

WOMEN SO QUICK TO FIND AN INSULT

Is It a Lack of the Sense of Humor That Makes Them Ready to Take Offense?

By Dorothy Dix. Why do women take offense so much more easily than men? There is no use, my sisters, in raising an indignant howl of protest and saying that they don't. We all know that they do and that every woman bristles with feelings as a porcupine does with quills.

You cannot deal with a woman as you can with a man; you cannot talk to a woman as you can to a man, and on your life you dare not tell a woman the truth as you would a man. She always has to be handled with kid gloves, because, as the Homely old phrase goes, she takes offense where none was intended.

Which proposition closed the incident. This is by no means an isolated case. Nearly every woman has had something similar happen to her when she ventures to call a sister woman that something was awry with her attire.

WRINKLES DISAPPEAR SKIN SMOOTH

That's what every woman says who treats her wrinkled, faded, tired-looking skin with the marvelous Ust. This pure oil-skin food, brought here from old Egypt, where for centuries it has been used by that country's famous beauties, is positively guaranteed to banish wrinkles quickly, whether caused by advancing years, worry, work or exposure. It will restore the color and youthful smoothness to any complexion.

Don't neglect your looks, don't let your skin become sallow and old-looking. Go to your druggist to-day and order for 50 cents get a bottle of Ust. Apply nights before retiring and you will be surprised at the result. No other treatment is necessary. Ust will restore the color and youthful smoothness to any complexion.

For sale by Grogans, the Druggist, and dealers everywhere.

matter how bad the work is, and this being true, an employer not wishing to be put in the light of insulting a woman, finds it easier and pleasanter to dismiss a girl rather than point out to her the mistakes she makes, thus depriving the girl of the chance of correcting her shortcomings and learning to do her work properly.

Businessmen Have No Time to Soothe the Feelings of Women Employees. Happily this is not as bad as it used to be, and the great mission of the women's clubs has been to teach women to look at things from a broader standpoint than the purely personal. When women got so that she could have her resolution voted down without regarding every other woman who opposed her as a mortal enemy it marked a milestone in the progress of the sex.

Soldiers' Brides in Happy Tent Homes

El Paso, Tex., Dec. 15.—How to have a honeymoon and be a soldier, too, has been exemplified by two Detroit guardsmen, who have constructed khaki huts for their brides within 100 feet of the troopers' tents in the main camp here. The two girls have gone merrily to housekeeping in their army dovecoots, and apparently are as happy as any brides could be.

Post-War Trade Problems of U. S. to Be Discussed

New York, Dec. 15.—Believing that the many problems that have arisen in foreign trade merit the earnest consideration of American businessmen, James A. Farrell, chairman of the National Foreign Trade Council, has issued a call for the Fourth National Foreign Trade Convention, to be held at Pittsburgh, January 26-27. The convention will be held in co-operation with the commercial and industrial organizations of that city, through the Pittsburgh Foreign Trade Commission, and all Americans engaged in or desirous of entering overseas commerce are invited to participate "in a practical and constructive discussion of policies and practices necessary to meet keener competition which the United States may encounter in world markets after the war."

J. Pierpont Morgan Fined \$50 and Costs

Chicago, Ill., Dec. 15.—All the "nag" of the name of "J. Pierpont Morgan" and all the eloquence of the man who gave it when he called a wagon load of police to a saloon at Clark and Ohio streets Wednesday night, failed to move Judge Sullivan. "Mr. Morgan" was fined \$50 and costs, spend a second night in a cell, and to-day will be examined as to his sanity.
