special children's show will be held from 10 a. m. till 12 m., Saturday.

The fun with Charlie and his comedy feet on skates may well be imagined. In this play Charlie is a waiter in a high-class restaurant, and what he doesn't succeed in finding in the way of trouble, isn't worth finding. Chaplin manages to get himself involved in a dozen difficult situations from which he extricates himself with his usual ingenuity. At one moment he appears to be cornered by an indignant husband, with whose wife he has been conducting a flagrant flirtation, but the next instant the indignant husband is hors du combat and the Chaplin star is once more in the ascendant.

The Great Broadway screen spectacle, "Civilization," which continues to draw large crowds at the Victoria Theater at the Victoria

Victoria Theater at the Victoria evening show, is something more than a mere movie, costing \$1,000,000, and comprising a calculated quantity of thrills—battles on land, sea and other horrors. This sort of thing is common enough in all conceptions on the screen. You get it served up to you with mechanical regularity by the film makers, just as if thrills and sensations were a measured daily diet.

Once, the producer of "Civilization," has passed beyond this embryonic stage of his work. He gives "Civiliza-

Eczema Wash Used in Hospitals

How many hospital patients have been soothed of their frightful itch, of the scorching pain of skin disease, by the famous D. D. D. Prescription for eczema, a soothing fluid, washed in by a nurse's hands.

A Supervising Nurse (name of nurse and institute on application), writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

Some of our best doctors are using D. D. D. right along in their regular practice.

Come to us and we will tell you more about this remarkable remedy, 25c, 50c and \$1.00. Your money back unless the first bottle relieves you. D. D. D. does keep your skin healthy. Ask about it.

Natural Historians Soar 'Way Up Among the Stars

Guided by H. B. Rumfill, of Philadelphia, a well-known astronomical lecturer, an interested audience of natural historians and their friends last evening enjoyed quite a trip among the nearby stars and planets and moons and the wide reaches of space outside—via a splendid series of pictures.

The lecture, like all the talks of this character that are arranged by the Natural History Society, was easily within the grasp of the layman who isn't entirely certain whether Venus is a planet or an "ad" name for a message cream. As one youthful listener confided to a chum, "even the low-brows could get it easy."

Boy of Twelve Joins Army to Avenge Father

Belluno, Italy, Dec. 15.—(By Mail)—Little 12-year-old Matteo Piana has avenged his soldier father, killed by an Austrian shell. He has shot to death an enemy captain at the price of two ugly wounds in his own head.

The spirit of the old vendetta seized Matteo when his father fell.

To Ward Off Winter Complexions

To keep the face smooth, white and beautiful, as well as to ward off winter quite so good as ordinary mercolized wax. Rough, chapped or discolored skin, inevitable in this weather, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax and latter being applied at bedtime and washed off mornings. Creams, powders and rouges, on the other hand, are apt to appear conspicuous at this season, because of alternating expansion and contraction of the skin, due to changing temperatures. You are advised to try this simple treatment. Get an ounce of mercolized wax at any drugstore and use like cold cream. This will help any skin at once, and in a week or so the complexion will look remarkably youthful and healthy.

Winds and flying dust often cause stinging and other contortions which make wrinkles. You can quickly get rid of every wrinkle, however produced, by using a harmless face bath made by dissolving one ounce powdered salicylate in one-half pint witch hazel. Advertisement.
